BankIslami

Directors' Report

The Directors' of BankIslami Pakistan Limited are pleased to present the Second Annual Report and audited financial statements for the year ended December 31, 2005. The Bank has obtained Certificate of Commencement of Business from the State Bank of Pakistan and plans to start operations from April 2006.

Economic Outlook

The country during the year 2005 saw robust growth in all sectors despite the effects of the earthquake. The GDP growth rate of 8.4% for the fiscal year June 2005 was higher than 6.4% for the corresponding period. Although the performance during the year has been impressive, however increasing oil prices is a worry for the country. In addition the widening trade gap which has already surpassed the year end targets of 2006 would have a negative impact on the foreign exchange reserves and the value of the currency. However, increased remittances and foreign direct investment is mitigating the effect to some extent.

The banking sector in particular has shown substantial growth in all the key areas. Conventional banks are increasing their presence by increasing their network of branches. New Islamic banks are also in the pipeline and conventional banks are also increasing their focus on Islamic banking by opening Islamic banking branches. This on one hand would increase competition but on the other hand would give opportunity to investors to divert their business needs to Islamic banks.

After the successful launch of US Dollar sukuks in the international market, the Government of Pakistan is planning to launch Rupee sukuks for the local market, which would help in not only providing a liquidity instrument for the Islamic banks but would also help in developing a money market for all the players.

BankIslami's Initial Public Offering

BankIslami offered its shares to the general public during March 2006 and the response of the public was overwhelming and an amount of Rs. 3.5 billion was collected against the offer of Rs. 400 million which is almost 9 times of the amount offered. The response of overseas investors was also very encouraging and an amount of Rs. 356 million was collected against the reserved quota of Rs. 80 million.

BankIslami's Future

The Bank plans to open 12 branches by the year 2006 with presence in major cities of the country. This is in addition to some of the smart branches that we plan to set up. Our focus is on providing Shariah compliant services to our customers in the most efficient manner with special emphasis on technology. We are planning to launch the first ATM of the country with biometric option and are planning to be the first bank of the country to offer Internet banking from the start.

Auditors

The present auditors M/s Ford Rhodes Sidat Hyder & Co. Chartered Accountants, retire and being eligible, offer themselves for re-appointment. As required under the Code of Corporate Governance, the Audit Committee has recommended the appointment of M/s Ford Rhodes Sidat Hyder & Co. as auditors for the year ending December 31, 2006.

Acknowledgments

The Board acknowledges the support of the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan and the Karachi Stock Exchange in its launch. The Board also appreciates the efforts of the Shariah Supervisory Board and all the team members of the Bank who have played a vital role in the launch.

For and on Behalf of the Board
