BankIslami

Script and Calligrapher:

We opted for the Arabic script for its versatility and beauty. 'Khat-Sulus', a script which has graced the Islamic monuments from the sub-continent to Turkey and Arabia, including the two most sacred mosques. It stands for timeless traditions and values that Muslims in these regions have shared for centuries-trade & commerce included. Ustad Shafiq-uz-Zaman, the only person to do calligraphy in Masjid-e-Nabavi after 500 years, is behind crafting of the logo.

The Crescent:

A rising crescent in the traditional green encircles the motif and calligraphy. The crescent has deep associations, with the contemporary and modern Islam. In our logo, it stands for Shariah encompassing everything that we do at BankIslami.

Chairman's Review

I am pleased to present the Annual Report, as Chairman of the Board of Directors of BankIslami Pakistan Limited (the 'Bank' or 'BankIslami'), for the year 2020.

The year 2020 was a challenging year where global economy, including Pakistan, witnessed financial and health crises on the backdrop of Covid-19 outbreak. Due to this pandemic, our customers, staff and their family members were also affected. On behalf of the Board and the Management of the Bank, I convey my heartfelt condolences to the families who have lost their loved ones due to Covid-19. I would also like to extend my prayers to the ones who have been infected with Covid-19 and are presently undergoing treatment.

The swift measures taken by the Government of Pakistan (GoP) and State Bank of Pakistan (SBP) comprising implementation of smart-lockdowns, development of quarantine centers, reduction in policy rate and introduction of relief / refinance schemes helped in effectively suppressing the impact of pandemic on businesses and households. In response to the crises emanating from Covid-19, the Bank took effective and accelerated measures to provide uninterrupted and secured banking services while ensuring safety of our customers and wellbeing of our staff. The Bank actively pursued its affected customers to assist them in availing various financial assistance schemes introduced by SBP. In addition, the Bank also contributed towards the community by ensuring distribution of charity funds and donations to the affected segments of the society.

Despite prevailing challenges and uncertainties during the year, the Bank was able to take a leap forward. The Bank successfully completed the IPO of its Listed Additional Tier-1 Sukuk - 'Ehad Sukuk'. Total size of the Ehad Sukuk is Rs. 2 billion. It will support the growth of Bank's asset and deposit base on the back of strong Capital base. During the year, Deposits of the Bank grew by 23.2%, while total assets of the Bank rose by 19%. In order to improve its credit risk appetite, the Bank booked additional provisioning during the outgoing year. The profit after tax of the Bank for 2020 improved by 56.7%, Alhamdulillah.

Going forward, the Bank will continue with its pro-business and pro-tech strategy by placing emphasis towards escalation in trade business, enhancement in low cost CASA deposits, widening its corporate and consumer financing book, increasing its digital penetration through innovation and upgradation of technology to improve processes and service quality which will in-turn further empower our Bank in serving our customers and other stakeholders 'the right way'.

Year 2020 was a year of progression for those responsible for governance. Due to expiration of the stipulated three year term of the outgoing Board, elections of the Board were held on May 7, 2020. The new Board comprises of 4 independent directors including one female director, 3 non-executive directors and one executive director. The Board includes diversified professionals having expertise in the fields of economics, financial management, capital market, private equity, technology and secretarial practices. On behalf of the Board and Shareholders of the Bank, I would like to thank the outgoing members of the Board for their commitment and dedicated contribution towards the growth of the Bank.

BankIslami considers its human capital as its most valuable asset, hence we will continue to fortify and empower them as they are the main driver for the Bank's operational and business performance at all levels. The Board is sincerely thankful to them for their role in the growth of the Bank and enhancing its brand image.

I would like to take this opportunity to convey our deep appreciation to the State Bank of Pakistan, Ministry of Finance, the Securities & Exchange Commission of Pakistan and Pakistan Stock Exchange for their commitment and continuous support towards the growth of Islamic financial system.

I would also like to express my acknowledgement to our valuable customers, shareholders, members of the Shariah Supervisory Board and Board Members as well as employees of the Bank, who have built their trust in us and have supported the cause of BankIslami to promote Islamic Banking in Pakistan.

چیز مین کا جائزہ

میں بینک اسلامی پاکستان لمیٹڈ ("بینک" یا "بینک اسلامی") کے بورڈ آف ڈائریکٹرز کے چیز مین کی حیثیت سے سالانہ رپورٹ پیش کرتے ہوئے خوشی محسوس کر رہا ہوں۔

سال 2020 مشکلات پر مبنی سال تھا، جس میں COVID-19 وباء کے پھیلاؤ کے نتیجے میں پاکستان سمیت عالمی معیشت کو مالی اور صحت کے بحرانوں کا سامنا کرنا پڑا۔ اس وبائی بیماری کی وجہ سے ہمارے کسٹمرز، عملے اور ان کے کنبہ کے افراد بھی متاثر ہوئے۔ میں، بورڈ اور بینک کی انتظامیہ کی جانب سے ان تمام خاندانوں سے دلی تعزیت کا اظہار کرتا ہوں جو COVID-19 کی وجہ سے اپنے پیاروں کو کھو چکے ہیں۔ میں ان لوگوں کی صحت یابی کے لیے بھی دعا گو ہوں جو COVID-19 سے متاثر ہوئے اور اس وقت زیر علاج ہیں۔

حکومت پاکستان (GoP) اور اسٹیٹ بینک آف پاکستان (SBP) کی جانب سے لاک ڈاؤن کے اطلاق، قرنطینہ مراکز کا قیام، پالیسی کی شرح میں کمی اور ریلیف رری فنڈس اسکیموں کے آغاز پر مشتمل تیزی سے کئے جانے والے اقدامات کے ذریعے اس وبائی مرض کے اثرات کو کاروباری افراد اور گھرانوں کی جانب منتقل ہونے اور انہیں بچانے کے لیے مؤثر طریقے سے قابو کیا گیا۔ COVID-19 سے پیدا ہونے والی بحران کی صورتحال میں، بینک نے اپنے صارفین اور عملے کی خیر و عافیت کو یقینی بناتے ہوئے، بلا تھقل اور محفوظ بینکاری کی خدمات کی فراہمی کے لیے مؤثر اور تیز تر اقدامات کئے۔ بینک نے اسٹیٹ بینک آف پاکستان کی جانب سے متعارف کرائی گئی مختلف مالی معاونت کی اسکیموں سے فائدہ اٹھانے کے خواہشمند اپنے متاثرہ صارفین کی فعال انداز میں مدد کی۔ اس کے علاوہ، بینک نے معاشرے کے متاثرہ طبقات تک خیراتی فنڈ اور عطیات کی تقسیم کو یقینی بنانے کے حوالے سے بھی اپنا کردار ادا کیا۔

اس سال کے دوران موجودہ مسائل و مشکلات اور غیر یقینی صورتحال کے باوجود، بینک ایک جست لگانے میں کامیاب رہا۔ بینک نے کامیابی کے ساتھ اپنے لپٹڈ اضافی مرحلہ-1 صکوک - "عہد صکوک" کا آئی پی او مکمل کر لیا۔ عہد صکوک کا مجموعی حجم 2 بلین روپے ہے۔ یہ مستحکم سرمائے کی معاونت سے بینک کی بیلنس شیٹ کی نمور بڑھوتری کو سہارا فراہم کرے گا۔ ایک سال کے دوران بینک کے ذخائر میں 23.2 فیصد کا اضافہ ہوا، جبکہ بینک کے مجموعی اثاثوں میں 18.8 فیصد کا اضافہ ہوا۔ اپنے کریڈٹ رسک کو بہتر بنانے کے لیے بینک نے رخصت ہونے والے سال کے دوران اضافی فراہمی بک کر لی۔ سال 2020 میں بعد از محصل منافع 56.7 فیصد تک بہتر ہوا۔ الحمد للہ

اس پیش رفت کے ساتھ بینک، تجارتی امور میں اضافے کی طرف زور دیتے ہوئے کاروباری اور ٹیکنیکی حمایت، کم لاگت CASA کے ذخائر میں اضافہ، اپنی کارپوریٹ اور کنزرویٹو منڈی بک میں وسعت، طریقہ کار اور خدمات کے معیار کو بہتر بنانے کے لیے جدت اور اپ گریڈیشن کے ذریعے ڈیجیٹل شعبے میں اپنی شمولیت میں اضافے کی اس حکمت عملی کے ساتھ کام جاری رکھے گا، جس کے نتیجے میں ہمارے بینک کو اپنے صارفین اور دیگر اسٹیک ہولڈرز کی درست انداز میں خدمت کے لیے مزید تقویت ملے گی۔

Macroeconomic Overview & Business Outlook

Macroeconomic overview

Past

FY20 was a challenging year for Pakistan where its GDP witnessed negative growth of 0.4% which was a first in decades, reflecting impact of lockdown on account of Covid-19 and monetary & fiscal tightening measures taken prior to the outbreak. The containment measures resulted in reduction in domestic supply & demand and curbing consumer expenditure, affecting both manufacturing and service sectors. Exports and imports also contracted due to weakening global trade and domestic demand. In contrast, Government consumption rose, reflecting the rollout of stimulus package with reduction in policy rate by 625 bps to withstand the effects of the pandemic.

Present

As lockdown measures have now been relaxed, economic activity of Pakistan has started to recover. Current account in FY 21 Q1 recorded its first quarterly surplus in more than five years. The cumulative current account till December reached a surplus of \$1.1 Bn against a deficit of \$2 Bn during the same period last year, largely attributable to improvement in the trade balance, record remittances and supportive policy measures taken by the Government and SBP. Likewise, FX reserves have improved to \$20.54 Bn in Dec'20 as opposed to \$18.9 Bn in Jun'20 resulting in strengthening of rupee against dollar with a current exchange rate of Rs. 159.8 / USD from Rs. 168 / USD in June 2020. Year on year inflation is also down from 12.6% in Dec' 19 to 8% in Dec' 20.

Recent data with SBP has indicated that revenues from FMCGs have rebounded in FY21, whereas average sales volumes of oil segment, automobiles and cements have significantly improved. Under the manufacturing segment, textiles, food and beverages, paper and board, pharmaceuticals, chemicals, fertilizer and rubber products have also depicted improved volumes. In agriculture, expected decline in cotton production is likely to be offset by growth in other major crops and higher wheat production due to the rise in support prices and recently announced subsidies on fertilizers and pesticides. Moreover, wholesale and retail trade and transportation are expected to benefit from positive impacts ensuing from other segments. Large Scale manufacturing sector has grown by 7.4% till Nov'20 against a decline of 5.3% during the same period last year. However, overall manufacturing activity still remained below the levels that were achieved in FY19, highlighting the need to work on spare capacity in the economy. Correspondingly, loans to private sector has improved by Rs. 330 Bn from the level of Rs. 5,966 Bn in Jun'20 during six months, driven by rise in Consumer and Corporate loans on the back of SBP's refinance facilities. Working capital loans have also inched up by Rs. 24 Bn during Oct'20 – Nov'20, post Covid-19 lockdown period, although their level remains lower than last year.

Future

Pakistan's GDP has been projected to grow by 2% during FY21 (Jul 20 – Jun 21). Average inflation is expected to remain in the range of 7.0% to 9.0% in FY21 from the level of 10.7% in FY20. With anticipated rise in imports, in FY21, the current account deficit is expected to widen to 2.4% of GDP from 1.1% in FY20. However, since there has been resurgence in Covid-19 cases during post lockdown period, significant uncertainty still remains on how the second wave of this pandemic will shape up our economic prospects. In a bid to control the spike in Covid-19 cases, the National Command and Operations Center (NCOC) of Pakistan had directed public and private companies to implement a 50% 'work from home' policy. Timely availability of vaccines to masses, implementation of SoPs to prevent coronavirus and effective implementation of IMF structural reforms will be critical for achieving macro level stability.

Banking Industry Outlook

Amidst challenging macroeconomic environment, banking sector of Pakistan witnessed impressive growth during 2020. Deposits grew by 22.2% while financing was slightly up by 4% on account of economic slowdown witnessed during second and third quarters of the calendar year. As a result, increase in liquidity was diverted towards investments which witnessed a growth of 31.3%. Due to hike in credit risk emanating from high discount rates during 3Q'19 to 1Q'20 and outbreak of Covid-19 pandemic during 2Q'20, total banking sector NPL and infection ratio have increased to Rs. 853 Bn and 10.5% in Sept' 20 from Rs. 761 Bn and 9.3% in Dec' 19, respectively. It is pertinent to mention that the augmentation in delinquencies occurred despite deferment related relaxations granted by SBP.

On the profitability side, banking industry posted impressive growth during 9M'20. The apex authority has so far reduced their policy rate by 625 bps to 7% during CY'20 to stimulate the leverage segments of the country. Consequently, net spreads and profitability of banks are expected to shrink significantly from 4Q'20 onwards, on account of downward adjustment on the pricing of asset side. Conventional banks that bought fixed rate bonds during CY'19 might get lesser effect on their spreads. This trend of downward adjustment on spreads is expected to continue in CY'21 as well as market participants are not expecting major increase in policy rate. Uncertainty over the actual NPL position will clear out by June 30, 2021 by when the principal and/or profit deferments are expected to expire. On the capital adequacy end, majority of banking companies are expected to remain compliant as the regulator has also reduced the minimum capital adequacy ratio requirement from 12.5% to 11.5% to allow banks to absorb expected increase in credit risk.

To further enhance the capital base of the Bank and strengthen the risk absorption capacity, the Bank completed the issuance of Pakistan's first ever Listed Islamic Additional Tier-I Capital Sukuk (ADT-1 Sukuk). The total issue size of this ADT-1 Sukuk is Rs. 2 Bn and the issuance of instrument was completed on April 21, 2020. The Sukuk was subscribed by more than 190 institutional and retail investors. The trading of this Sukuk commenced on May 15, 2020 at Pakistan Stock Exchange (PSX).

In line with the decision of Board of Directors of the Bank, as also announced on PSX on April 25, 2019, the Bank is in the process of divesting its shareholdings in two of its subsidiaries. During the outgoing year, the Bank, after going through detail process of evaluation, was successful in identifying the intended buyers for these assets for which Share Purchase Agreements have also been signed. As a result, the respective intended buyers have made advance payment to the tune of 25% of the sale consideration. At present, the Bank and the intended buyers are in the process of completing regulatory approvals and formalities. The management of the Bank expects the sale to complete in the year 2021.

BankIslami, despite challenges emanating from Covid-19 and ensuing slowdown in economy, depicted robust growth of 23.2% in deposits during the year 2020 on the back of its strategy to expand its customer base through acquisition of new to bank customers and promoting growth in core CASA deposits (excluding FI Deposits) through aggressive feet on street sales and marketing. As a result, core CASA deposits of the Bank impressively grew by 32.9% from Rs. 128.8 Bn in FY'19 to Rs. 171.2 Bn in FY'20. Similarly, BankIslami's overall CASA mix also widened to 63.5% in Dec'20 from 59.7% in Dec'19. To adapt the current challenging economic scenario along with SBP's accommodative monetary policy stance, the Bank will continue with its current strategy to garner its CASA deposits base so as to generate stable net revenue stream. Moreover, the Bank will also focus on capturing sticky deposits via cross-selling through its other business desks i.e. Trade Finance, Cash Management and SME.

In-line with growth in Deposits, total earning assets of the Bank have likewise increased with majority of the funds channeled towards GoP backed Sukuk and FX Placements. Consequently, Investments and FI Placements book of the Bank improved by 72.6% and 20.5%, respectively. On the contrary, Islamic Financing witnessed downtick of 1.2% as the Bank was de-risking on credit expansion during 2Q'20 and 3Q'20 on account of economic uncertainty, slowdown in industrial growth and stalled trade finance activity. However, as the demand for industrial goods and consumer financing improved during the post-lockdown period, the Bank cautiously started building its financing books during 4Q'20. Keeping in view the improving economic indicators and efforts being made by Government and SBP to enhance private sector lending, the Bank foresees growth in its Islamic Financing book. Therefore, the Bank will remain keen on increasing its exposure towards rated Corporate clients, Public sector entities, Government backed Investments, Consumer Auto Finance, Low Cost Housing Schemes, Agri Financing and FI placements.

To enhance the risk absorption capacity of the Bank and inhibit prevailing challenges, certain subjective classifications and provisions were booked against potential losses during the outgoing year, giving rise to infected stock of the Bank. As a result, delinquency ratio of the Bank increased to 12.06% as compared to 10.63% in December 2019, while coverage ratio remained unchanged at an adequate level of 82.7%. In addition to the above, the Bank during FY'20, also booked additional general provision of Rs. 450 Mn on prudent basis to shield itself against potential counter party risk.

Net Assets of the Bank as at December 31, 2020 stood at Rs. 19.9 Bn, up by 1% from Rs. 19.7 Bn reported during the corresponding year end. The increase was mainly attributable to increase in accumulated profits, however the same was curtailed by decline in surplus on investments pertaining to Pakistan Energy Sukuk due to decline in its market value.

Owing to increase in average earning assets, Bank's top line grew by 8.9%, while on the other hand profit expense rose by just 3.1% on account of improved CASA Mix, resulting in increase of 15.8% in net spreads of the Bank. Bank's non-funded income excluding capital gains depicted impressive growth of 43.2% as a result of (i) improved FX income on the back of increase in trade volumes, (ii) increase in fee earned through ADC services, and (iii) enhanced Investment Banking and FI desk related activities. On the contrary, gain on sale of securities reduced by 63.3% due to one-off capital gains booked last year through sale of Pakistan Energy Sukuk-1 on attractive pricing which was available for a limited window only due to lack of availability of high yielding Shariah Compliant Sukuk during 2019. While, operating expenses of the Bank rose by 11%, cost to income ratio of the Bank clocked at almost the same level of 62% as compared to year 2019. As overall banking spreads have started to shrink from 4Q'20 onwards, cost to income ratio of banks across the industry are expected to deteriorate in FY'21. Going forward, wastage control and investment in value addition, technological enhancement and business growth will remain our focal point to maintain our profitability indicators.

Total administrative expenses of the Bank augmented by 12.4% majorly on account of (i) inflationary adjustments on staff and non-staff costs, (ii) increase in employee compensation due to ensuing full year cost impact of induction of human resource on vital and vacant position during second half of 2019, (iii) increase in outlays related to business growth, and (iv) spending towards technological advancements & information security infrastructure of the Bank.

Concurrent to increase in net spreads, growth in asset base of the Bank and stable cost to income ratio, operating profits of BankIslami registered growth of 15.8%. As stated above, considering external challenges arising due to current macro-economic scenario and following prudent approach, the Bank during FY'20 booked subjective provisioning of Rs. 1.3 Bn and additional general provisioning to the tune of Rs. 450 Mn against potential infection in asset portfolio. Despite additional provisioning, BankIslami posted a profit after tax of Rs. 1,703 Mn for the year ended December 31, 2020 which is 56.7% better than profit after tax of Rs. 1,087 Mn for the year 2019, *Alhamdulillah*.

