Directors' Report

On behalf of the Board of Directors' I am pleased to present the Directors' Report for the third quarter of 2007.

The Bank continued its steady growth in this quarter as well, increasing the Deposit base by almost Rs. 2 billion (69 %), Advances by Rs. 1.3 billion (91%) and Investments by Rs. 1.3 billion (305%). Additionally, three new branches were added in the network taking it to 16. Another source of achievement was launch of our Investment Banking service, which in a short span of time has established ourselves as one of the leading providers of such service in the industry. We will insha Allah continue to strengthen our foothold in this initiative in the coming quarters. Expect some more news from us!

Some of the worth mentioning initiatives taken during the period under review were; establishing of Financial Advisory Unit to tap into Privatization and Project Finance business; putting in place a complete consumer banking team and acquisition of another 20 branches to take our network to 36 by the end of the year. This would be the fastest expansion by any Bank in the history of Pakistan. We were also quoted as a 'success story' by no one other than Novell Networks in deploying Integrated Linux Technology in Pakistan. The Bank expects to reap substantial benefits in terms of economy, efficiency and delivery from its IT infra-structure in the years to come. We also completed the acquisition of JS Finance, a registered Modarba Management Company with one operating Modarba and three permissions. This acquisition is the first step in our strategy of launching dedicated Modarbas as a fundamental part of the business.

In the coming quarter, the Bank will focus on getting the new branches operational without putting undue pressure on the bottom line. Due to political situation, we may face some delays in branch openings thereby passing on the benefits (not costs) to the coming year. This may necessitate temporarily slowing down deposit intake to keep the bottom line intact by increasing the Earning Assets to Deposits Ratio. We do not expect such a strategy to have any impact whatsoever on the business franchise or strategy of the Bank.

Lastly our gratitude to the State Bank of Pakistan for their understanding and support. We would also like to register our appreciation for the employees who have served with exemplary merit.

Hasan A. Bilgrami
President & CEO

They do not include all of the information required for full annual financial statements, and these interim condensed financial statements should be read in conjunction with the financial statements of the Bank for the year ended December 31, 2006.

3. BASIS OF PRESENTATION

- 3.1 These interim condensed consolidated financial statements have been prepared in accordance with requirement of International Accounting Standard (IAS) 34 "Interim Financial Reporting" and are being submitted to the share holders as required by section 237(7) of the Companies Ordinance, 1984.
- 3.2 The Bank provides financing mainly through shariah compliant financial products. Except for Murabaha and Musawamah transactions (which are accounted for under the Islamic Financial Accounting Standard - 1), the purchases, sales and rentals arising under these arrangements are not reflected in these interim condensed financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of rental / profit thereon.

4 BASIS OF MEASUREMENT

These interim condensed consolidated financial statements are prepared on the historical cost convention except for certain financial instruments which have been stated at fair value.

5 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted for the preparation of these interim condensed financial statements are the same as those applied in the preparation of the preceding annual financial statements of the Bank & its subsidiary respectively.

6 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Bank and JS Finance Limited. All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

6.1 Business combinations

Acquisitions of subsidiary is accounted for using the purchase method. The cost of the business combination is measured as the aggregate of the fair values (at the date of exchange) of assets given, liabilities incurred or assumed, and equity instruments issued by the Bank in exchange for control of the acquiree, plus any costs directly attributable to the business combination. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under IFRS 3 Business Combinations are recognised at their fair values at the acquisition date.

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised. If, after reassessment, the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities exceeds the cost of the business combination, the excess is recognised immediately in profit or loss.

6.2 Goodwill

Goodwill arising on the acquisition of a subsidiary or a jointly controlled entity represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary or jointly controlled entity recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated will be tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

7 DATE OF AUTHORISATION FOR ISSUE

These interim condensed consolidated financial statements were authorised for issue on October 22, 2007 by the Board of Directors of the Bank.