- جامع انداز میں عدم استحکام کی تشخیص اور رسائی کی جانچ

انٹرنل رسک مینجمنٹ (ERM)

ERM ٹیم نے تجارتی صارفین کی رسک پروفائلنگ کے لیے ایک نیا ماڈل تیار کیا ہے۔ یہ ماڈل تجارت سے متعلق صارفین کی مؤثر انداز میں نگرانی کرنے میں بینک کی مدد کرے گا۔ تاکہ بینک اسٹیٹ بینک آف پاکستان کے تجارت پر مبنی منی لانڈرنگ کے رہنما اصولوں پر عمل درآمد کر سکے۔ مزید یہ کہ ERM ڈپارٹمنٹ نے غیر ملکی کرنسی کی نقد رقم کی مؤثر نگرانی کے لیے ایک نیا ماڈل نافذ کیا ہے۔ اس عمل سے بینک کو غیر ملکی کرنسی نقد صورت میں لے جانے سے بچنے کا موقع ملا ہے نیز اس کے ذریعے بینک کی مجموعی آمدنی میں اضافہ ہوتا ہے۔

شرعیہ

وبائی مرض کے دوران بزنس ٹیمز اور کلائنٹس کو سہولت بہم فراہم کرنے کی غرض سے، شرعیہ ڈپارٹمنٹ کی جانب سے COVID-19 کے اثرات کو کم کرنے کے لیے معائنہ کے دوران جسمانی موجودگی کی چھوٹ اور انضباطی رعایت کے اطلاق سے متعلق رہنماء اصول جاری کئے گئے، جس نے بزنس ٹیمز کو اپنے صارفین کو شرعی لحاظ سے ان کی ضرورت کے مطابق، خاص طور پر فنائنگ کی سہولیات کی تشکیل نو/تنظیم نو کے حوالے سے آسان اور سہل انداز میں حل (سلوشنز) کی فراہمی میں معاونت کی۔

ترسیلات زر اور بینکا تکافل

دنیا بھر کے ملکوں کی جانب سے COVID-19 لاک ڈاؤن میں نرمی کرنے کے بعد سمندر پار (بیرون ملک) کام کرنے والے افراد اپنے گھروں پر پیسے بھیجنے کے قابل ہو گئے تھے، جس کی وجہ سے مالی سال 2019-20 میں پاکستان میں ترسیلات زر کا بھاء 23.1 بلین ڈالر کی مجموعی حد تک پہنچ گیا۔ اس رجحان کے بعد، بینک اسلامی اپنے ترسیلات زر کے بھاء، لین دین (ٹرانزیکشنز) اور آمدنی کی سطح کو بالترتیب 82%، 51% اور 42% تک بڑھانے کے قابل ہو گیا۔

سال 2020 میں بینکا تکافل نے بینک کی آمدن کو 21% تک بڑھانے کے ساتھ 250 ملین روپے کا فروخت کا حجم حاصل کیا ہے۔ اس کے علاوہ بینک نے اپنی شاخوں کے ذریعے بینکا تکافل پروڈکٹس کی فروخت کے لیے ریفرل ماڈل متعارف کرنے کے لیے ای ایف یو ایف (وٹو تکافل) کے ساتھ شراکت داری بھی کی ہے۔

ایگری فنانس

خریف کی اہم ترین فصل (علاوہ کپاس) کے متوقع پیداواری اہداف سے بھی زیادہ ہونے کی وجہ سے زراعت کے شعبے نے حوصلہ افزا نمونہ بڑھوتری کا مظاہرہ کیا۔ ہمارا پورٹ فولیو فصلوں کی نمونہ بڑھوتری، موسیخوں کے لئے فارم، مچھلی کے لئے فارم، ٹریکٹر اور دیگر ساز و سامان سے متعلق فنانسنگ پر مشتمل ہے۔ بینک نے کاشتکاروں کو ورکنگ کیپٹل، مقررہ سرمایہ کاری اور کمرشل برنس وہیکل کی خریداری کے حوالے سے فنانسنگ کے حصول کے لیے سہولت فراہم کرنے کی غرض سے لائیو اسٹاک فنانسنگ کی منظوری دے دی ہے۔ گودام کی رسید فنانس کو کمپنی کے کاشتکاروں، بالخصوص چھوٹے کاشتکاروں کی مدد کے لیے متعارف کرایا گیا تھا تاکہ وہ مارکیٹ کے استحصال سے بچ سکیں اور اپنی کاشت کی گئی فصل کو اچھی ساکھ کی فیڈملوں میں اپنی کٹائی کا ذخیرہ کر کے پیداوار کی بہتر قیمت وصول کریں۔ ہماری ایگری فنانس ٹیم نے اپنے عملے کو تربیت دینے کے لیے فعال انداز میں کام کیا اور کاشتکاروں کی تعلیم معلومات کے لیے سندھ اور پنجاب کے دیہی علاقوں رگاؤں کے کھیتوں میں شریعہ ٹیم کے ساتھ مل کر آگہی کے مختلف پروگرامز کا انعقاد کیا۔ سال 2021 کی جانب پیش قدمی کے ساتھ محکمہ ایگری فنانس، چھوٹے کاشتکاروں کو وزیراعظم کامیاب جوان پروگرام کے تحت، اخوت کے ذریعے رعایتی نرخوں پر ٹریکٹر فنانسنگ کی سہولت متعارف کراتے ہوئے زرعی شعبے میں نمونہ بڑھادے گا۔ مزید برآں، کاشتکاروں کی سہولت کے لیے ویلوجین فنانسنگ، اچھی ساکھ کی حامل شوگر ملوں اور دیگر زرعی پروسیسنگ یونٹس کے ذریعے بھی متعارف کرائی جائے گی۔ بینک نے پولٹری اور ڈیری کے شعبوں میں فنانسنگ کی ضرورت کو پورا کرنے کے لیے اسلامی لائیو اسٹاک پراڈکٹ کو بھی منظوری دے دی ہے۔

کنز یومر فنانس

COVID-19 اور پورے بورڈ بالخصوص کنز یومر فنانس کنسٹمز پراس کے منسلک مالی اثرات کے ساتھ، سال 2020 ایک مشکل سال ثابت ہوا ہے۔ ان مشکل حالات میں بھی آٹو فنانس ٹیم، 525 یونٹس کے عوض 1 بلین روپے سے زائد کی تقسیم کے ذریعے ماہ ستمبر میں 1 بلین کلب کی رکن بن گئی ہے۔ آٹو فنانس کے شعبے کو مزید تقویت دینے کے لیے آٹو فنانس کی ٹیم نے آٹو فنانس کو کنسٹمر کی پہنچ میں لانے کے لیے انڈس موٹر کمپنی کے ساتھ شراکت داری میں اپنی "ریزیڈیول ویلیو" کے حوالے سے ایک مہم کا آغاز کیا۔ مزید یہ کہ بینک نے ہنڈا، Audi اور KIA کے ساتھ بھی اپنی شراکت کی تجدید کی۔ مزید برآں، رخصت ہونے والے سال کے دوران مسلح افواج اور طبی عملے کے لیے بھی خصوصی رعایتی مہم متعارف کرائی گئیں۔ اسی طرح بینک نے کم اور متوسط آمدنی والے طبقوں کے لیے نیا پاکستان ہاؤسنگ اسکیم کے ذریعے اسٹیٹ بینک آف پاکستان اور حکومت پاکستان کی جانب سے اٹھائے جانے والے اقدام کی تائید کرتے ہوئے ہاؤسنگ فنانس کے شعبے میں نئی پراڈکٹ متعارف کرانے میں کامیاب رہا۔ بینک اس شعبہ میں نہ صرف اپنی ہاؤسنگ کی سہولت کی نمائش کے لیے بلکہ پاکستان کے عوام کی معاشی خوشحالی کے لیے اپنا بھرپور کردار ادا کرنے کے لیے فعال انداز میں کام کرے گا۔ اس پیش قدمی کے ساتھ، بینک، اپنے آٹو فنانس پورٹ فولیو کو جارحانہ انداز میں اضافے کے لیے اپنی آٹو فنانس سیلز ٹیم کو بھی مزید مستحکم کرے گا۔ سال 2021 میں نئے میک اور ماڈلز کے متوقع تعارف کے ذریعے، آٹو موبائل شعبہ میں ریکارڈ اضافے کی امید ہے۔ مزید برآں، اس عمل میں معاونت فراہم کرنے کے لیے بینک، آٹو تقسیم کے عمل کی شروع سے آخر تک ڈیجیٹلائزیشن، آٹو ڈیلرز کے ساتھ نئے روابط اور کنسٹمر کی منظور نظر توجہ طلب اضافی خصوصیات متعارف کرانے پر بھی کام کر رہا ہے۔

تجارتی کاروبار

COVID-19 سے متعلق کاروباری مسائل کے باوجود، بینک کے ذریعے 172 بلین روپے کے تجارتی امور انجام دیئے گئے، جس سے سال 2020 کے دوران 190 بلین روپے کی نان فنڈڈ آمدن حاصل ہوئی۔ اس میں خاص طور پر درآمدت برآمدات کے کاروبار سے حاصل ہونے والا 141 بلین روپے کا کمیشن اور ضمانتی کاروبار سے حاصل ہونے والا 49 بلین روپے کا کمیشن شامل ہے۔ زیر نظر سال کے دوران، حکومت نے مقامی مارکیٹ میں گندم کی قلت کو دور کرنے کے لیے اسے درآمد کرنے کی اجازت دی۔ بینک نے اس موقع سے فائدہ اٹھایا اور اس سے 5 بلین روپے کا تجارتی کاروبار حاصل کیا۔ اس پیش رفت کے ساتھ، تجارت سے متعلقہ معروف کسٹمرز کی پورٹ فولیوں میں شمولیت کے ذریعے تجارتی کاروبار کو بڑھانے کے لیے خصوصی کوششیں کی جائیں گی۔ آئی ٹی سسٹمز میں جدت کے ذریعے تجارتی بنیاد پر کئے جانے والے لین دین (ٹرانزیکشنز) کی انجام دہی کے آسان اور ہموار ہونے کو یقینی بنایا جائے گا اور ٹرن اراؤنڈ مدت کو بھی کم کیا جائے گا۔

ایس ایم ای اور کمرشل بینکنگ

ایس ایم ای اور کمرشل بینکنگ نے بھی دوران سال تجارتی بنیادوں پر صارفین کو شامل کرنے میں اہم کردار ادا کیا۔ بینک نے سال 2020 کے دوران 450 سے زائد NTB کلائنٹس کو کامیابی سے اپنے ساتھ شامل کیا۔ ایس ایم ای نے تجارت سے بھرپور مارکیٹس میں اپنے رسائی بڑھانے اور موجودہ اور NTB ایس ایم ای کلائنٹس کے لیے مختلف اجناس پر پراڈکٹس سے متعلق درآمدی ایل سینز (LCs) کھولنے کے حوالے سے تیز رفتار ٹریڈ سروس کی پیشکش کرنے کے لیے تفویض شدہ مجاز کام کو شاخوں تک محدود کر دیا۔ ابتدائی طور پر اس پروگرام کے لیے 20 برانچوں کا انتخاب کیا گیا اور پھر یہ تعداد بڑھ کر 53 ہو گئی۔ مزید برآں، بینک وزیراعظم کامیاب جوان پروگرام کے تحت اپنے اہداف کو فعال انداز میں پیروی کر رہا ہے اور دسمبر 2020 کے اہداف کو کامیابی کے ساتھ عبور کر لیا ہے۔

زرنفقہ کا انتظام وانصرام اور ایمپلائی (ملازمین) بینکنگ

میں اور خدمات کے معیار کو بہتر بنانے کی جانب توجہ مرکوز رکھتے ہوئے، بینک زرنفقہ کے انتظام وانصرام اور ایمپلائی (ملازمین) بینکنگ سروسز فراہم کرنے کے لیے ہمہ وقت مصروف عمل رہا ہے۔ بینک نے ادائیگی کے حوالے سے لین دین (پیمنٹ ٹرانزیکشنز) کے حوالے کی سنٹرلائزڈ پراسیسنگ کے لیے FTP سرور کے ذریعے، لنک اسلامی (کیش مینجمنٹ ایپلیکیشن) کو CDC کے ساتھ کامیابی سے منسلک کر رکھا۔ اب یہ اپنے تمام اثاثہ جات کے انتظام وانصرام اور فنڈ مینجمنٹ کلائنٹل کوؤن ونڈورسائی فراہم کرتا ہے۔ بینک نے سال 2020 کی دوسری سہ ماہی کے دوران بڑے پیمانے پر بزنس ہاؤسز اور کارپوریٹ تجارتی اداروں کے لیے کامیابی کے ساتھ ایمپلائی بینکنگ سروسز متعارف کرائی۔ اس پراڈکٹ کو پرکشش نرخوں پر آٹو اینڈ ہاؤس فنانسنگ، کنزیومر ڈیوریتبلز اور موٹر سائیکل فنانسنگ کے ساتھ منسلک کیا گیا ہے۔

کارپوریٹ بینکنگ

COVID-19 اور معاشی سرگرمیوں میں سست روی کی وجہ سے کارپوریٹ بینکنگ کی توجہ پورٹ فولیو کی توثیق، تبدیلی اور اسٹیٹ بینک آف پاکستان کے ضابطوں میں دی جانے والی رعایتوں کے اطلاق پر رہی۔ معاشی طور پر درپیش مشکلات سے بھرپور ماحول کے باوجود، کارپوریٹ بینکنگ نے کامیابی کے ساتھ تمام بڑے معاشی شعبوں کی نمائندگی کرنے والے بہترین و متنوع، قابل بھروسہ اور اعلیٰ معیار کے صارفین پر مشتمل اپنے فنانسنگ کے پورٹ فولیو کو برقرار رکھا۔ یہ بات قابل ذکر ہے کہ کارپوریٹ بینکنگ نے سال 2020 کے دوران پر اعتماد اور قابل بھروسہ تعلقات استوار کرتے اور بینک کو وسعت دیتے ہوئے 50 سے زائد نئے بینک کلائنٹس کو اپنے ساتھ شامل کیا۔ یہ عمل موجودہ پورٹ فولیو کو بہتر اور متنوع بنانے اور اس میں اضافے کے حوالے سے بینک کی جانب سے کی جانے والی مسلسل و مستقل کوششوں کی عکاسی کرتا ہے۔ دوران سال بینک کے ساتھ شامل ہونے والے نئے کسٹمرز خاص طور پر ٹیکسٹائل، سیمنٹ، فوڈ پراسیسنگ، فارماسیوٹیکلز، فریٹ لائیزرز، آٹو اور اسے منسلک کاروبار، پاور جنریشن، الیکٹرانکس اشیاء اور خدمات کے شعبہ جات سے تعلق رکھتے ہیں۔ اسی پیش رفت کے ساتھ، کارپوریٹ بینکنگ، تمام بڑے معاشی شعبوں کی نمائندگی کرنے والے مستحکم اور ترقی پسند صارفین کے متنوع اداروں رافراد کے ساتھ اپنے فنانسنگ پورٹ فولیو میں اضافہ کرنے پر توجہ دے گی۔ خارجی درجہ بند صارفین کو ہدف بنانے اور موجودہ صارفین کو خارجی درجہ بندی کے عمل سے گزرنے کی ترغیب دینے اور ان کی حوصلہ افزائی کے لیے خصوصی طور پر کوششیں کر کے ہر ایک تعلق سے حاصل ہونے والے مجموعی مفاد کو بہتر بنانے پر زیادہ توجہ دی جائے گی۔ کارپوریٹ بینکنگ، بڑے کارپوریٹ صارفین کے ملازمین کو کنزرویٹو فنانسنگ پراڈکٹس فروخت کرنے کے لیے، بینک کے کنزرویٹو فنانس شعبہ کے شانہ بشانہ بھی کام کر رہا ہے۔

انویسٹمنٹ بینکنگ

انویسٹمنٹ بینکنگ نے کاروبار میں قابل ستائش نمودار بڑھوتری ظاہر کی اور دوران سال خاص طور پر مشاورتی اور انتظامی خدمات سے 126 ملین روپے کی فیس آمدن تک کی۔ شریعہ اسٹرکچرنگ ٹیم کے تعاون سے، انویسٹمنٹ بینکنگ ٹیم نے بطور استحقاقی مشیر اور منتظم برائے قابل ذکر ٹرانزیکشنز بشمول کے الیکٹریک کی جانب سے 4.5 بلین روپے کے اسلامک کمرشل پیپرز اور کوٹ ادو پاور کمپنی لمیٹڈ کی جانب سے 5 بلین روپے کے قلیل المدت صکوک عمل کر کے اسلامک ڈیٹ کیپیٹل مارکیٹ کی ترقی میں کلیدی کردار ادا کیا۔ مشترکہ لیڈ منتظم کی حیثیت سے، بینک اسلامی نے حب پاور کمپنی (HUBCO) کی صکوک ٹرانزیکشن میں بھی حصہ لیا۔ بینک توانائی اور ہوا بازی کے شعبہ جات میں سرکاری ملکیت کے حامل اداروں کے حوالے سے صکوک کے لین دین (ٹرانزیکشن) کے حوالے سے مشورے دینے اور ان کا بندوبست کرنے میں فعال انداز میں سرگرم عمل تھا۔ مزید برآں، بینک نے قومی پرچم بردار پاکستان انٹرنیشنل ایئر لائنز (پی آئی اے) کے ساتھ، مجموعی طور پر 20 بلین حجم کے اجراء اور سال 2021 کی پہلی ششماہی میں متوقع تکمیل کے حامل پاکستان کے پہلے ایئر لائنز ایئر لائنز صکوک کا افتتاح کرنے میں مل کر کام کیا۔ پاکستان کے توانائی کے بنیادی ڈھانچے کے منصوبوں کی مناسبت سے، بینک نے جھمپیر ونڈ فارمرز سے شفاف توانائی حاصل کرنے اور اسے قومی گرڈ کے ساتھ منسلک کرنے کے لیے ان کے ایک قابل ذکر لائن ٹرانسمیشن منصوبے کے لیے فنانس فراہم کرنے کی غرض سے پاکستان کے دو بڑے بینکوں کو NTDC کی سینڈیکٹ ٹرم فنانس سہولت کے لیے مشترکہ لیڈ منتظم کے طور پر تشکیل دیا۔

گروپ کی مالی کارکردگی

گروپ نے 31 دسمبر، 2020 کو ختم ہونے والے سال کے حوالے سے اپنے مالی نتائج میں نمور بڑھوتری کو ظاہر کیا، جو بنیادی طور پر اس کے اسلامی بینکاری کے سیگمنٹ (بینک) کی مالی پروفائل میں بہتری سے منسوب تھا۔ 31 دسمبر، 2019 کے مقابلے میں گروپ کے مجموعی اثاثہ جات اور ذخائر (ڈپازٹس) میں بالترتیب 18.8% اور 23.1% کا اضافہ ہوا۔ گروپ کے ذخائر (ڈپازٹس) میں ہونے والا اضافہ، بینک کی جانب سے کم لاگت CASA ڈپازٹس کو اکٹھا کرنے کے حوالے سے مؤثر حکمت عملی کے نفاذ کے باعث ہوا۔ ذرائع کے اضافے کے ساتھ ساتھ، سرکاری حمایت یافتہ صکوک اور ایف ایکس پلیسمنٹس کی طرف سے سرمایہ کاری سے حاصل ہونے والی اہم ترین بڑھوتری سے گروپ کے منافع بخش اثاثہ جات میں بھی اضافہ ہوا۔

COVID-19 لاک ڈاؤن کے نفاذ، وبائی بیماری کے دوران برانڈ ڈیری پراڈکٹس کی طلب میں کمی اور پیداواری لاگت میں اضافے کی وجہ سے فروخت کے عمل میں سست روی کے باعث منسلک ادارے کے منافع میں کمی مشاہدہ میں آئی۔ جس کے نتیجے میں مجموعی منافع کے حد میں کمی واقع ہوئی۔ تاہم مالی سال 2019 میں ہونے والے نقصان کے مقابلے میں گروپ نے مالی سال 2020 میں عملی امور کی بندش کے دوران منافع حاصل کیا جو کہ خاص طور پر کیپیٹل مارکیٹ انڈیکس اور تجارتی حجم میں بہتری کے باعث BIPL سیکیورٹیز (ذیلی کمپنی) کے منافع میں اضافے کی وجہ سے تھا۔ COVID-19 کی وجہ سے پالیسی کی شرح میں کمی اور معیشت میں سست روی کے نتیجے میں درپیش مسائل کے باوجود، گروپ کے مجموعی آپریٹنگ منافع جات میں اثاثوں کی آمدنی میں اضافے کی وجہ سے پچھلے سال کے مقابلے میں 15.8 فیصد اضافہ ہوا۔ اسی طرح گروپ نے سال 2020 کے حوالے سے 1,568 ملین روپے کا بعد از محصول منافع حاصل کیا ہے، جو کہ گزشتہ سال کے بعد از محصول منافع سے 42% زیادہ ہے۔ الحمد للہ

کامیابیاں، نئے اقدامات اور کارکردگی

بینک اسلامی نے انتہائی اہم ترین چھٹے اسلامک ریٹیل ایوارڈز (IRBA)، 2020 میں چار اعزازات حاصل کر کے کامیابی کی نئی منازل طے کیں۔ بینک اس سال پاکستان میں "کرنٹنکس چوائس بیسٹ اسلامک ریٹیل بینک ایوارڈ" اور اس کے ساتھ ہی اس کی ون ٹچ بینکنگ کے حوالے سے "بیسٹ فن ٹیک اپلیکیشن ایوارڈ" سے بھی نوازا گیا تھا۔ بینک اسلامی کے صدر اور سی ای او سید عامر علی کو "IRBA پر سینیٹیٹی آف دی ایئر" جبکہ بینک اسلامی کے گروپ ہیڈ جناب رضوان عطا کو "IRBS اسلامک ریٹیل بینکر برائے سال 2020" کے اعزاز سے نوازا گیا۔ یہ ایوارڈ، پاکستان کے سرکردہ اور جدید اسلامک بینکوں میں شامل ہونے کے حوالے سے بینک کی حکمت عملی کے عہد کا عملی ثبوت ہیں

مذکورہ بالا کامیابیوں کے علاوہ، دوران سال بینک نے اسلامی بینکاری کے زمرے کے تحت "برانڈ آف دی ایئر 2019" کے طور پر اپنی صلاحیتوں کا لوہا منواتے ہوئے قومی سطح پر بھی ایک معروف ترین اعزاز اپنے نام کر لیا۔ یہ اعزاز برانڈ کی برتری کو اجاگر کرنے کے ساتھ ساتھ اپنے حلقہ اثر میں نمایاں کارکردگی کا مظاہرہ کرنے کے حوالے سے ادارے کی کامیابیوں کے اعتراف میں موصول ہوا۔ مزید برآں، رخصت ہونے والے سال کے دوران ہمیں آئی پی ایکسچینج ایوارڈ 2020 کی تقریب میں سندھن ایجاڈ (پیٹنٹ)، کاپی رائٹس اور فن مہارت کے حامل بینکنگ سلوشنز کے شعبہ میں کی جانے والی کوششوں کے بدلے "بیسٹ ایکٹو کل پراپرٹی مینجمنٹ" اور "انتہائی جدید بینکنگ سلوشنز" ایوارڈز حاصل کرنے کا بھی اعزاز حاصل ہوا۔

(3)۔ کاروباری امور سے متعلقہ اخراجات میں اضافہ اور

(4)۔ بینک کی ٹیکنیکی جدت اور انفارمیشن سیکورٹی کے بنیادی ڈھانچے پر ہونے والے اخراجات

بیک وقت نیٹ اسپریڈز میں اضافے، بینک کے اثاثہ جات میں بڑھوتری اور آمدنی کے تناسب کی مستحکم لاگت سے بینک اسلامی کا آپریٹنگ منافع 15.8% کا اضافہ ریکارڈ کیا گیا۔ جیسا کہ اوپر بیان کیا گیا ہے کہ موجودہ وسیع معاشی منظر نامے کی وجہ سے پیدا ہونے والے خارجی مسائل پر غور اور محتاط راستے کو اختیار کرتے ہوئے، بینک نے مالی سال 2020 کے دوران 1.3 بلین روپے کی داخلی فراہمی بک کی اور ساتھ ہی اثاثہ جات کے پورٹ فولیو کو درپیش ممکنہ خطرے (انفیکشن) کے خلاف 450 ملین روپے کی اضافی عمومی فراہمی بک کی۔ اضافی فراہمی کے باوجود، بینک اسلامی نے 31 دسمبر، 2020 کو ختم ہونے والے سال کے حوالے سے 1,703 ملین روپے کا بعد از محصول منافع کا اعلان کیا، جو کہ سال 2019 میں ہونے والے 1,087 ملین روپے کے بعد از محصول منافع سے 56.7 فیصد بہتر ہے۔ الحمد للہ

گروپ کے نتائج

اہم امور سرگرمیاں

گروپ کے مادی اور اہم عملی بنیادی سرگرمیاں درج ذیل ہیں:

- بینک اسلامی پاکستان لمیٹڈ (ہولڈنگ کمپنی)۔ شیڈولڈ کمرشل اسلامک بینک
- BIPL سیکورٹیز لمیٹڈ (سبسڈری)۔ بروکر ٹیج سروسز
- شکر گنج فوڈ پراڈکٹس (ایسوسی ایٹ)۔ فوڈ پراڈکٹس کی تیاری، پراسیسنگ اور فروخت

31 دسمبر، 2020 کو بینک کے صافی اثاثہ جات 19.9 بلین روپے پر تھے، جو کہ رخصت ہونے والے سال کے اختتام کے دوران 1 فیصد کے اضافے کے ساتھ 19.7 بلین روپے رپورٹ ہوئے۔ یہ اضافہ بنیادی طور پر مجموعی منافع جات میں اضافے سے منسوب تھا، تاہم پاکستان انرجی صکوک کی مالیت میں کمی کے باعث اس کی متعلقہ سرمایہ کاری پر سربس میں ہونے والی کمی کے ذریعے اس پر قابو پایا گیا۔

اوسط آمدنی والے اثاثہ جات میں اضافے کے سبب، بینک کی ٹاپ لائن میں 8.9 فیصد تک اضافہ ہوا، جبکہ دوسری طرف CASA مکس بہتر ہونے کی وجہ سے منافع کے اخراجات میں صرف 3.1 فیصد کا اضافہ ہوا ہے، جس کے نتیجے میں بینک کے صافی فرق (اسپیڈز) میں 15.8 فیصد کا اضافہ ہوا ہے۔ سرمایہ پر حاصل ہونے والے منافع کے علاوہ بینک کی غیر فنڈڈ آمدنی میں 43.2% کی قابل ذکر بڑھوتری رنوم مشاہدہ میں آئی۔ جس کے نتیجے میں:

(1) تجارتی حجم میں اضافے کے باعث غیر ملکی زرمبادلہ (ایف ایکس) کی آمدنی بہتر ہوئی

(2) اے ڈی سی خدمات کے ذریعے حاصل کی جانے والی فیس میں اضافہ ہوا

(3) انویسٹمنٹ بینکاری اور ایف آئی ڈیک سے متعلق امور سرگرمیوں میں اضافہ ہوا

اس کے برعکس، پرکشش قیمتوں پر پاکستان انرجی صکوک 1 کی فروخت کے ذریعے گزشتہ سال فروخت ہونے والے ایک سرمایہ جاتی منافع کی وجہ سے سیکورٹیز کی فروخت پر حاصل ہونے والا منافع کم ہو کر 63.3% ہو گیا، جو سال 2019 کے دوران اعلیٰ نفع کی حامل شرعی اصولوں پر مبنی صکوک کی عدم دستیابی کی وجہ سے ایک محدود حد تک دستیاب تھا۔ جبکہ بینک کے آپریٹنگ اخراجات میں 11 فیصد تک اضافہ ہوا ہے نیز سال 2019 کے مقابلے میں بینک کے لاگت سے آمدنی کا تناسب حسب سابق 62% کی سطح کے قریب ہے۔ چوں کہ مجموعی طور پر بینکنگ اسپرڈز 4Q20 سے کم ہونا شروع ہو گیا ہے، لہذا توقع کی جاتی ہے کہ مالی سال 2021 میں بینکاری کی پوری صنعت کے بینکوں کی لاگت سے آمدن کا تناسب خراب ہو جائے گا۔ اسی پیش رفت کے ساتھ، ضیاع پر قابو پانے کا عمل اور ویلیو ایڈیشن میں سرمایہ کاری نیز ٹیکنیکی صلاحیتوں میں اضافہ اور کاروباری ترقی رنوم، ہمارے منافع جات کو برقرار رکھنے کے لیے ہمارے مرکز نگاہ رہیں گے۔

بینک کے کل انتظامی اخراجات میں 12.4% اضافہ ہوا ہے، جس میں سے اہم وجوہات یہ ہیں:

(1) عملے اور غیر عملے کے اخراجات میں افراط زر (مہنگائی) کی ایڈجسٹمنٹ

(2) سال 2019 کی دوسری ششماہی کے دوران اہم اور خالی اسامیوں پر افرادی قوت کی شمولیت کے پورے سال کی لاگت کے اثرات کے باعث ملازمین کے معاوضے میں اضافہ

اضافے کے ساتھ مالی سال 2020 (FY20) میں 171.2 بلین روپے ہو گئے۔ اسی طرح بینک اسلامی کا مجموعی CASA ملس بھی دسمبر 2019 کے 59.7% سے بڑھ کر دسمبر 2020 میں 63.5% ہو گیا۔ اسٹیٹ بینک آف پاکستان کی مواقع پر مبنی مالیاتی پالیسی کے موقف کو اپنانے کے ساتھ ساتھ موجودہ معاشی بحران کی صورتحال سے نمٹنے کے لیے، بینک اپنے CASA ذخائر (ڈپازٹس) کی بنیاد کے حصول کے لیے اپنی موجودہ حکمت عملی کو جاری رکھے گا تاکہ مستحکم صافی آمدنی کا سلسلہ قائم کیا جاسکے۔ مزید یہ کہ بینک اپنے دیگر کاروباری امور یعنی تجارت، مالیات، زرنفد کا انتظام وانصرام اور ایس ایم ای کے ذریعے کراس سیلنگ سے مستحکم ذخائر کو بھی حاصل کرنے پر بھی توجہ دے گا۔

ڈپازٹس میں اضافے کے تسلسل میں، بینک کے مجموعی آمدنی والے اثاثوں میں بھی اسی طرح اضافہ ہوا ہے، جس میں حکومت پاکستان کے حمایت یافتہ صکوک اور ایف ایکس پلیٹفم کی طرف سے مختص فنڈز کی اکثریت ہے۔ اس کے نتیجے میں، بینک کی انویسٹمنٹ اور ایف آئی پلیٹفم کی کتاب میں بالترتیب 72.6% اور 20.5 فیصد کا اضافہ ہوا ہے۔ اس کے برعکس اسلامک فنانسنگ میں 1.2% کی کمی دیکھنے میں آئی کیوں کہ بینک، معاشی غیر یقینی کی درپیش صورتحال، صنعتی ترقی میں سست روی اور تجارتی مالی سرگرمیوں کے رک جانے کے باعث 2Q20 اور 3Q20 کے دوران کریڈٹ توسیع پر خطرے سے دوچار تھا۔ تاہم، لاک ڈاؤن کے بعد کی مدت کے دوران صنعتی اشیاء اور کنزیومر فنانسنگ کی طلب میں بہتری آنے پر، بینک نے محتاط انداز میں 4Q20 کے دوران اپنی فنانسنگ پر توجہ دینا شروع کر دیا ہے۔ معیشت میں بہتری کے اشاروں اور نجی شعبے کے قرضے کے قرضوں کو بڑھانے کے لیے حکومت اور اسٹیٹ بینک آف پاکستان کی جانب سے کی جانے والی کوششوں کو مد نظر رکھتے ہوئے، بینک اپنی اسلامک فنانسنگ بکس میں بھی نمور بڑھوتری کی توقع کرتا ہے۔ لہذا، بینک درجہ بندی کے لحاظ سے کارپوریٹ کلائنٹس، نجی شعبہ کے اداروں، حکومت اعانتی سرمایہ کاری، کنزیومر آؤٹ فنانس، کم لاگت ہاؤسنگ اسکیم، ایگری فنانسنگ اور FI Placements کو بڑھانے کی جانب پیش قدمی کرنے کا خواہاں رہے گا۔

بینک کی نقصان کے خدشات (رسک) کو برداشت کرنے کی صلاحیت میں اضافے اور موجودہ مسائل کو روکنے کے لیے رخصت ہونے والے سال کے دوران، بینک کے متاثرہ اسٹاک کو بڑھاتے ہوئے، ممکنہ نقصانات کے خلاف کچھ مخصوص موضوعاتی درجہ بندی اور دفعات درج کی گئیں۔ جس کے نتیجے میں بینک کے کار خلاء کا تناسب دسمبر 2019 میں 10.63% کے مقابلے میں بڑھ کر 12.06% ہو گیا، جبکہ کوریج کا تناسب 82.7% کی موزوں سطح پر برقرار رہتے ہوئے حسب سابق رہا۔ مذکورہ بالا کے علاوہ مالی سال 2020 کے دوران، بینک نے ممکنہ کاؤنٹر پارٹی کے خطرات سے خود کو بچانے کے لیے محتاط بنیادوں پر 450 بلین روپے کی اضافی عمومی فراہمی کو بھی بک کیا۔

فروخت کے لیے رکھے گئے اثاثہ جات کی درجہ بندی

بینک کے بورڈ آف ڈائریکٹرز کے فیصلے کے مطابق، جیسا کہ 25 اپریل، 2019 کو پی ایس ایکس میں بھی اعلان کیا گیا تھا، بینک اپنے دو ذیلی اداروں میں اپنے حصص (شیر ہولڈنگز) کو بیچنے پر عمل پیرا ہے۔ رخصت ہونے والے سال کے دوران، بینک، تشخیص کے تفصیلی عمل سے گزرنے کے بعد، ان اثاثوں کے مطلوبہ خریداروں کی نشاندہی کرنے میں کامیاب رہا، جس کے لیے حصص کی خریداری کے معاہدوں پر بھی دستخط ہو چکے ہیں۔ جس کے نتیجے میں متعلقہ مجوزہ خریداروں نے فروختگی کی طے شدہ رقم کا 25% پیشگی ادا کر دیا ہے۔ اس وقت بینک اور مجوزہ خریدار ضابطے کی منظوریوں اور دیگر قواعد کی تکمیل کے مراحل میں ہیں۔ بینک کی انتظامیہ کو توقع ہے کہ فروخت کا عمل سال 2021 میں مکمل ہو جائے گا۔

COVID-19 سے پیدا ہونے والے مسائل اور معیشت میں سست روی کے نتیجے میں، بینک اسلامی نے سال 2020 کے دوران، بینک صارفین میں نے کسٹمرز کے حصول کے ذریعے اپنے کسٹمرز کی تعداد کو وسعت دینے نیز اسٹریٹ سیلز اور مارکیٹنگ پر اپنے جارحانہ انداز کے ذریعے بنیادی CASA ڈپازٹس (علاوہ FI ڈپازٹس) میں بڑھوتری کو فروغ دینے کی حکمت عملی کے تحت ذخائر (ڈپازٹس) میں 23.2% کی مستحکم نمو ظاہر کی۔ اس کے نتیجے میں بینک کے بنیادی CASA ذخائر (ڈپازٹس)، مالی سال 2019 (FY19) کے 128.8 بلین روپے کے مقابلے میں 32.9% تک کے قابل ذکر

بینکاری کی صنعت کا نقطہ نظر

وسیع معاشی مسائل کے ماحول کے دوران، سال 2020 میں پاکستان کے بینکاری کے شعبے میں قابل ذکر نمو مشاہدے میں آئی۔ سال کی دوسری اور تیسری سہ ماہی کے دوران معاشی سست روی کی وجہ سے ذخائر (ڈپازٹس) میں 22.1% کا اضافہ جبکہ فنانسنگ میں 4% کا معمولی اضافہ ظاہر ہوا۔ جس کے نتیجے میں سیالیت (لیکویڈیٹی) میں ہونے والے اضافے کو سرمایہ کاری کی جانب موڑ دیا گیا، جس میں 31.3% کا اضافہ دیکھا گیا۔ مالی سال 2019 کے تیسری سہ ماہی (3Q19) سے مالی سال 2020 کی پہلی سہ ماہی (1Q20) کے دوران بڑے پیمانے پر رعایتی شرحوں سے پیدا ہونے والے کریڈٹ رسک میں اضافے اور مالی سال 2020 کی دوسری سہ ماہی (2Q20) کے دوران COVID کی وباء کے پھیلاؤ کی وجہ سے بینکاری کے پورے شعبے کے NPF اور انفیکشن کی شرح، دسمبر 2019 کے 761 بلین روپے اور 9.3% سے بڑھ کر ستمبر 2020 میں بالترتیب 853 بلین روپے اور 10.5% ہو گئی ہے۔ یہاں یہ امر قابل ذکر ہے کہ اسٹیٹ بینک آف پاکستان کی جانب سے ادائیگیوں کو مؤخر التواء کرنے سے متعلق دی گئی رعایت زرمی کے باوجود انفیکشن کی شرح میں اضافہ ہوا۔

منافع کے حوالے سے بینکاری کی صنعت نے مالی سال 2020 کے 9 مہینوں (9M'20) کے دوران متاثر کن نمونہ ظاہر کیا۔ اعلیٰ حکام نے CY20 کے دوران اب تک اپنی پالیسی کی شرح 625 bps کم کر کے 7% کر دی ہے تاکہ ملک کے بااثر طبقات کو متحرک کیا جاسکے۔ اس کے نتیجے میں بینکوں کا صافی پھیلاؤ اور منافع، اثاثہ جات کے حوالے سے قیمتوں کی زیریں سطح کی جانب تصفیہ کی وجہ سے، مالی سال 2020 کی چوتھی سہ ماہی (4Q'20) سے نمایاں طور پر کم ہونے کی توقع ہے۔ روایتی بینک جنہوں نے CY19 کے دوران مقررہ شرح کے بانڈ خریدے، ان کے پھیلاؤ پر اس کے کم اثرات مرتب ہو سکتے ہیں۔ توقع کی جاتی ہے کہ زیریں جانب تصفیہ کا یہ رجحان CY21 میں بھی جاری رہے گا، ساتھ ہی مارکیٹ کے شرکاء کو پالیسی کی شرح میں بہت بڑے اضافے کی توقع نہیں ہے۔ اصل NPF کی پوزیشن کے بارے میں غیر یقینی صورتحال 30 جون، 2021 تک ختم ہو جائے گی، جب تک پرنسپل اور ریا منافع کے التواء کی میعاد ختم ہونے کی توقع کی جارہی ہے۔ سرمایہ کی کفایت کی سطح پر، زیادہ تر بینکاری سے منسلک اداروں کی رضامندی رہنے کی توقع کی جاتی ہے، کیونکہ انضباطی حکام (ریگولیٹر) نے کریڈٹ رسک میں متوقع اضافے کو اپنے پاس شامل کرنے کے حوالے سے بینکوں کو اجازت دینے کے لیے کم از کم سرمایہ کی کفایت کی مطلوبہ شرح کو بھی 12.5% سے 11.5% تک کم کر دیا ہے۔

اہم لین دین (ٹرانزیکشنز)

اضافی مرحلہ I کے سرمایہ کار اجراء

بینک کے بنیادی سرمایہ کو مزید وسعت دینے اور نقصان کے خدشات کو برداشت کرنے کی صلاحیت کو تقویت دینے کے لیے، بینک نے پاکستان کا پہلی بار جاری کردہ لسٹڈ اسلامی اضافی مرحلہ I کپیٹل سکوٹ (اے ڈی ٹی - 1 سکوٹ) کا اجراء مکمل کر لیا۔ اس دستاویز کو "عہدہ سکوٹ" کے نام سے برانڈ کیا گیا ہے جو مستند اسلامی بینکاری پراڈکٹس کی پیشکش کے حوالے سے بینک اسلامی کے عزم کا عکاس ہے اور اپنے صارفین کو حلال منافع فراہم کرتا ہے۔ اس ADT-1 سکوٹ کا مجموعی حجم 2 بلین روپے ہے اور اس دستاویز کا اجراء 21 اپریل، 2020 کو مکمل کر لیا گیا تھا۔ اس سکوٹ کو 190 سے زائد ادارہ جاتی اور خوردہ سرمایہ کاروں نے سبسکرائب کیا تھا۔ اس سکوٹ کی تجارت کا آغاز 15 مئی، 2020 کو پاکستان اسٹاک ایکسچینج (PSX) میں ہوا۔

سے منسوب ہے۔ اسی طرح، دسمبر 2020 میں غیر ملکی زرمبادلہ (FX) کے ذخائر، جون 2020 کے 18.9 بلین امریکی ڈالر کے برخلاف بڑھ کر 20.54 بلین امریکی ڈالر ہو گئے ہیں، جو، جون 2020 میں -168/ روپے فی امریکی ڈالر کی شرح مبادلہ کے مقابلے میں -159.8/ فی امریکی ڈالر کی موجودہ شرح مبادلہ کے ساتھ ڈالر کے مقابلے میں روپے کی قدر میں استحکام کا باعث بنے۔ سال بہ سال (YoY) افراط زر کی شرح بھی سال 2019 کی 12.6% کے مقابلے میں گر کر سال 2020 میں 8% ہو گئی ہے۔

اسٹیٹ بینک آف پاکستان کے موجودہ اعداد و شمار کے مطابق FMCGs سے سال 2021 میں حاصل ہونے والی آمدنی میں دوبارہ اضافہ ہوا ہے، جبکہ تیل کے شعبے، آٹوموبائل اور سیمنٹ کی اوسط فروخت کے حجم میں نمایاں بہتری آئی۔ مینوفیکچرنگ کے شعبے، ٹیکسٹائل، فوڈ اینڈ بیورٹج، پیپر اینڈ بورڈ، فارماسیوٹیکل، کیمیکلز، فریٹلائزراورربرپراڈکٹس کے شعبہ کے حجم میں بھی بہتری ظاہر ہوئی۔ زراعت کے شعبہ میں، معاون نرخوں میں اضافے اور حال ہی میں کھاد اور فصل کی ادویات پر اعلان کردہ سبسڈی کی وجہ سے دیگر بڑی فصلوں میں ہونے والی بڑھوتری اور گندم کی اعلیٰ پیداوار کے ذریعے کپاس کی پیداوار میں متوقع کمی کی تلافی کا امکان ہے۔ مزید برآں، دیگر شعبوں سے آنے والے مثبت اثرات سے تھوک اور خوردہ تجارت نیز نقل و حمل کو فائدہ پہنچنے کی توقع کی جاتی ہے۔ بڑی سطح پر کام کرنے والے مینوفیکچرنگ کے شعبہ جات میں نومبر، 2020 کی مدت تک 7.4% تک کا اضافہ ہوا، جبکہ گزشتہ سال کی اسی مدت کے دوران 5.3% کی کمی واقع ہوئی تھی۔ تاہم مینوفیکچرنگ کی مجموعی سرگرمی اب بھی مالی سال 2019 میں حاصل ہونے والی سطح سے کم رہی، جو معیشت میں اضافی صلاحیت پر کام کرنے کی ضرورت کو اجاگر کرتی ہے۔ اسی طرح، نجی شعبہ کو دیئے جانے والے قرضہ جات، اسٹیٹ بینک آف پاکستان کی ری فنانس سہولیات کے تحت کنزیومر اور کارپوریٹ قرضہ جات میں اضافے کے ذریعے جون 2020 کے چھ ماہ کے دوران 330 بلین روپے سے بڑھ کر 5,966 بلین روپے کی سطح پر پہنچ گئے۔ ورکنگ کیپٹل لونز (قرضہ جات) میں بھی COVID لاگ ڈاؤن کے بعد کی مدت، اکتوبر، 2020 سے نومبر 2020 کے دوران 24 بلین روپے کا اضافہ ہوا، ہرچند یہ کہ اس کی سطح گزشتہ سال کے مقابلے میں کم رہی۔

مستقبل

مالی سال 2021 (جولائی 2020 - جون 2021) میں پاکستان کے GDP میں 2% اضافے کا امکان ہے۔ توقع ہے کہ اوسط افراط زر مالی سال 2020 میں 10.7% کی سطح سے مالی سال 2021 میں 7.0% سے 9.0% کی حد میں رہے گا۔ مالی سال 2021 میں درآمدت میں متوقع اضافے کے ساتھ، کرنٹ اکاؤنٹ خسارہ مالی سال 2020 کے 1.1% سے بڑھ کر GDP کا 2.4% ہونے کی توقع کی جاتی ہے۔ چوں کہ لاگ ڈاؤن کے بعد کی مدت کے دوران COVID کیسز میں دوبارہ تیزی آئی ہے لہذا اب بھی غیر یقینی صورتحال برقرار ہے اور یہی تشویش موجود ہے کہ اس وبائی بیماری کی دوسری لہر ہمارے معاشی معاملات کو کس شکل میں ڈھالے گی COVID-19 کے پھیلاؤ کو روکنے کے لیے، پاکستان کے نیشنل کمانڈ اینڈ آپریشن سینٹر (این سی او سی) نے سرکاری اور نجی کمپنیوں کو ہدایت جاری کی ہیں کہ وہ 50% عملے کے گھر سے کام کرنے کی پالیسی پر عمل درآمد کریں۔ عوام کو ویکسین کی بروقت دستیابی، کورونا وائرس سے بچنے کے لیے ایس او پیز کا نفاذ اور آئی ایم ایف کی جانب سے خاکہ جاتی اصلاحات پر مؤثر طریقے سے عمل درآمد وسیع پیمانے پر استحکام کے لیے اشد ضروری ہے۔

معاشی جائزہ اور کاوباری نقطہ نظر

معاشی جائزہ

ماضی

مالی سال 2020 (FY20)، پاکستان کے لیے ایک مشکلات سے بھرپور سال تھا جس کے دوران اس دہائی میں پہلی بار ملک کی جی ڈی پی نمو میں 0.4% کی منفی سطح دیکھی گئی، جو COVID-19 کے حوالے سے عائد کردہ لاک ڈاؤن اور اس کے پھیلاؤ کو روکنے کے لیے مالیاتی اور معاشی لحاظ سے پیشگی طور پر لیے جانے والے سخت اقدامات کے اثرات کی عکاسی کرتا ہے۔ اس وباء کے پھیلاؤ کو روکنے کے لیے کئے جانے والے اقدامات کے نتیجے میں نہ صرف مقامی رسد اور طلب میں کمی واقع ہوئی بلکہ صارفین کے اخراجات بھی محدود ہو گئے، جس سے مینوفیکچرنگ اور سروس سے متعلق دونوں شعبہ جات متاثر ہوئے۔ عالمی تجارت اور مقامی طلب میں کمی کے باعث برآمدات اور درآمدت بھی محدود ہو گئی۔ اس کے برعکس، سرکاری کھپت میں اضافہ ہوا، جو وبائی مرض کے اثرات کا مقابلہ کرنے کے لیے پالیسی کی شرح میں 625 bps تک کمی کے ساتھ ایک حوصلہ افزاء پیکج کے آغاز کو ظاہر کرتا ہے۔

حال

چونکہ لاک ڈاؤن کے اقدامات اب ختم کر دیئے گئے ہیں، لہذا پاکستان میں معاشی سرگرمیاں بحال ہونا شروع ہو گئی ہیں۔ مالی سال 2021 کی پہلی سہ ماہی (FY21Q1) میں کرنٹ اکاؤنٹ نے پانچ سال سے زائد مدت میں اپنا پہلا سہ ماہی سرپلس ریکارڈ کیا۔ ماہ دسمبر تک مجموعی کرنٹ اکاؤنٹ، گزشتہ سال کی اسی مدت میں ہونے والے 2 بلین امریکی ڈالر کے خسارے کے برخلاف سرپلس کی صورت میں 1.1 بلین امریکی ڈالر پر پہنچ گیا، جو حکومت اور اسٹیٹ بینک آف پاکستان کی جانب سے تجارتی توازن، ریکارڈ ترسیلات زر اور مالیاتی پالیسی کے حوالے سے کئے جانے والے اقدامات میں بہتری

Each function, under the supervision of the senior executive management, is entrusted with the responsibility to oversee rectification of control deficiencies identified by internal and external auditors and regulators. The control activities are also being closely monitored through risk management and compliance functions ensuring adherence to regulatory requirements and the Bank's internal policies and procedures. Based on the observations and weaknesses identified by control functions, external and internal auditors, improvements are brought about by the management in internal controls to ensure non-recurrence of those exceptions and elimination of such weaknesses to the maximum possible level.

As a continuous process, the Bank formulates/update and review various key policies and procedures for its various lines of businesses. While formulating such policies clear line of authority and responsibility is ensured to have been established in order to ascertain accountability and effective internal control system.

The scope of Internal Audit department, independent from the line management, includes assessment of the adequacy and effectiveness of the internal control system across the Bank, and compliance with prescribed policies and procedures. All significant findings of Internal Audit assessments are periodically reported to the Board Audit Committee.

The Bank's internal control system is designed to mitigate, rather than to eliminate the risk of failure to achieve the business objective, and can only provide reasonable and not absolute assurance against material misstatements or losses. Moreover, the projection of current evaluations of the effectiveness to future periods is subject to a limitation that controls may become inadequate due to changes in control environment. However, it is an ongoing process that includes identification, evaluation and mitigation of significant risks faced by the Bank.

The Bank initiated process of implementation of Internal Control Guidelines as required by State Bank of Pakistan vide BSD Circular No. 07, of 2004 and had conducted a detailed exercise through independent consultants; documenting and benchmarking existing internal processes and controls relating to financial reporting. These process and controls are reviewed and updated periodically.

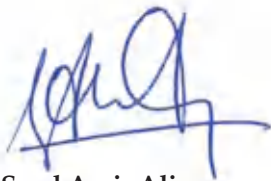

Further, the management had prepared a Road Map for the completion of all stages in accordance with the SBP OSED Circular No. 01, dated February 07, 2014, "Instructions on Internal Controls over Financial Reporting (ICFR)", which was approved by the Board Audit Committee. Alhamdulillah, the Bank had successfully completed all stages of its ICFR program in accordance with the Road Map under SBP OSED Circular No. 01, dated February 07, 2014. However, this is a continuous exercise whereby all new controls are been documented and tested periodically to ensure their existence and effectiveness.

In view of the above accomplishment and substantial implementation of identified gaps, State Bank of Pakistan (SBP) granted exemption for independent statutory assessment on Bank's ICFR program. Accordingly, the Bank is now required only to submit its annual self-assessment report duly endorsed by the Audit Committee. The last such report was submitted for the year ended December 31, 2019 to SBP. A similar assessment report for the year ended December 31, 2020, will be submitted within the time frame stipulated in the aforementioned circular.

Based on the results of the ongoing evaluation of internal controls carried out during the year, the Management considers that the Bank's existing internal control system is adequately designed, operating effectively, and monitored consistently. Nevertheless, the management continuously endeavors to further strengthen the internal control system of the bank for an improved control environment.

Based on the above, the Board of Directors duly endorses above management's evaluation of the internal control system.

To the members of BankIslami Pakistan Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

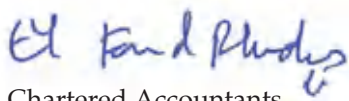

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of BankIslami Pakistan Limited (the Bank) for the year ended 31 December 2020 in accordance with the requirements of regulation 36 of the Listed Companies (Code of Corporate Governance) Regulations 2019.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Bank's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended 31 December 2020.

Shariah Supervisory Board Report - 2020

الحمد لله رب العالمين، والصلاة والسلام على أشرف الأنبياء والمرسلين،
وعلى آله وأصحابه أجمعين، وبعد

By the grace of Allah, the Almighty, BankIslami has successfully completed the year 2020, a year in which Covid-19 drastically affected the world economically, psychologically, and socially.

During this economic crisis, the Government of Pakistan and the State Bank of Pakistan played a commendable role due to which Pakistan did not undergo economic problems that many other countries had to face. Amongst other initiatives, the State Bank of Pakistan started different financial schemes to help institutions to come out from the economic crisis. Those schemes, among others, included payment relaxation in outstanding facilities, subsidized financing in the health sector, and assistance to organizations in payment of salaries & wages.

BankIslami also played its role in dampening the financial effects of the pandemic by remaining actively engaged in providing financing under the above mentioned financial schemes of the State Bank of Pakistan. The Management of the Bank, in general, and Shariah Compliance Department (SCD), in particular, played a crucial role in the implementation of directives relating to schemes issued by the Islamic Banking Department of State Bank of Pakistan and Shariah Supervisory Board of the Bank. In order to facilitate the implementation of these schemes in the Bank, SCD effectively coordinated with Shariah Supervisory Board in the ongoing phase to ensure timely Shariah approvals of financing under these schemes to steer the business wheel in this financial crisis.

Shariah Supervisory Board (SSB) hereby presents the Annual Report about the affairs of BankIslami.

During the year ended December 31, 2020, SSB of BankIslami held four meetings to review various matters which included, among others, new products and services, product modifications, concepts, transactions, structures, processes, and Shariah issues referred to them. To ensure that, apart from the quarterly meetings, SCD remained in close coordination with SSB. This ongoing involvement of SSB not only ensured that it constantly remained on board with all the Shariah affairs of the Bank but it also enabled SSB to approve, by way of circulation, different matters on time.

In the following section, the Report discusses the state of affairs of BankIslami and the developments that took place in the said period:

Shariah Compliance:

The commitment of the Board of Directors and Management in building the overall Shariah compliance environment of the Bank is commendable. The Bank's Shariah Compliance Department (SCD) experienced the management's utmost support in discharging its functions.

In 2015, BIPL Securities (formerly known as KASB Securities) became a subsidiary of BankIslami as a result of a merger of BankIslami with ex-KASB Bank. The Shariah Board of the Bank had advised to dispose-off BIPL Securities as significant portion of brokerage activities are not in compliance with Shariah rules. In line with Shariah Board's advice and BOD decision, the Management has signed a Share Purchase agreement with the buyer, and in this regard the completion of sale is expected in 2021 subject to regulatory approvals.

The SCD works under the guidance and supervision of the Shariah Board and is equipped with qualified professionals – including Shariah Scholars and business graduates from reputed institutions. The prime objective of SCD is to keep a continuous watch on the operations from the Shariah perspective and take corrective actions if needed. The SCD ensures Shariah Compliance in the affairs of BankIslami by actively evaluating various operational activities including customer-specific Transaction Fact Sheets, the text of agreements and guarantees, verifying monthly distribution of profit and loss to depositors, and coordinating with HR for arranging and providing Islamic Banking training to the Bank's staff.

The SCD strives to bring about continuous improvement in the Shariah compliance environment of the Bank. In this regard, SCD, as per the directives of the Shariah Board, issues new guidelines and revises the previously issued Shariah instructions to manage Shariah non-compliance risk. During the year, SCD issued different Shariah guidelines which include, among others, guidelines regarding Obtaining Takaful in Financing Transactions, Disposal of Foreign Currency, Obtaining Shariah Approval in Settlement Cases, and Waiver of Charges on Current Account. Comprehensive Shariah Compliance guidelines for Branches were also issued to ensure that branches espouse the spirit of Islamic Banking and demonstrate the fundamental, ideological and practical differences between Islamic and Conventional Banking.

The function of Shariah Review of financial transactions is discharged by SCD in two phases; pre-execution review which is for all the customers and post-execution review which is carried out on a sample check basis.

SCD carried out Shariah Review of different departments/functions of Head office and branches across the country during the year. The SCD presented Shariah Review reports, Internal and External Shariah Audit reports, and SBP Inspection report to SSB for determining corrective actions.

In addition to Shariah Review, Internal Shariah Audit unit (ISAU), working under the Internal Audit department, conducted Shariah Audit of branches and departments/functions of the Bank to ensure the compliance of Shariah guidelines of Shariah Board and State Bank of Pakistan.

Products & Shariah Structuring:

Alhamdulillah, the Bank successfully concluded the IPO and listing of BankIslami Ehad Sukuk which is Pakistan's first listed Additional Tier-1 Mudarabah Sukuk. The Sukuk is a key milestone for the Bank through which our Tier-1 Capital has been strengthened.

During the year, a series of Islamic Commercial Papers (ICPs) were issued by K-Electric in which the Bank was the joint Shariah Structuring Bank. Further, Short Term Sukuk (STS) for Kot Addu Power Company Limited (KAPCO) was also structured. The ICPs and STS were structured on the basis of Musharakah (Shirkat-ul-Aqd) through which participants invested in identified business operations of the respective companies.

Different Products/Schemes were launched during the year after obtaining Shariah Board approval. They include the following:

1. **Islamic Refinance Scheme for Payment of Wages and Salaries to the Workers and Employees of Business Concerns (IRSPWS):** This product was developed to assist businesses in coping with the challenge of making wages/salary payments to their workers /employees due to COVID-19.
2. **Islamic Temporary Economic Refinance Facility (ITERF):** This product was developed to support businesses in combating the economic challenges faced due to COVID-19. This product enabled long-term financing to customers for imported and locally manufactured new plant and machinery to be used in setting-up new projects across various sectors.
3. **Islamic Refinance Facility for Combating COVID-19 (IRFCC):** This product was developed to support hospitals/medical centers in controlling and eradicating COVID-19. Medical equipment and setting up of isolation wards were financed through this facility.

The above three products were developed to enable the Bank's customers for availing different Islamic Refinance Schemes introduced by the State Bank of Pakistan (SBP) to dampen the effects of COVID-19. Transaction Fact Sheets were developed in coordination with the relevant business unit for each case received under these Schemes. Considering that a large number of customers availed these Schemes, there was a significant effort involved in structuring customized Shariah-compliant solutions for each transaction.

4. **Islamic Premium FCY Savings Account:** This was introduced as a variant of the existing FCY savings account (based on Mudarabah) and was targeted towards medium to large-sized depositors and corporations.
5. **Islami Business Savings Account:** This was introduced as a variant of the existing savings account (based on Mudarabah) in which the profit will be calculated on the daily balance. This was targeted towards businesses or individuals who have fluctuating balances throughout the month.

Under Prime Minister's Kamyab Jawan Youth Entrepreneurship Scheme (PMKJ-YES), the Bank also provided concessional financing to youth for establishing or expanding business enterprises. The Scheme was offered to customers through the Bank's existing modes of financing and products. Cases were evaluated on an individual basis and solutions were provided accordingly. The Bank further, through Muskun Financing, offered low-cost house financing facility to customers under the SBP's 5 and 10 Marla low and Middle Income Housing Scheme (Naya Pakistan Housing Program).

In terms of Shariah-compliant solutions, the Bank introduced a couple of guidelines during the year to cater to the different COVID-19 related SBP schemes. Firstly, guidelines were issued about the physical inspection in different transactions. These guidelines were issued to ensure complete Shariah compliance of the transactions keeping in mind the health advisory about COVID-19. Secondly, to allow the Bank to offer to defer, reschedule or restructure the financing transactions of different customers, Shariah guidelines titled "Implementation of Regulatory Relief to Dampen the Effects of COVID-19" were developed as well. The Transaction Fact Sheets (TFS) of the restructuring/rescheduling requests received from customers were developed on an individual basis by business units concerning these guidelines and approval was granted accordingly.

The Shariah Board also reviewed the revised product manuals and agreements of its existing products such as Murabahah and Bai Muajjal of Sukuk.

Training and Development:

During the year, Shariah Compliance Department and Products & Shariah Structuring fully focused on the training of Bank's staff and conducted several programs for different departments of the Bank to enhance their knowledge of Islamic banking to prepare them to persuade customers and to execute transactions in the best manner in terms of Shariah.

To enhance the theoretical and practical knowledge of Islamic Banking and Finance during the given period, the team continued its focus on Shariah related training of the Bank's employees despite the COVID-19 pandemic. SCD devised and executed a plan to conduct the training of employees through an online platform. The training was followed by an oral test of each employee through video calls. The team also conducted Shariah training of employees of various departments of the Bank including Trade, Corporate, Pool Management, and Distribution team in various cities. Training sessions on Islamic and business ethics were also conducted for the Bank's sales team.

The Islamic Banking training and orientation sessions for BOD and Top Management were also conducted. The session related to the applicable legal framework was also arranged for members of the Shariah Board during the year.

During the period, several online and classroom training sessions on Islamic Banking Concepts conducted in various cities in which more than 2,957 participants attended.

To increase the effectiveness of internal training, the Bank entered into collaboration with the Institute of Business Management (IoBM) through which different IoBM accredited certification programs will be offered to the Bank's employees. In this regard, "Certified Islamic Retail Banker (CIRB)" program was rolled out for bank-wide employees which will equip the participants with detailed knowledge of Islamic banking as well as an understanding of key features of deposit and financing products.

A comprehensive online training program constituting of 06 sessions, covering all the financing products, was organized and conducted for the Corporate, SMEs & Agri teams. A similar customized online training program comprising of 05 sessions was organized and conducted for the Distribution team. The latter was attended by Branch Managers across the country. Both online programs were conducted on a Pan- Pakistan level.

In coordination with HR, SCD also launched Mandatory Self-study Basic Islamic Banking Program. This program comprised of self-study reading lessons and E-learning videos along with the assessment material. Further, in a bid to improve staffs' Shariah and Islamic Banking knowledge, the team took the initiative to share daily posts with the title 'Islam aur Maeshat'.

Islamic Banking Awareness:

Islamic Banking awareness sessions for the general public and students were arranged in various cities to address the misconceptions about Islamic Banking. In the period, the team conducted seminars in Karachi, Kallar Syedan, Muzzafarabad, Islamabad, Mehar and Bahawalpur. The team also conducted Islamic Banking awareness session via Zoom for capacity building of staff of SBP BSC, Sukkur, and Hyderabad.

The Bank launched a 'Rural Business Development Program' with a special focus on rural areas in terms of increasing Islamic banking and financial inclusion. In this regard, awareness sessions on Islamic Banking and principles of Islam in Agri-Business (e.g. prohibition of interest, payment of Ushar from crop production) were conducted in rural areas such as Allah Dino Soomro Goth (suburb village of Badin), Wahi Pandhi (suburb village of Dadu) and Goth Gahi Khan Chhajro (suburb village of Hala).

Further, articles on Islamic Banking were also authored and published in some of the leading Urdu newspapers to increase Islamic banking awareness amongst the general public.

Composition of Financing Portfolio:

The Bank used a variety of Islamic modes of finance to provide financing to its customers. The share of the partnership (Shirkat-ul-Aqd) and Shirkat-ul-Milk cum rent based products was 30% and 45%, respectively while the share of trade based products was 20%. The following diagram illustrates the composition of the financing portfolio as of December 31, 2020.

Charity:

The Bank received an amount of Rs. 38.9 million from the customers in respect of charity on delays in payments and credited these payments to the Charity Account. It may be pertinent to mention that since the charity funds are kept under investment accounts at the Bank, the accrued Mudarabah profit of Rs. 371,000/- was also credited to the charity account.

During the year, an income of Rs. 7.49 million was declared as Shariah non-compliant and accordingly credited to Charity Account.

A charity amount of Rs. 181,388/- till Dec 31, 2020, has been received from employees in place of breaching the terms of the contract.

Disbursement during the year from the charity fund has amounted to Rs. 53.66 million. Details of charity disbursed are available in the notes to the accounts.

Recommendations/Suggestions:

Based on the observations made through Shariah Review reports, and feedback received from various stakeholders, we recommend the following:

- The Bank should continue to launch training programs like “Certified Islamic Retail Banker” which provide comprehensive and specialized training for other banking areas. This will help in enhancing Islamic banking knowledge of the Bank’s staff and mitigate Shariah non-compliance risk.
- To enhance the contribution of the Bank in place of preventing the general public from Riba, it is suggested that the Bank should further broaden its product spectrum to cater to the financing needs of untapped segments such as personal and education financing.
- In addition to using Running Musharakah for providing financing to government entities, the Bank, in coordination with other industry players, should explore more options to cater to the financing need of government institutions.
- As the Musharakah based financing portfolio is growing, therefore, it is important to work towards developing centralized control, in consultation with other industry players, to monitor the Running Musharakah limit of each customer.

- The Bank should continue to conduct Islamic Banking public awareness sessions particularly in rural areas of the country to inculcate in masses the concept of impermissibility of Riba and understanding of Islamic modes of finance.

Conclusion:

Based on the reports of Internal Shariah Audit, External Shariah Audit and different Shariah compliance checks carried out from time to time and according to best of our knowledge, we are of the view that:

- i. The Bank has complied with Shariah rules and principles in the light of fatawa, rulings and guidelines issued by the Shariah Board.
- ii. The Bank has complied with directives, regulations, instructions and guidelines related to Shariah compliance issued by SBP in accordance with the ruling of SBP's Shariah Board.
- iii. The Bank has a comprehensive mechanism in place to ensure Shariah compliance in their overall operations.
- iv. The Bank has a well-defined system in place which is sound enough to ensure that any earnings realized from sources or by means prohibited by Shariah have been credited to charity account and are being properly utilized.
- v. The Bank has complied with the SBP's instructions on profit and loss distribution and pool management.
- vi. The level of awareness, capacity and sensitization of the staff, management and the BOD in appreciating the importance of Shariah compliance in the products and processes of the Bank is found to be satisfactory. However, the management should continue to take measures to further improve the level of awareness.
- vii. The Shariah Board has been provided adequate resources enabling it to discharge its duties effectively.

We end this report with best wishes to the Islamic finance industry.

چیرٹی/خیرات:

بینک نے ادائیگیوں میں تاخیر کی وجہ سے لازم ہونے والی چیرٹی کی مد میں، کسٹمر سے مبلغ تین کروڑ، نواسی لاکھ (38,900,000) روپے کے بقدر رقم وصول کی اور اس کو چیرٹی اکاؤنٹ میں جمع کیا۔ یہاں یہ بات بھی قابل ذکر ہے کہ چونکہ چیرٹی فنڈ کو بینک کے انویسٹمنٹ اکاؤنٹ کے تحت رکھا جاتا ہے، اس لئے اس پر ملنے والا مبلغ تین لاکھ، اکہتر ہزار (371,000) روپے کا مضاربہ منافع بھی چیرٹی اکاؤنٹ میں جمع کیا گیا۔

سال کے دوران، مبلغ پچھتر لاکھ، نوے ہزار (7,490,000) روپے کے بقدر آمدنی غیر شرعی قرار دی گئی اور چیرٹی اکاؤنٹ میں جمع کرائی گئی۔

ملازمت کی شرائط کی خلاف ورزی کرنے کی وجہ سے لازم ہونے والی چیرٹی کی مد میں، ملازمین کی طرف سے 31 دسمبر 2020ء تک مبلغ ایک لاکھ، اکیاسی ہزار، تین سو اٹھاسی (181,388) روپے کے بقدر چیرٹی کی رقم بھی وصول ہوئی۔

تجویز/آراء:

شرعیہ رپورٹوں اور مختلف جہات سے موصول ہونے والی آراء کی روشنی میں ہم درج ذیل باتیں تجویز کرتے ہیں:

۱۔ بینک کو 'سرفائینڈ اسلامک ریٹیل بینکر' جیسے ٹریننگ پروگرامز مزید شروع کروانے چاہئیں، جو بینک کے دیگر کاموں سے متعلق بھی جامع اور خاص ٹریننگ فراہم کرتے ہیں۔ یہ پروگرام عملے کی اسلامی بینکنگ کی معلومات بڑھانے اور شریعت کی خلاف ورزی کے خطرات کو کم کرنے میں معاون ثابت ہوں گے۔

۲۔ عوام کو سود سے بچانے کے سلسلے میں بینک کو اپنا کردار مزید بڑھانا چاہیے، اس حوالے سے تجویز دی جاتی ہے کہ بینک اپنی پروڈکٹس میں مزید اضافہ کرے تاکہ ان شعبوں میں بھی بینک فنانسنگ کر سکے جن میں اب تک اسلامی فنانسنگ کی سہولت موجود نہیں ہے، جیسے ذاتی ضروریات کے لیے فنانسنگ (Personal Financing) اور تعلیمی اخراجات کے لیے فنانسنگ۔

۳۔ بینک کو انڈسٹری کے دوسرے کاروباری اداروں کے ساتھ مل کر حکومتی اداروں کو فنانسنگ دینے کے لیے رینگ مشارکہ کے علاوہ بھی مزید پروڈکٹس کی تیاری کے لیے بھی غور و خوض کرنا چاہیے۔

۴۔ چونکہ مشارکہ کی بنیاد پر فنانسنگ کارجان بڑھ رہا ہے، لہذا ضرورت اس بات کی ہے کہ انڈسٹری کے دوسرے کاروباری اداروں کے ساتھ مل کر نگرانی کا ایک مرکزی نظام وضع کیا جائے تاکہ ہر کسٹمر کی رینگ مشارکہ کی حد کی نگرانی کی جاسکے۔

۵۔ سود کی حرمت اور فنانس کے اسلامی طریقوں کی معلومات کو عوام کے ذہنوں میں راسخ کرنے کے لیے، اسلامی بینکاری آگاہی عوامی نشستوں کا انعقاد بالخصوص ملک کے دیہی علاقوں میں جاری رکھا جائے۔

عوام کے لیے آگاہی نشست:

عوام اور طلبہ کے لیے ملک کے مختلف شہروں میں اسلامی بینکاری آگاہی نشستوں کا انعقاد کیا گیا تاکہ اسلامی بینکنگ سے متعلق شکوک و شبہات کو دور کیا جاسکے۔ سال کے دوران کراچی، کلر سیداں، مظفر آباد، اسلام آباد، مہراور بہاولپور میں سیمینارز منعقد کیے گئے۔ ان کے علاوہ سکھر اور حیدر آباد میں اسٹیٹ بینک کے عملے کے لیے بھی اسلامی بینکاری آگاہی نشستیں زوم کے ذریعے منعقد کی گئیں۔

دیہاتی علاقوں میں اسلامی بینکنگ پھیلانے اور مالیاتی نظام میں شامل کرنے کے لیے بینک نے ایک 'دیہاتی کاروباری ترقیاتی پروگرام' (Rural Business Development Program) متعارف کروایا۔ اس حوالے سے اسلامی بینکنگ اور زرعی کاروبار کے بارے میں اسلامی اصول (جیسے سود کی حرمت، پیداوار پر عشر کی ادائیگی) سے متعلق آگاہی نشستیں مختلف دیہاتی علاقوں میں منعقد کی گئیں، جیسے اللہ دینو سومر و گوٹھ (بدین کا ایک مضافاتی گاؤں)، واہی پانڈھی (دادو کا ایک مضافاتی علاقہ)، اور گوٹھ گاہی جھجرو (ہالہ کا مضافاتی علاقہ) وغیرہ۔

اس کے علاوہ عوام میں اسلامی بینکنگ کا شعور پیدا کرنے کے لیے اسلامی بینکنگ کے موضوع پر متعدد مضامین معروف اردو اخباروں میں بھی شائع کروائے گئے۔

بینک کی سرمایہ کاری کا تجزیہ:

بینک نے اپنے کسٹمرز کو فنانسنگ دینے کے لیے مختلف اسلامی طریقہ ہائے تمویل استعمال کیے۔ بینک کی کل سرمایہ کاری کے مجموعے میں شرکت (شرکت العقد) اور شرکت الملک مع اجارہ کی بنیاد پر مبنی پروڈکٹس کا حصہ بالترتیب تیس فیصد (30%) اور بیسنتالیس فیصد (45%) رہا، جبکہ تجارت کی بنیاد پر مبنی پروڈکٹس کا حصہ بیس فیصد (20%) رہا۔ درج ذیل جدول 31 دسمبر 2020ء میں بینک کی سرمایہ کاری کے مجموعہ کا تجزیہ ظاہر کرتا ہے:

اسلامی بینکاری کی ٹریننگ:

سال کے دوران، شریعہ کمپلائنس ڈپارٹمنٹ اور پروڈکٹس اینڈ شریعہ اسٹرکچرنگ ڈپارٹمنٹ نے بینک کے ملازمین کی ٹریننگ پر بھرپور توجہ دی اور بینک کے مختلف شعبوں کے ملازمین کو اسلامی بینکاری کی معلومات فراہم کرنے اور اس میں اضافہ کرنے کے حوالے سے کئی نئے پروگرام بھی شروع کیے، تاکہ وہ کسٹمرز کی صحیح رہنمائی کر سکیں اور معاملات کو شرعی حوالے سے صحیح طرح انجام دے سکیں۔

کورونا وائرس کے باوجود سال کے دوران ٹیم کی توجہ بینک کے عملے کی ٹریننگ پر مسلسل رہی تاکہ ان کی اسلامی بینکاری و مالیات کی نظریاتی و عملی معلومات کو مزید بہتر کیا جاسکے۔ شریعہ کمپلائنس ڈپارٹمنٹ نے عملے کی آن لائن ٹریننگ کے حوالے سے ایک نئے نظام کا آغاز کیا۔ اس آن لائن ٹریننگ کے آخر میں ویڈیو کال کے ذریعے ہر عملے کا زبانی ٹیسٹ بھی لیا گیا۔ اس کے علاوہ ٹیم نے مختلف شعبہ جات کے عملے کو علیحدہ سے بھی شریعہ ٹریننگ دی، ان شعبہ جات میں ٹریڈ، کارپوریٹ، پول منیجمنٹ اور مختلف شہروں کی ڈسٹریبیوشن ٹیم شامل ہیں۔ نیز بینک کی سیلز ٹیم کے لیے اسلامی تجارتی اخلاقیات کے موضوع پر تربیتی نشستوں کا بھی انعقاد کیا گیا۔

بورڈ آف ڈائریکٹرز اور اعلیٰ انتظامیہ کے لیے اسلامی بینکنگ ٹریننگ اور تعارفی نشستوں کا بھی انعقاد کیا گیا۔ شریعہ بورڈ کے ممبران کے لیے نافذ العمل لیگل فریم ورک کے موضوع پر ایک نشست کا بھی اہتمام کیا گیا۔

سال کے دوران، مختلف شہروں میں اسلامی بینکنگ کے موضوع پر متعدد آن لائن اور کلاس روم ٹریننگ کا انعقاد کیا گیا، جس میں دو ہزار، نو سو، ستاون (2957) افراد شریک ہوئے۔

بینک کی انٹرئل ٹریننگ کو مزید مفید بنانے کے لیے، بینک نے انسٹیٹیوٹ آف بزنس منیجمنٹ (آئی او بی ایم) سے اشتراک کیا، جس کے تحت (آئی او بی ایم) مختلف تسلیم شدہ سرٹیفکیٹ پروگرامز بینک کے عملے کے لیے پیش کرے گا۔ اسی سلسلے میں ایک پروگرام 'سرٹیفائیڈ اسلامک ریٹیل بینکر' بینک کے عملے کے لیے شروع کیا گیا ہے جس سے شرکاء کو ایک طرف اسلامی بینکنگ کا تفصیلی علم حاصل ہوگا تو دوسری طرف وہ ڈپازٹ اور فنانسنگ پروڈکٹس کی بنیادی خصوصیات سے بہرہ ور ہو سکیں گے۔

چھ نشستوں پر مشتمل ایک جامع آن لائن پروگرام کارپوریٹ، چھوٹے کاروبار اور زرعی شعبہ کو فنانسنگ کی سہولت فراہم کرنے والی ٹیم کو کرایا گیا، جو تمام فنانسنگ پروڈکٹس پر محیط تھا۔ اسی جیسا ایک اور پانچ نشستوں پر مشتمل پروگرام ڈسٹریبیوشن ٹیم کو بھی کرایا گیا۔ اس پروگرام میں پورے ملک سے براؤنچ منیجر نے شرکت کی۔ مذکورہ بالا دونوں آن لائن پروگرام ملکی سطح پر منعقد کیے گئے۔

شریعی کمپلائنس ڈپارٹمنٹ نے ایچ آر کے تعاون سے 'بنیادی اسلامی بینکاری کا خود مطالعاتی پروگرام' متعارف کرایا۔ جو خود مطالعاتی اسباق اور ای لرننگ ویڈیوز مشتمل ہے، جس کے ساتھ امتحانی مواد بھی فراہم کیا گیا ہے۔ اس کے علاوہ عملے کی شریعہ اور اسلامی بینکنگ کے حوالے سے معلومات میں بہتری کی غرض سے، 'اسلام اور معیشت' کے نام سے روزانہ ایک پوسٹ ای میل کے ذریعے پورے بینک میں شیئر کی جاتی ہے، جو کہ ایک نیا اقدام ہے۔

مذکورہ بالا تین پروڈکٹس بینک اسلامی کے کسٹمرز کے لئے بنائی گئیں تاکہ وہ کرونا کے معاشی اثرات سے نمٹنے کے لئے اسٹیٹ بینک آف پاکستان کی طرف سے متعارف کی جانے والی مختلف ری فائننس اسکیموں سے مستفید ہو سکیں۔ اس اسکیم کے لئے موصول ہونے والی ہر درخواست کو مد نظر رکھتے ہوئے متعلقہ بزنس یونٹ کے ساتھ مل کر ٹرانزیکشن کی بنیادی معلومات پر مشتمل دستاویزات تیار کی گئیں۔ چونکہ کسٹمرز کی ایک بہت بڑی تعداد ان اسکیموں سے مستفید ہوئی لہذا ہر ٹرانزیکشن کی ضرورت کو سامنے رکھ کر اس کا شرعی حل تجویز کرنے میں بہت زیادہ محنت صرف ہوئی۔

۴۔ اسلامک پریمیم فارن کرنسی سیونگ اکاؤنٹ :

یہ اکاؤنٹ موجودہ غیر ملکی کرنسی اکاؤنٹ (مضاربہ کی بنیاد پر) کی ایک قسم کے طور پر متعارف کروایا گیا، جس کا ہدف درمیانے اور بڑے درجے کے کھاتہ دار اور کاروباری ادارے ہیں۔

۵۔ اسلامک بزنس سیونگ اکاؤنٹ :

یہ اکاؤنٹ موجودہ سیونگ اکاؤنٹ (مضاربہ کی بنیاد پر) کی ایک قسم کے طور پر متعارف کروایا گیا، جس میں روزانہ کے بیلنس کی بنیاد پر نفع کا حساب کیا جاتا ہے۔ اس کا ہدف ایسے کاروبار اور افراد ہیں جن کے اکاؤنٹ بیلنس میں پورا مہینہ تبدیلی ہوتی رہتی ہے۔

وزیراعظم کی کامیاب جوان اسکیم (PMKJ-YES) کے تحت بھی بینک نے نوجوانوں کو رعایتی فائننسنگ فراہم کی تاکہ وہ اپنا نیا کاروبار شروع کر سکیں یا پہلے سے موجود کاروبار کو وسعت دے سکیں۔ یہ اسکیم بینک میں پہلے سے رائج سرمایہ کاری کے طریقوں اور پروڈکٹس کے مطابق کسٹمرز کو فراہم کی گئی۔ تمام درخواستوں کا انفرادی طور پر جائزہ لے کر ان کا حل تجویز کیا گیا۔ اس کے علاوہ بینک نے کسٹمرز کو مسکن فائننسنگ کے تحت اسٹیٹ بینک آف پاکستان کی نچلے اور متوسط آمدنی والے طبقے کے لئے پانچ اور دس مرلہ کے سستے گھر (نیا پاکستان ہاؤسنگ پروگرام) خریدنے کے لئے فائننسنگ کی سہولت متعارف کی۔

سال کے دوران کرونا وائرس سے متعلق اسٹیٹ بینک کی مختلف اسکیموں پر شریعت کے مطابق عمل درآمد کروانے کے لیے، بینک نے کئی ہدایات متعارف کروائیں۔ پہلی ہدایات مختلف معاملات میں سامان کے معائنے اور قبضہ سے متعلق تھیں۔ ان ہدایات کو کرونا وائرس سے متعلق حفظان صحت کے اصولوں کو مد نظر رکھتے ہوئے معاملات میں مکمل شریعہ کمپلائنس کو یقینی بنانے کے لیے جاری کیا گیا۔ دوسری ہدایات کرونا وائرس کے اثرات کو کم کرنے کے لیے ریگولیٹری ریلیف کا نفاذ کے نام سے جاری کی گئی، جس کا مقصد مختلف کسٹمرز کو مالی معاملات کی تشکیل نو، تبدیلی اور ادائیگیوں میں مہلت جیسی سہولیات مہیا کرنا تھا۔ کسٹمرز کی جانب سے موصول ہونے والی تشکیل نو/تبدیلی کی ہر درخواست پر متعلقہ بزنس یونٹ کے ساتھ مل کر بنیادی معلومات پر مشتمل دستاویزات تیار کی گئیں اور ان کے مناسب منظوری بھی دی گئی۔

شرعیہ بورڈ نے موجودہ دستاویزات اور معاہدات پر بھی نظر ثانی کی جیسے مراجمہ اور صکوک کی بنیاد پر بیع موبہل کی دستاویزات و معاہدات۔

شریعہ کمپلائنس ڈپارٹمنٹ نے سال کے دوران ہیڈ آفس کے مختلف شعبہ جات اور ملک بھر میں موجود شاخوں کا شرعی جائزہ لیا۔ شریعہ کمپلائنس ڈپارٹمنٹ نے شریعہ کمپلائنس کے جائزہ کی رپورٹس، انٹرنل اور ایکسٹرنل شریعہ آڈٹ کی رپورٹس اور اسٹیٹ بینک آف پاکستان کی معاونہ کرنے والی ٹیم کی رپورٹ شریعہ بورڈ کو پیش کیں تاکہ وہ مناسب اصلاحی اقدامات تجویز کر سکے۔

شرعی جائزہ کے علاوہ انٹرنل شریعہ آڈٹ کے شعبے (جو انٹرنل آڈٹ کے تحت کام کرتا ہے) نے بھی بینک کی شاخوں اور مختلف شعبوں کا شریعہ آڈٹ کیا تاکہ شریعہ بورڈ اور اسٹیٹ بینک کے اسلامک بینکنگ ڈپارٹمنٹ کی جانب سے جاری کردہ شرعی ہدایات پر عمل درآمد کو یقینی بنایا جاسکے۔

پروڈکٹس و تشکیل شرعی: (Products and Shariah Structuring)

الحمد للہ بینک اسلامی نے عہد صکوک کا اجراء کیا، جو کہ پاکستان کا پہلا لسٹڈ ایڈیشنل ٹائر۔ ون مضاربہ صکوک ہے۔ یہ صکوک بینک کے لئے سنگ میل کی حیثیت رکھتا ہے، جس کی وجہ سے ہمارے ٹائر ون سرمائے کی پوزیشن مستحکم ہوئی ہے۔

دوران سال بینک اسلامی نے بطور شریعہ اسٹرکچرنگ بینک، 'کے الیکٹرک' کے ساتھ مل کر بہت سے اسلامک کمرشل پیپرز کا اجراء کیا۔ نیز کوٹ ادو پاور کمپنی لمیٹڈ کے لئے بھی ایک قلیل مدت کا صکوک تشکیل دیا۔ یہ اسلامک کمرشل پیپرز اور محدود مدت کے صکوک مشارکہ (شرکت العقد) کی بنیاد پر تشکیل دیئے گئے، جن کے ذریعے شرکاء نے ان کمپنیوں کی متعین کاروباری سرگرمیوں میں سرمایہ کاری کی۔

شریعہ کمپلائنس:

بینک میں شریعہ کمپلائنس کی مجموعی صورتحال کو بہتر بنانے کے حوالے سے بورڈ آف ڈائریکٹرز اور مینجمنٹ کا عزم لائق تحسین ہے۔ شریعہ کمپلائنس ڈپارٹمنٹ کو اپنی ذمہ داریوں کی ادائیگی کے دوران مینجمنٹ کا مکمل تعاون حاصل رہا۔

سابقہ کے اے ایس بی بینک کے بینک اسلامی میں انضمام کے نتیجے میں، 2015ء میں بی آئی پی ایل سیکیورٹیز (سابقہ کے اے ایس بی سیکیورٹیز) بینک اسلامی کا ذیلی ادارہ بن گئی تھی۔ بینک کے شریعہ بورڈ نے ہدایت کی تھی کہ بی آئی پی ایل سیکیورٹیز کو فروخت کر دیا جائے کیوں کہ اس کی کاروباری سرگرمیوں کا بڑا حصہ شرعی اصولوں کے مطابق نہیں ہے۔ شریعہ بورڈ کی ہدایات اور بورڈ آف ڈائریکٹرز کے فیصلے کی روشنی میں انتظامیہ نے اس کی فروخت کے معاہدہ پر دستخط کر دیئے ہیں، جس کے نتیجے میں نگران اداروں کی طرف سے ضروری منظوریوں کے بعد اس کی فروخت 2021ء میں مکمل ہونے کی توقع ہے۔

شریعہ کمپلائنس ڈپارٹمنٹ شریعہ بورڈ کی زیر نگرانی کام کرتا ہے اور کو ایلفائیڈ پرو فیشنلز پر مشتمل ہے جن میں شریعہ اسکالرز اور معروف تعلیمی اداروں کے گریجویٹس شامل ہیں شریعہ کمپلائنس ڈپارٹمنٹ کا بنیادی مقصد شرعی حوالے سے معاملات کی مسلسل نگرانی کرنا اور ضرورت پڑنے پر اصلاحی اقدامات کرنا ہے۔

شریعہ کمپلائنس کو یقینی بنانے کے لیے شریعہ کمپلائنس ڈپارٹمنٹ، بینک اسلامی میں ہونے والی مختلف انتظامی سرگرمیوں کا جائزہ لیتا ہے۔ ان سرگرمیوں میں ٹرانزیکشن کی بنیادی معلومات پر مشتمل دستاویز کا جائزہ، معاہدوں اور گارنٹیز کی دستاویزات کا جائزہ، کھاتہ داروں کے ماہانہ نفع اور نقصان کی تقسیم کے طریقہ کار کی تصدیق اور بینک کے ملازمین کے لئے اسلامی بینکنگ کی ٹریننگ کے انعقاد کے لیے شعبہ انسانی وسائل (ہیومن ریسورس ڈپارٹمنٹ) سے رابطہ میں رہنا جیسے امور شامل ہیں۔

شریعہ کمپلائنس ڈپارٹمنٹ بینک کے شریعہ کمپلائنس کے ماحول کو مزید بہتر بنانے کے لئے ہمہ وقت مصروف رہتا ہے۔ اس حوالے سے شریعہ کمپلائنس ڈپارٹمنٹ شریعہ بورڈ کے احکامات کی روشنی میں نئی ہدایات جاری کرتا ہے اور پہلے سے جاری شدہ ہدایات کا بھی جائزہ لیتا رہتا ہے تاکہ شرعی اصولوں کی خلاف ورزی کے خطرے کو محدود کیا جاسکے۔ سال کے دوران، شریعہ کمپلائنس ڈپارٹمنٹ نے مختلف شرعی ہدایات جاری کیں جن میں دیگر ہدایات کے ساتھ ساتھ، فائنانسنگ ٹرانزیکشنز کا کافل کروانا، غیر ملکی کرنسی کا ڈسپوزل، بینک سے فائنانسنگ کے تعلق کو ختم کرنا اور کرنٹ اکاؤنٹ کے مقابلے میں دی جانے والی رعایتوں سے متعلق ہدایات شامل ہیں۔ براؤنچر کے لئے تفصیلی شرعی ہدایات کا بھی اجراء کیا گیا تاکہ براؤنچر میں صحیح معنوں میں اسلامک بینکنگ پر عمل ہو اور اسلامک اور روایتی بینکنگ میں بنیادی نظریاتی اور عملی طور پر واضح فرق نظر آئے۔

شریعہ بورڈ کی رپورٹ برائے سال 2020ء

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

الحمد لله رب العالمین، والصلاة والسلام على أشرف الأنبياء والمرسلین،
وعلى آله وأصحابه أجمعین، وبعد

الحمد لله، اللہ تعالیٰ کے فضل و کرم سے بینک اسلامی نے 2020ء جیسا مشکل سال، جس میں کرونا وائرس نے پوری دنیا کو معاشی، نفسیاتی اور سماجی طور پر متاثر کیا، کامیابی کے ساتھ مکمل کیا۔

اس معاشی بحران کے موقع پر حکومت پاکستان اور اسٹیٹ بینک کا کردار قابل ستائش رہا، جس کے نتیجے میں پاکستان میں وہ معاشی مسائل پیدا نہیں ہوئے جن کا سامنا دیگر کئی ممالک کو کرنا پڑا۔ معاشی بحران سے نکلنے کے لیے اسٹیٹ بینک نے فنانسنگ کی مختلف اسکیمیں شروع کیں، جن میں جاری فنانسنگ کی ادائیگی میں مہلت، صحت کے شعبے اور دیگر اداروں کو تنخواہوں کی ادائیگیوں کے لئے رعایتی شرح پر فنانسنگ جیسی اسکیمیں شامل ہیں۔

بینک اسلامی اسٹیٹ بینک کی تمام اسکیموں کے تحت شرعی اصولوں کے مطابق فنانسنگ میں سرگرم عمل رہا۔ 'شریعہ کمپلائنس ڈپارٹمنٹ' اور 'پروڈکٹ اینڈ شریعہ اسٹرکچرنگ ڈپارٹمنٹ' نے ان اسکیموں سے متعلق اسٹیٹ بینک کے اسلامی بینکنگ ڈپارٹمنٹ اور بینک کے شریعہ بورڈ کی ہدایات کی تعمیل میں فعال کردار ادا کیا۔ شریعہ کمپلائنس ڈپارٹمنٹ اس حوالے سے مسلسل شریعہ بورڈ سے رابطے میں رہا، تاکہ اس مشکل صورت حال میں کاروبار زندگی چلانے کے لیے فنانسنگ کی سہولیات بروقت فراہم کی جاسکیں۔

بینک اسلامی نے بھی وبا کے معاشی اثرات کو کم کرنے کے لیے اسٹیٹ بینک آف پاکستان کی مذکورہ بالا اسکیموں کے تحت فنانسنگ فراہم کرنے میں اپنا کردار ادا کیا۔ اسٹیٹ بینک آف پاکستان کے اسلامک بینکنگ ڈپارٹمنٹ اور بینک کے شریعہ بورڈ کی ان اسکیموں سے متعلق جاری کردہ ہدایات کے نفاذ میں بینک کی انتظامیہ نے عموماً اور شریعہ کمپلائنس ڈپارٹمنٹ نے خصوصاً اہم کردار ادا کیا۔ شریعہ کمپلائنس ڈپارٹمنٹ بروقت فنانسنگ کی فراہمی کو یقینی بنانے کے لئے شریعہ بورڈ کے ساتھ مسلسل رابطے میں رہا تاکہ اس معاشی بحران کے دوران کاروبار کا پیہ چلتا رہے۔

شریعہ بورڈ اس سالانہ رپورٹ کے ذریعے بینک اسلامی کے معاملات کے بارے میں اپنی رائے پیش کر رہا ہے۔

31 دسمبر 2020ء کو اختتام پذیر ہونے والے سال کے دوران بینک اسلامی کے مختلف معاملات کا جائزہ لینے کے لیے شریعہ بورڈ کی کل چار باقاعدہ مجالس منعقد ہوئیں، جن میں مختلف معاملات کے علاوہ نئی پروڈکٹس اور سروسز، پروڈکٹس میں تبدیلیاں، نئے تصورات، ٹرانزیکشنز، اسٹرکچر (معاملے کا اصولی طریقہ کار)، معاملات کے مرحلہ وار طریقہ کار، اور شریعہ بورڈ کو پیش کیے گئے دیگر شرعی مسائل کا جائزہ لیا گیا۔ شریعہ کمپلائنس ڈپارٹمنٹ ان چار مجالس کے علاوہ بھی شریعہ بورڈ کے ساتھ مسلسل رابطے میں رہا۔ اس رابطے کی وجہ سے شریعہ بورڈ نا صرف بینک کے شرعی معاملات سے ہمہ وقت باخبر رہا بلکہ اس کی بدولت شریعہ بورڈ نے مختلف معاملات کی بروقت منظوری بھی دی۔

We have audited the annexed unconsolidated financial statements of BankIslami Pakistan Limited, which comprise the unconsolidated statement of financial position as at 31 December 2020, and the unconsolidated profit and loss account, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated cash flows statement for the year then ended, along with unaudited certified returns received from the branches except 33 branches which have been audited by us and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account and the unconsolidated statement of comprehensive income, unconsolidated statement of changes in equity and unconsolidated cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2020 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Building a better
working world

Following are the key audit matters:

Key audit matters	How the matter was addressed in our audit
<p>1. Provision against Non Performing Islamic Financing and Related Assets</p> <p>The Bank's Islamic financing portfolios include fund-based and non-funded financing facilities. The portfolio include corporate financing to several public sector entities and large to small size businesses operating in the private sector, as well as consumer financing to individuals.</p> <p>Covid-19 pandemic which emerged during the year impacted the global economy and caused disruption to economic activities and businesses operating across a variety of sectors in Pakistan. Such circumstances potentially require the Bank to evaluate its credit risk exposure which may have been impacted due to the current economic conditions.</p> <p>As per the Bank's accounting policy (refer note 7.4.2 to the financial statements), the Bank determines provisions against non-performing financing exposures in accordance with the requirements of Prudential Regulations of State Bank of Pakistan (SBP) and also maintains general provision in respect of potential credit losses in the portfolio. The Prudential Regulations require specific provisioning against loan losses on the basis of an age based criteria which should be supplemented by a subjective evaluation of Bank's credit portfolio.</p> <p>The determination of loan loss provision against financing, therefore, involve use of management judgment, on a case to case basis, taking into account factors such as the economic and business conditions, borrowers repayment behaviors and realizability of collateral held by the Bank.</p> <p>In view of the significance of this area in terms of its impact on the financial statements and the level of involvement of management's judgment, we identified adequacy and completeness of loan loss provision as a significant area of audit judgment and a key audit matter.</p> <p>The disclosures relating to provisioning against non-performing financing and related assets are included in notes 12.15 and 12.16 to the financial statements.</p>	<p>We applied a range of audit procedures including the following:</p> <ul style="list-style-type: none"> - We reviewed the Bank's process for identification and classification of non-performing financing including the quality of underlying data and systems. As part of such review we performed an analysis of the changes within the different categories of classified non-performing accounts from last year to the current reporting date. This analysis was used to gather audit evidence regarding downgrading of impaired financing and declassification of accounts from non-performing to regular, as the case may be. - We performed independent checks for the computations of provisions in line with the requirements of the applicable Prudential Regulations; - In addition, we selected a representative sample of borrowers from the financing portfolios including individually significant corporate loans and performed tests and procedures such as review of financing documentation, repayment history and past due status, financial condition as depicted by the borrowers' financial statements, nature of collateral held by the bank and status of litigation, if any, with the borrower; - Based on the said credit reviews, we identified and discussed with the management the loan accounts where the credit risk appear to have increased. We reviewed the adequacy of provisions against such accounts on the basis of our independent objective evaluation of the risk mitigating factors that exist in such cases; - In respect of the level of general provision maintained by the Bank, we discussed the approach and policy followed by the Bank with the management; and - We also assessed adequacy of disclosures as included in note 12 to the financial statements regarding the non-performing financing and provisions made for the same in the financial statements in accordance with the requirements of the applicable financial reporting framework.

2. Recoverability of deferred tax assets	
<p>As disclosed in note 15 to the financial statements, as at 31 December 2020, Rs. 5,824.886 million was recorded on the Statement of financial position with respect to deferred tax assets, of which Rs. 2,748.819 million represents carryforward accumulated tax losses.</p> <p>The carry-forward of unused tax losses requires a deferred tax asset to be recognized to the extent that it is probable that future tax profits are available against which the unused tax losses can be set off.</p> <p>We deemed this subject to be a key audit matter because management is required to exercise judgement when deciding whether to recognize a deferred tax asset for tax loss carryforwards as well as when assessing the recoverability of recognized deferred tax assets.</p>	<p>Our audit procedures, amongst others, included:</p> <ul style="list-style-type: none"> - We obtained an understanding of the process and controls on this area relevant to our audit; - We evaluated the appropriateness of the components on which the Bank has recognized deferred tax asset in light of the requirements of the Income Tax Ordinance, 2001, considering factors including age and expiry of the deferred tax asset and tax rates enacted. For this purpose, we involved our internal tax specialist to assist us. - We evaluated the Bank's assumptions and estimates in relation to the likelihood of generating future taxable income, principally by performing sensitivity analysis and testing the key assumptions used by the management. <p>We have also assessed the adequacy of the Bank's disclosures in accordance with relevant laws as applicable in Pakistan</p>
3. Impairment testing of goodwill	
<p>As at 31 December 2020, intangible assets include goodwill amounting to Rs. 2,944.297 million acquired as a result of scheme of amalgamation as disclosed in note 14.2 to the financial statements.</p> <p>Goodwill is required to be annually assessed for impairment under IAS 36 "Impairment of Assets". Accordingly, Management performed an impairment test of the goodwill which is subjective in nature due to assumptions made about future performance.</p> <p>As disclosed in notes 14.2, the Bank uses a discounted cash flow model to determine value in use, on the basis of the certain key assumptions.</p> <p>Due to the significance and impact of the assumptions and judgements involved, the impairment tests of goodwill is considered to be a key audit matter.</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> - Evaluated the model used in determining the value in use as well as assessing the discount rate used; - Compared the cash flow forecasts to approved budgets and other relevant market and economic information, as well as testing the underlying calculations; - We involved our internal valuation specialists to review and evaluate management's key assumptions used in impairment calculations; - Performed sensitivity analyses around the key assumptions used in the models. <p>We assessed the adequacy of the related disclosures in the financial statements in accordance with the appropriate financial reporting standards.</p>

Information Other than the Consolidated and Unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated and unconsolidated financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Bank/ branches as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
- b) the statement of financial position, the profit or loss account, the statement of comprehensive income, statement of changes in equity and statement of cash flow (together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017(XIX of 2017) and are in agreement with the books of account and returns;

- c) Investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank/ branches and the transactions of the Bank/ branches which have come to our notice have been within the powers of the Bank/ branches; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

2. We confirm that for the purpose of our audit we have covered more than sixty per cent of the total Islamic financing and related assets of the Bank.

The engagement partner on the audit resulting in this independent auditors' report is Omer Chughtai.

A handwritten signature in blue ink, which appears to read 'EY Faisal Phodha', is written over the printed name.

Freehold land and building on leasehold land are carried at revalued amount less any accumulated depreciation and subsequent impairment losses. The revaluation exercise is carried out on periodic basis.

Depreciation is computed using the straight-line method by taking into consideration the estimated useful life of the related assets at the rates specified in fixed assets note to the financial statements. Depreciation on additions / deletions during the year is charged for the proportionate period for which the asset remained in use.

Subsequent costs are included in the assets' carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. Maintenance and normal repairs are charged to the profit and loss account as and when incurred.

An item of property and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal.

Residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date.

Gains and losses on disposal of property and equipment, if any, are taken to the profit and loss account.

7.5.2 Capital work in progress

These are stated at cost less accumulated impairment losses, if any.

7.5.3 Ijarah (Leased) assets {where the Bank is Mustajir (lessee)}

The SBP, vide its BPRD Circular Letter No. 8 dated April 30, 2019 and BPRD Circular No. BPRD/RPD/2019/17 dated July 26, 2019 has directed all Islamic Banks to apply IFRS 16 - 'Leases' in all Ijarah (lease) contracts where the Islamic Banks acts in capacity of Mustajir (lessee).

Accounting policy with regards to Ijarah (leased) assets where the bank is Mustajir (lessee) is as follows:

Right-of-use (RoU) assets

At the commencement date of the lease, the RoU asset is initially measured at the present value of lease liability. Subsequently, RoU assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any re-measurement of lease liabilities. RoU assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the expected lease term.

Ijarah (lease) Liability

At the commencement date of the ijarah (lease), the Bank recognizes ijarah (lease) liability measured at the present value of the consideration (ijarah payments) to be made over the expected Ijarah (lease) term and is adjusted for ijarah (lease) prepayments. The lease payments are discounted using the effective rate implicit in the ijarah (lease), unless it is not readily determinable, in which case the Mustajir (lessee) may use the incremental rate of financing. After the commencement date, the carrying amount of ijarah (lease) liability is increased to reflect the accretion of finance cost and reduced for the ijarah (lease) payments made.

7.5.4 Intangible assets

Intangible assets having a finite useful life are stated at cost less accumulated amortization and accumulated impairment losses, if any. Such intangible assets are amortized using the straight-line method over the estimated useful lives. The useful lives and amortization method are reviewed and adjusted, if appropriate, at each reporting date. Intangible assets having an indefinite useful life are stated at acquisition cost, less impairment losses, if any.

Amortization on additions / deletions during the year is charged for the proportionate period for which the asset remained in use.

Software and other development costs are only capitalized to the extent that future economic benefits are expected to be derived by the Bank.

Intangible assets, including goodwill, with indefinite useful life are not amortized but tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

7.5.5 Impairment

At each reporting date, the Bank reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the greater of net selling price and value in use.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. Impairment loss is recognized as an expense immediately in the financial statements except for impairment loss on revalued assets, which is adjusted against related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

Where an impairment loss reverses subsequently, the carrying amount of the asset is increased to the revised estimate of its recoverable amount to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized as income immediately except for impairment loss on revalued assets which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of assets.

7.6 Taxation

7.6.1 Current

The provision for current taxation is based on taxable income for the year at current rates of taxation, after taking into consideration available tax credits, rebates and tax losses as allowed under the seventh schedule to the Income Tax Ordinance, 2001. The charge for current tax also includes adjustments, where considered necessary relating to prior years, which arises from assessments / developments made during the year. Currently, the Bank provides for minimum tax in accordance with the requirements of section 113 of the Income Tax Ordinance, 2001.

7.6.2 Deferred

Deferred tax is recognized using the balance sheet liability method on all major temporary differences between the carrying amounts of assets and liabilities used for financial reporting purposes and amounts used for taxation purposes. In addition, the Bank also records deferred tax asset on available tax losses. Deferred tax is calculated using the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized.

The carrying amount of the deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

The Bank also recognizes deferred tax asset / liability on deficit / surplus on revaluation of securities and fixed assets which is adjusted against the related deficit / surplus in accordance with the requirements of the International Accounting Standard 12 - Income Taxes.

7.7 Non-banking assets acquired in satisfaction of claims

Assets acquired in satisfaction of claims are initially recorded at cost and revalued at each year- end date of the statement of financial position. An increase in market value over the acquisition cost is recorded as a surplus on revaluation. A decline in the market value is initially used to reduce the surplus account, if any, or if no surplus exists, is charged to the profit and loss account as an impairment. A subsequent increase in the market value of an impaired asset is reversed through the profit and loss account up to the extent of the original impairment. All direct costs of acquiring title to the asset are charged immediately to the profit and loss account.

Depreciation on assets acquired in satisfaction of claims is charged to the profit and loss account in line with depreciation charged on fixed assets.

These assets are generally intended for sale. Gains and losses realized on the sale of such assets are disclosed separately from gains and losses realized on the sale of fixed assets in the notes to the financial statements. If such asset is subsequently used by the Bank for its own operations, the asset, along with any related surplus, is transferred to fixed assets.

7.8 Non-current assets held for sale

The Bank classifies a non-current asset as held for sale if it represents a separate major line of business or a geographical area of operations or is a investment in subsidiary / associate which the Bank has decided to divest; and its carrying amount will be recovered principally through a sale transaction rather than through continuing use.

A non-current asset held for sale is carried at the lower of its carrying amount and the fair value less costs to sell. Deposits taken on Qard basis are classified as 'Current non-remunerative accounts' and Deposits generated on Mudarabah basis are classified as 'Current remunerative accounts', 'Savings deposits' and 'Fixed deposits'. No profit or loss is passed on to current non-remunerative account depositors, however the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on those funds are allocated to the equity of the Bank. While the product features of each product differ, there is usually no restriction on withdrawals or number of transactions in current and saving accounts. In case of fixed deposits, pre-mature withdrawals can be made as per approved terms only.

Profits realized in investment pools are distributed in pre-agreed profit sharing ratio. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period.

Profits are distributed from the pool such that the depositors (remunerative) only bear the risk of assets in the pool during the profit calculation period. In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of Investments.

Asset pools are created at the Bank's discretion and the Bank can add, amend, transfer an asset to any other pool in the interests of the deposit holders.

7.17 Pool Management

The Bank operates general and specific pools for deposits and inter-bank funds accepted / acquired under Mudarabah, Musharakah and Wakalah modes.

When utilizing investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources after meeting the regulatory requirement relating to such deposits.

Specific pools are operated for funds acquired / accepted from the State Bank of Pakistan, high- net worth customers and other banks for Islamic Export Refinance to Bank's customers and liquidity management respectively under the Musharakah / Mudarabah modes. The profit of each deposit pool is calculated on all the remunerative assets booked by utilizing the funds from the pool after deduction of expenses directly incurred in earning the income of such pool. The directly related costs comprise of depreciation on ijarah assets, takaful premium. No expense of general or administrative nature of expense is charged to the pools. No provisions against any non-performing asset of the pool is passed on to the pool except on the actual loss / write-off of such non-performing asset. The profit of the pool is shared between equity and other members of the pool on the basis of Musharakah at gross level (before charging of mudarib share) as per the investment ratio of the equity. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period after charging of mudarib share.

The risk characteristic of each pool mainly depends on the assets and liability profile of each pool. As per Bank's policy, relatively low risk / secured financing transactions and assets are allocated to general depositors' pool of PKR, USD, GBP and Euro. The Bank maintains General Pools, FI Pools, IERS pool and Equity pool. The general pools are exposed to general credit risk, asset ownership risk and profit rate risk of the underlying assets involved.

Investments in Sovereign Guarantee Sukuk, Bai Muajjal with State Bank of Pakistan, Bai Muajjal with Government of Pakistan are also done through General Pools. Due to limited investment options in USD, GBP and EURO pool, funds from FCY pools are invested in available International Sukuk, Shariah Complaint Nostro accounts and remaining funds are taken out and invested in PKR general pool as part of equity. In such cases return from PKR General pool is given back to FCY pools, so that returns can be passed on to FCY pool customers accordingly.

Special Mudarabah Pool

Provisions for guarantee claims and other off balance sheet obligations are recognized when intimated and reasonable certainty exists for the Bank to settle the obligation. Charge to the profit and loss account is stated net of expected recoveries.

7.19 Business Combination

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred over the fair value of the Bank's share of identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognized directly in the profit and loss account.

Goodwill acquired in a business combination is measured, subsequent to initial recognition, at its cost less accumulated impairment losses, if any.

Acquisition of non-controlling interests (NCI) is measured at the proportionate share of the NCI in the fair value of the net assets acquired by the Bank. The excess of fair value of consideration transferred over the proportionate share of the NCI in the fair value of the net assets acquired is recognized in equity.

- 14.1** The cost of fully amortized intangible assets that are still in the Bank's use, as at December 31, 2020 amounted to Rs. 382.537 million (2019: Rs. 241.319 million).
- 14.2** This represents goodwill recognized upon acquisition of KASB Bank Undertakings based on fair values of assets and liabilities. The Bank carried out Goodwill impairment testing as at December 31, 2020.

Key assumptions used in value in use calculation

The recoverable amount of Goodwill has been determined based on value in use calculation, using cash flow projections based on financial strategy approved by the Board of Directors of the Bank covering a five year period. The discount rates applied to cash flows beyond five years are extrapolated using a terminal growth rate. The following rates are used by the Bank.

	%
Discount rate	15.84
Terminal growth rate	5.00

The calculation of value in use is most sensitive to following assumptions:

a) Profit margins

Profit margins are based on prevailing industry trends and anticipated market conditions.

b) Discount rates

Discount rates reflect management estimates of the rate of return required for each business and are calculated after taking into account the prevailing risk free rate, industry risk and business risk. Discount rates are calculated by using cost of equity of the Bank.

c) Key business assumptions

The assumptions are important as they represent management assessment of how the Bank's financial position might change over the projected period. Based on the expansion plans, management expects aggressive growth in financing, investments and deposits during the projected periods and thereafter stabilization in line with industry trends.

Management believes that any significant change in key assumptions, on which Goodwill's recoverable amount is based, may impact the carrying amount to further exceed its recoverable amount. Value in use calculation of Goodwill are sensitive to changes in assumptions for profit rate spreads, Non Funded Income (NFI), long term growth rates and discount rates.

d) Sensitivity to changes in assumption

The estimated recoverable amount of Goodwill exceeds its carrying amount by approximately Rs. 6,555.163 million. Management has identified two key assumptions for which there could be a reasonably possible change that could cause the carrying amount to exceed the recoverable amount. The following table shows the amount that these two assumptions are required to change individually in order for the estimated recoverable amount to be equal to the carrying amount.

Changes required individually for the carrying amount to equal recoverable amount

	%
Discount rate	4.53
Terminal growth rate	(7.76)

- 14.3** The amount of goodwill that will be deductible for taxable purposes is Rs. 5,896.832 million. The difference represents the fair value benefit of the financial assistance granted by the State Bank of Pakistan.

The management has carried out an assessment for estimating the benefit of these losses. The Bank would be able to set off the profit earned in future years against these carry forward losses. Based on this assessment the management has recognized deferred tax debit balance amounting to Rs. 2,748.819 million (2019: Rs. 3,299.042 million). The amount of this benefit has been determined based on the projected financial statements for the future periods as approved by the Board of Directors. The determination of future taxable profit is most sensitive to certain key assumptions such as cost to income ratio of the Bank, deposit's composition, kibar rates, growth of deposits and financing, investment returns, product mix of financing, potential provision against assets / financings, recoveries from non-performing loans and branch expansion plan. Any significant change in the key assumptions may have an effect on the realisability of the deferred tax asset.

26.3.1 Suit filed by customers / borrowers for recovery of alleged losses suffered, pending in the High Court, which the Bank has not acknowledged as debt

26.3.1.1 These are court cases, which represent counter claims filed by the customers / borrowers, for restricting the Bank for disposal of the financed assets, (such as mortgaged / leased / pledged assets, kept as security), as well as, the cases where the Bank is pleaded as proforma defendant for defending its interest.

26.3.1.2 Consequent to the amalgamation of defunct KASB Bank Limited with and into BankIslami Pakistan Limited as at May 7, 2015 certain cases have been filed by individuals pertaining to amalgamation, at Honorable Sindh High Court, Honorable Lahore High Court and Islamabad High Court, in which the Bank has been made a party. The double bench of Honorable Sindh High Court has disposed-off the prayers in three Constitutional Petitions, without any negative inference to the Bank, and issued certain directions to SBP which were then complied with. Subsequently, an appeal was filed against the decision of the Honorable Sindh High Court which has also been dismissed by the Honorable Supreme Court. Thereafter, Civil Review Petitions were filed in Honorable Supreme Court against dismissal order of the appeal, which have also been dismissed by the Honorable Supreme Court of Pakistan. The cases at Honorable Lahore High Court are also disposed off in the light of Honorable Supreme Court and Honorable Sindh High Court order. The cases at Honorable Islamabad High Court are pending. The management based on the opinion of its legal counsel is confident that these cases will also be dismissed by the Honorable Court.

26.3.1.3 There are two cases filed against the Bank by KASB Corporation Ltd. One case is filed at Honorable Sindh High Court and the other is filed at Honorable Islamabad High Court. The Corporation claims of having placed Rs. 981.410 million with Ex-KASB Bank, as Advance against Issue of Right Shares. The amount was reported by the Ex-KASB Bank as part of the shareholders equity in the financial statements with the permission of SBP. Subsequent to the merger, KASB Corporation Limited and Mr. Nasir Ali Shah Bokhari filed a suit against the Bank in the Honorable High Court of Sindh; and also filed Miscellaneous Applications, praying thereby to restrain the Bank from using or transferring the amount of advance; and for directing the Bank to deposit the aforementioned amount with the Nazir of the Court; and to invest the same in interest / mark-up bearing certificates. On April 18, 2018, these Miscellaneous Applications were dismissed by the Honorable High Court of Sindh, however, the main Suit is still pending adjudication. In addition, the Corporation has filed a Writ Petition at Honorable Islamabad High Court, which is yet pending for hearing. The management based on the opinion of its legal counsel is confident that the main Suit will be dismissed by the Honorable Courts.

26.3.1.4 The Bank has filed suit no. 2038 of 2018 in Honorable High Court of Sindh against the international payment scheme and others along with an application for interim order restraining international payment scheme from deducting amounts aggregating to USD 6.1 million, relating to potential financial impact that may arise from a cybercrime incident. Following this incident, the local settlement bank deducted the above mentioned amount from the Bank's respective clearing account (refer note 16). The Honorable Court issued the stay order restraining the international payment scheme from taking any steps to debit the aforementioned amount. The management strongly believes that it substantially complied with actions required to be taken during the cybercrime incident involving an ATM Cash out. Subsequently, the international payment scheme filed an application for return of plaint on grounds of jurisdiction, which after arguments, has been dismissed by the Honorable Court. In addition, the Bank has filed an application in the Court, seeking Court directions to local settlement bank to place the deducted funds with the Court office, for further investing in US Dollar account of a reputed Islamic bank till adjudication of the Suit. Further, the Bank on the advice of the international payment scheme has also conducted an independent review of the incident by engaging PCI Forensic Investigator (PFI) which could not forensically identify any malicious software / activity directly related to the cybercrime incident (refer note 16.3).

During the year 2020, the international payment scheme has filed a Civil Case against the Bank in the District Court of California, USA claiming the payment of USD 6.2 million in lieu of cybercrime incident plus assessments representing interest, costs, fees etc in the amount of USD 7.3 million. The international payment scheme has not shared the basis of calculation of assessments of USD 7.3 million. The Bank has engaged legal counsel based in United States to defend the Bank against the subject case. On July 13, 2020, the Bank filed counterclaims against the international payment scheme seeking a declaratory judgment that the international payment scheme's imposition of assessments on the Bank is unenforceable and that the Bank is exonerated to the international payment scheme as an indemnitor, as well as a claim for breach of contract seeking damages of no less than USD 6.2 million plus interest. During the proceedings, the Judge of California Court advised the parties to go through the negotiation process before The Magistrate Judge of California Court for the amicable settlement. The negotiation process held before the Magistrate Judge was successful in arriving at an in-principle settlement which now requires certain steps to be negotiated in order to be fully executed and then implemented. The parties are now in the process of completing the legal formalities to implement the negotiated settlement. The Bank has made an adequate provision covering the probable liability on its account (refer note 16.3).

26.3.2 Tax Contingencies

26.3.2.1 The income tax returns of the Bank have been filed up to tax year 2020 whereas the tax assessments have been made by the tax authorities up to tax year 2017. The returns filed for the tax year 2014 to tax year 2020 are treated to be deemed assessed under section 120 of the Income Tax Ordinance, 2001.

- 26.3.2.2** During the year 2014 (relating to defunct KASB Bank Limited), appellate order passed by the CIRA (in respect of Income tax assessments of International Housing Finance Limited, amalgamated into the defunct KASB Bank Limited during the year ended 31 December 2007) for tax year 2005 maintained the order of the Taxation Officer to the extent of disallowances relating to income from carry over transactions and gain on sale of property having an aggregate tax impact of Rs. 12.997 million. The defunct KASB Bank Limited has preferred appeals before the ATIR for tax year 2005 which are pending finalization.
- 26.3.2.3** During the year 2013 (relating to defunct KASB Bank Limited), the Income tax assessments of KASB Capital Limited (amalgamated into the defunct KASB Bank Limited during the year ended 31 December 2008) for tax years 2008 and 2009 were amended by the Taxation Officer to the extent of apportionment of expenses having an aggregate tax impact of Rs. 125.880 million. The Bank has preferred an appeal before the Honorable High Court of Sindh against the said decision of tax authorities. No development has taken place during the current year.
- 26.3.2.4** For tax years 2003 and 2004 (relating to defunct KASB Bank Limited), the CIRA has passed appellate orders on account of certain disallowances in respect of income from carry over transactions, provision against non performing advances, bad debts and certain other items having an aggregate tax impact of Rs. 33.748 million. The defunct KASB Bank Limited has preferred an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the above referred orders of the CIR Appeals. No development has taken place during the current year.
- 26.3.2.5** In respect of tax year 2015, the ACIR under section 122(5A) of the Income Tax Ordinance, 2001 amended the return submitted by the Bank by adding / disallowing certain expenses / deductions resulting in reduction of losses claimed by the Bank by Rs. 32.893 million and levied super tax. As a result, a tax demand of Rs. 124.134 million was created. The Bank had filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the above order which is pending adjudication.
- 26.3.2.6** For the tax years 2017 and 2018, the AJK tax authorities issued notices under section 122(5A) of the Income Tax Ordinance, 2001 and amended the return submitted by the Bank by adding / disallowing various expenses and worked out an additional tax liability of Rs. 46.165 million and Rs. 55.152 million for the tax years 2017 and 2018 respectively. The Bank had filed an appeal against the said decision before CIRA. During the year the CIRA passed an order in favour of the Bank. However, the tax authorities have filed an appeal before the ATIR which is pending adjudication.
- 26.3.2.7** During the year the learned Deputy Commissioner Inland Revenue (DCIR) passed amended assessment order under section 122(1) in respect of tax year 2014 and 2015 (relating to defunct KASB Bank Limited) by imposing minimum tax on turnover disregarding gross loss position of the Bank. As a result, a tax demand of Rs. 53.770 million and Rs.61.780 million was created for the tax year 2014 and 2015 respectively. Against the treatment meted out by the DCIR, an appeal has been filed before the CIRA which is pending adjudication.
- 26.3.2.8** The management, based on the opinion of its tax advisors, is confident about the favorable outcome of the above matters and consequently no additional provision has been made in these financial statements.

37 PROFIT / (LOSS) DISTRIBUTION TO DEPOSITOR'S POOL

The Bank maintained the following pools for profit declaration and distribution during the year ended December 31, 2020:

- (i) General Deposit Mudarabah Pool (PKR, USD, EUR & GBP);
- (ii) Musharakah Pool under SBP's Islamic Export Refinance Scheme; and
- (iii) Special Mudarabah Deposits Pool
- (iv) Treasury Pools

The deposits and funds accepted under the General Deposit Mudarabah Pool is provided to different sectors of economy mainly to 'Textile and Allied', 'Energy', 'Fertilizer', 'Trading', 'Consumer Finance' and 'GOP backed Sukuks'.

Musharakah investments from the SBP under Islamic Export Refinance Scheme (IERS) are channelled towards the export sector of the economy via different Islamic financing modes such as Murabahah, Istisna etc.

Key features and risk & reward characteristics of all pools

The 'General Deposit Mudarabah Pool' for both local and foreign currency is to cater all depositors of the Bank and provide profit / loss based on actual returns earned by the pool. Depositors are Rabb-ul-Maal as they are the provider of capital while the Bank acts as Mudarib by investing these funds in business. Since there are more than one Rabb-ul-Maal (depositor), their mutual relationship is that of Musharakah. Profit is shared among Mudarabah partners (Bank and depositors) as per pre-agreed profit sharing ratio. Whereas, profit sharing among the depositors is based on pre-assigned weightages. Loss, if any, is borne by Rabb-ul-Maal as per the principles of Mudarabah.

The IERS Pool caters to the 'Islamic Export Refinance Scheme' requirements based on the guidelines issued by the SBP. In this Scheme, SBP enters into a Musharakah arrangement with the Bank for onward financing to exporters and other blue chip companies on the basis of Shariah compliant modes such as Murabahah, Istisna, etc. Under the scheme, SBP is required to share in profit and loss of the Bank's IERS Musharakah pool. IERS pool consists of blue chip companies to whom the Bank has provided financing facilities on Shariah compliant modes including IERS facility. Profit is shared according to an agreed weightage and loss is shared according to the investment ratio.

The Special Mudarabah Deposits Pools for local currency are created to attract and retain clients expecting specific returns. The funds received against these deposits are invested in various Shariah compliant assets.

Treasury Pools are managed on the basis of Musharakah and Wakalah, wherein the Bank and partner (Financial Institution) share actual return earned by the pool according to pre-defined profit sharing ratio.

The other specific musharakah pool assets comprise of consumer housing finance portfolio and the related liability of the pool comprises of musharakah acceptance from a financial institution. This pool is created to fund the housing finance portfolio.

The risk characteristic of each pool mainly depends on the asset and liability profile of each pool. The pool is exposed to following kinds of risks:

- 1 Asset Risk: The pool is exposed to Asset Risk which is the risk that is associated with Islamic mode of finance(s) applied / used under the transaction structure(s). The Bank has prepared detailed product manuals in order to identify and properly mitigate such risk. The Bank also analyses transaction structure of each customer to further ensure proper safeguard of depositors' interest. The review is done by experienced team of professionals having considerable experience in the field of Islamic banking and finance. Nevertheless since Islamic banking is a nascent industry, we believe that the process of further improvement will continue as the business grows.

- 2 Credit Risk: Financial Risk is the risk which is associated with financing that is mitigated through safeguards through available standards within Shariah guidelines as disclosed in note 48.1 to the financial statements.

Parameters used for allocation of profit, charging expenses and provisions etc. along with a brief description of their major components:

Gross income (Revenue less cost of goods sold and after deduction of other direct expenses), generated from relevant assets is calculated at the end of the month. The income is shared between the Bank and the depositors as per agreed profit sharing ratio after deduction of commingled Bank's equity share on pro rata basis. The residual is shared among depositors as per agreed weightages. These weightages and profit sharing ratios are declared by the Bank in compliance with the requirements of the SBP and Shariah.

The allocation of income and expenses to different pools is based on pre-defined basis and accounting principles / standards. Direct expenses are charged to respective pool, while indirect expenses are borne by the Bank as Mudarib. The direct expenses charged to the pool are direct cost in financing / investment transactions (i.e. Murabahah, Ijarah, Diminishing Musharakah, Istisna, Karobar Financing, Salam etc.) and depreciation of Ijarah assets. The general and specific provisions created against non-performing Islamic financing and related assets and diminution in the value of investments as under prudential regulations and other SBP directives have been borne by the Bank as Mudarib.

40.2 Number of Employees under the scheme

The number of employees covered under the defined scheme are 2,599 (2019: 2,527).

40.3 Principal actuarial assumptions

Projected unit credit method, using the following significant assumptions, was used for the valuation of the defined benefit plan:

	2020	2019
- Valuation Discount rate	10.25%	11.75%
- Salary Increase Rate	10.25%	11.75%
- Expected Return on Plan Assets	10.25%	11.75%

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the adjusted SLIC 2001 - 2005 mortality tables, rated down by one year.

40.10 Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	2020	2019
	----- Rupees in '000 -----	
1% increase in discount rate	395,753	326,514
1% decrease in discount rate	501,844	413,949
1 Year increase in Life expectancy / Withdrawal rate	444,272	366,500
1 Year decrease in Life expectancy / Withdrawal rate	444,273	366,501

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognized within the Statement of Financial Position.

	Rupees in '000
40.11 Expected contributions to be paid to the funds in the next financial year	119,108
40.12 Expected charge for the next financial year	126,558
40.13 Maturity profile	

The weighted average duration of the defined benefit obligation is 11.94 years. (2019 : 11.93 years)

Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

At December 31, 2020	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
	----- Rupees in '000 -----				
Gratuity	20,014	22,781	73,425	2,024,598	2,140,818

40.14 Funding Policy

Funding levels are monitored on an annual basis and are based on actuarial recommendations. Expected Gratuity Expense for the next year works out to Rs. 126.558 million as per the actuarial valuation report of the Bank as of December 31, 2020.

40.15 Through its defined benefit gratuity plan, the Fund is exposed to a number of risks, the most significant of which are detailed below:

Investment Risks	The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.
Longevity Risks	The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.
Salary Increase Risk	The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.
Withdrawal Risk	The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

41 DEFINED CONTRIBUTION PLAN

The Bank operates a contributory provident fund for all permanent employees. The employer and employee both contribute 10% of basic salary to the fund every month. Equal monthly contributions by employer and employees have made during the year amounted to Rs. 119.903 million (2019: Rs. 92.035 million) each.

43 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity or investments in subsidiaries & associates, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost less impairment losses. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted Shariah compliant securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

43.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial assets measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

Item	Valuation approach and input used
GOP Sukuks	The fair value of GOP Ijarah Sukuk are derived using PKISRV rates. The PKISRV rates are announced by FMA (Financial Market Association) through Reuters. The rates announced are simple average of quotes received from six different pre-defined / approved dealers / brokers.
WAPDA Sukuks	Investment in WAPDA Sukuks are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.
Shariah compliant alternative of forward foreign exchange contracts	The valuation has been determined by interpolating the mid rates announced by State Bank of Pakistan.

Valuation techniques used in determination of fair values within level 3

Operating fixed assets - Land and building	Land and buildings are revalued by professionally qualified valuers as per the accounting policy. The valuers are listed on the panel of the Pakistan Bank's Association. The valuation is based on their assessment of market value of the properties.
Non-banking assets	Non banking assets are revalued by professionally qualified valuers as per the accounting policy. The valuers are listed on the panel of the Pakistan Bank's Association. The valuation is based on their assessment of market value of the properties.

- 43.2 The Bank's policy is to recognize transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred.

There were no transfers between levels 1 and 2 from last year.

48 RISK MANAGEMENT

The objective of Risk Management is to effectively manage uncertainties that arise in the normal course of business activities. The risk management function is one of the most important areas of the banking business, and covers a wide spectrum of financial business risk class; including Credit, Market, Liquidity, Operational etc. The Bank follows effective risk governance which commensurate well with its current size and structure.

As a prelude to countering the financial debacle of the recent past, the Basel Committee (Internationally) is raising the resilience of the banking sector by strengthening the regulatory capital framework, essentially building on the three pillars of the Basel II structure. The reforms raise both the quality and quantity of the regulatory capital base and enhance the risk coverage of the capital framework. SBP, while being cognizant of the various reforms in the offing, is reviewing the impact of Basel III (B3) guidelines on the capital structure and CAR (Capital Adequacy Ratio) through quantitative impact studies. Accordingly, the SBP has implemented first phase of Basel III framework with effect from December 31, 2013.

RISK MANAGEMENT FRAMEWORK

A well formulated policy and procedure is critical to an effective Risk Management framework; it then needs to be reinforced through a strong control culture that promotes sound risk governance. The Bank's Risk Management Framework has been developed keeping in mind, that:

- To be effective, control activities should be an integral part of the regular activities of the Bank;
- Every loss or near miss event should provide some Key Learning Outcome (KLO), helping and promoting a better risk identification and mitigation;
- While the reward may well commensurate the level of risk, it has to be viewed in entirety and not in isolation; and
- Critical decision making should be based on relevant research, proper analysis and effective communication within the Bank.

Strategic Level

At the strategic level, the risk related functions are approved by the senior management and the Board. These include: defining risks, setting parameters, ascertaining the institution's risk appetite, formulating strategy and policies for managing risks and establishing adequate systems and controls to ensure that overall risk remains within acceptable level and the reward compensates for the risk taken.

Macro Level

It encompasses risk management within a business area or across business lines. Generally the risk management activities performed by middle management or units devoted to risk reviews fall into this category. Periodical review of various portfolios; stress test and scenario analysis for portfolio resilience; application of statistical tools and information in time series for developing strong inferences are all performed at this level.

Micro Level

Risk management at micro level, is of critical importance. This function if performed with diligence and understanding, can be of maximum benefit to the organization. Micro level risk management includes:

- Business line acquisition, strong adherence to the credit and other related criteria.
- Middle Office monitoring function for a sound risk assessment of various risks inherent in treasury operations.
- Detailed review of various processes and operating procedures, for operational and other risk related assessments.

Risk appetite of the Bank

The risk appetite of the Bank is an outcome of its corporate goal, economic profitability, available resources (size and business life cycle) and most significantly; the controls. The Bank believes in a cautious yet steady approach towards its business objectives and takes a holistic view of its investment and financing requirement.

This approach is primarily based on a viable portfolio build-up with a long-term view; key consideration being the health of various portfolios.

Risk organization

A strong organizational set-up, with clearly defined roles and responsibilities permits a higher level of articulation of the Bank's risk mandate, establishment of a structure that provides for authority, delegation and accountability, and development of control framework. Risk management cannot live in a vacuum; in order to be effective, it has to be run at an enterprise level. Risk governance must involve all relevant parties and should be sanctioned by the Bank's leadership.

The risk management function at the Bank, along with the different committees including ALCO (Asset Liability Committee) and MCC (Management Credit Committee), RMC (Risk Management Committee of the Board) manage and adhere to the risk management policies and procedures, with an explicit aim to mitigate/ manage risk in line with the Bank's objectives.

Business line accountability

One of the most important features of the risk management process is the business line accountability. Business has to understand the risk implication of specific transaction on the business / portfolio. Some specific risks e.g. reputation risk affects the entire banking business and is not limited to one business line or the other. At BankIslami, as in any other reputable organization, responsibility comes with accountability. Each business segment is responsible for the profit / loss of the business. The management of risk is as much a line function as it is supports.

Business lines are equally responsible for the risks they are taking. Because line personnel understand the risks of the business. Lack of an understanding of this by the line management may lead to risk management in isolation.

48.1 COVID - 19

48.1.1 Risk management in the current economic scenario

The coronavirus outbreak has severely affected global economy. Various businesses are facing different issues with a certain degree of losses on account of decrease in demand, disruptions in supply chain, raw material shortage, and transportation disruptions, among others. To counter these challenges, regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate COVID-19 impact.

Likewise, the State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 625 basis points to 7 percent and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include (i) reducing the capital conservation buffer by 100 basis points to 1.5 percent; (ii) increasing the regulatory limit for retail asset classification by 44 percent to Rs.180 million, thus resulting in reduced risk weighted assets; (iii) relaxing the debt burden ratio for consumer financings from 50 percent to 60 percent; (iv) allowing banks to defer clients' payment of principal on financing obligations by one year; and (v) relaxing regulatory criteria for restructured / rescheduled financings for borrowers who require relief beyond the extension of principal repayment for one year.

COVID 19 has impacted the banks in Pakistan from various facets which include increase in overall credit risk pertaining to financings and advances portfolio in certain sectors, reduced fee income due to slowdown in economic activity, operational issues such as operations of branches, managing cyber security threat and managing investment banking activities including arrangement of syndicate financings, debt and capital advisory services etc. Major aspects of COVID 19 on the Bank are discussed below:

48.1.2 Assets quality and credit risk

As the current economic crisis unfolds against the backdrop of a public health emergency, the disruption to economic activity put strain on the solvency of customers and companies. A large number of distressed customers sought help for financial hardships across consumer and commercial lending / financing portfolios. The Risk Management Group of the Bank is monitoring the situation to identify and support customers / borrowers operating in various sectors which are most affected.

Many of the COVID affected borrowers availed the SBP enabled deferment / restructuring and rescheduling relief. The full potential effect of the economic stress is difficult to predict given the uncertain economic environment. Keeping in view the prevailing uncertainty, the Bank has re-assessed its credit book as at December 31, 2020 for subjective downgrading and maintaining additional general reserve against potential delinquencies.

The Bank has further strengthened its credit review procedures in the light of COVID 19. The Bank conducted various stress tests on the credit portfolio and is confident that the CAR currently maintained is sufficient to adhere all regulatory and business needs.

48.1.3 Liquidity management

The Bank has provided customers with relief measures such as payment deferrals and financing restructuring / re-scheduling. Such interventions, while necessary to provide temporary relief to customers, also accompanied enhanced risk management actions on liquidity of the Bank. The Asset and Liability Committee (ALCO) of the Bank is monitoring the liquidity position and is taking due precautionary measures where needed. The Bank has conducted various stress tests on its liquidity ratios and is confident that the liquidity buffer (in terms of liquid assets) currently maintained by the Bank is sufficient to cater any adverse movement in cash flow maturity profile.

48.1.4 Equity investments

The KSE -100 index improved 7.4% YoY despite of COVID-19 uncertainties. The index corrected itself from its low of ~27,200 pts in March to end the year at ~43,800 pts; which reflected the rebound in confidence of market participants post the Covid crash. Business reopening after lockdown, expected better corporate results and improved economic indicators in 2021 are anticipated to further push the index upward. The Market Risk Department is monitoring the equity position and believes that it has no impact on profit and loss account other than the amounts already provided in the books.

48.1.5 Foreign Exchange Risk

The currency remained largely stable compared to last year, depreciating by a measured ~3.2% to close at 159.83 - as compared to a depreciation of ~11.0% last year. This is mostly attributable to the improvement in the external account position, deferment of debt repayment to G20, and expected inflows with the launch of Roshan Digital Account. The exchange rate is expected to remain stable despite uncertainty around COVID 19. The Bank continuously monitors its Net Open Positions and believes that it has no significant impact on profit and loss account.

48.1.6 Operations

The Bank invoked required actions to ensure safety and security of staff and an uninterrupted service to our customers. The senior management of the Bank is continuously monitoring the situation and is taking timely decisions to resolve any concerns. Business Continuity Plans (BCP) for respective areas are in place and tested. The Bank has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for staff and related risk and control measures were assessed to make sure they are fully protected using Virtual Private Network ("VPN") connections. Further, the Bank has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Bank is communicating with its customers on how they can connect with the Bank through its full suite of channels including digital and online channels. The Bank has taken all measures to ensure that service levels are maintained, customer complaints are resolved as per SLAs and the Bank continues to meet the expectations of their clients as they would in a normal scenario.

48.1.7 Capital Adequacy Ratio

During the year, to provide more headways for banks to focus on responding to the COVID 19 pandemic, the SBP relaxed the Capital Conservation Buffer (CCB) requirements for the banks to 1.5%, resulting in an overall CAR requirement of 11.5%. Furthermore, the regulatory limit for retail financings has also been increased by SBP to Rs. 180 million, which will now result in reduced Risk Weighted Assets (RWA) for some of its financings in this asset class. In addition to the measures by SBP, the senior management of the Bank is continuously monitoring the impacts of various decisions on the Bank's CAR and taking further lending decisions based on the overall impacts on RWA. The Bank also believes that at present it has sufficient buffer in its CAR requirement to meet any adverse movements in credit, market or operational risks.

48.2 Credit Risk

The Bank manages credit risk by effective credit appraisal mechanism, approving and reviewing authorities, limit structures, internal credit risk rating system, collateral management and post disbursement monitoring so as to ensure prudent financing activities and sound financing portfolio under the umbrella of a comprehensive Credit Policy approved by the Board of Directors. Credit Risk has certain sub-categories as follows:

(i) Price risk

There is a risk that the asset repossessed due to default of the customer may be sold or leased out to another party at a price lower than the original contract price.

(ii) Counter party risk

The risk that the counter-party defaults during the term of a transaction (Murabahah, Diminishing Musharakah etc.).

(iii) Settlement risk

48.3 Market Risk

Market risk is defined as the risk of losses in on-and-off balance sheet positions arising from movements in market prices e.g. fluctuations in values in tradable, marketable or leasable assets. The risks relate to the current and future volatility of market values of specific assets and of foreign exchange rates and benchmark yields.

The Bank uses various tools and techniques to assess market risk including but not limited to full valuation, stress testing, scenario analysis, VaR. These assessment methods enable the Bank to estimate changes in the value of the portfolio, if exposed to various risk factors.

Moreover, since the Bank does not deal in interest based products, the impact of the above risks will be very minimal. The Bank does not have positions or forward exchange contracts giving mismatches of maturity unless such risks have been taken care of through some other mechanism.

The VaR reports are complemented by various other position and sensitivity limit structures, including stress, sensitivity, gap and scenario analysis. The capital charge for market risk has been calculated by using Standardized Approach.

48.3.2 Foreign Exchange Risk

Currency risk is the risk of loss arising from the fluctuations of exchange rates.

In the normal course of conducting commercial banking business, which ranges from intermediation only to taking on principal risk as dealer or as counterparty, the Bank purchases or sells currencies in today / ready and gives or receives unilateral promises for sale or purchase of FX at future dates in a long or short position in different currency pairs. These positions expose the Bank to foreign exchange risk. To control this risk, the Bank primarily uses notional principal limits at various levels to control the open position, and ultimately the residual foreign exchange risk of the Bank. The Bank also strictly adheres to all associated regulatory limits.

Following is the summary of the assets of the Bank subject to foreign exchange risk.

48.4 Operational Risk

Operational Risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external / internal events. The risk is different from the others, since it has a greater level of uncertainty and may be termed as a little difficult to measure. The Bank believes that prudence should be lived and breathed through the organizational culture.

At a more formal level, the Bank has strengthened its risk management framework by developing policies, guidelines and manuals. Operational and other risk assessment tool e.g. Risk Control and Self Assessment (RCSA) is being effectively used to assess, mitigate and monitor possible risk that may arise in any of the Bank's financial product or department. Operational Loss Database (OLD) records all the internal / external potential operational losses which helps the management understand the causes and impact of these risks.

48.4.1 Operational Risk-Disclosures Basel II Specific

The Bank uses Basic Indicator Approach (BIA) for assessing the capital charge for operational risk. Under BIA the capital charge is calculated by multiplying average annual gross income of the bank over the past three years with 15% as per guidelines issued by State Bank of Pakistan.

To reduce losses arising from operational risk, the Bank has strengthened its risk management framework by developing strategies, policies, guidelines and manuals. It also includes risk and control self-assessment, key risk indicator, loss data management, improving efficiency and effectiveness of operations and improving quality of human resource through training and mitigation of operational risk.

48.5 Liquidity Risk

Liquidity risk is the potential loss to the Bank arising from its inability either to meet its obligations (financial) or to fund increases in assets as they fall due without incurring unacceptable costs or losses.

BIPL's liquidity at various levels (day to day, short term, long term) is managed by the Treasury along with the Asset and Liability Management Committee (ALCO), which is one of the most important management level committees. Its role cannot be overemphasized here, it serves as a part of the critical trio with risk management and treasury department, monitoring and maintaining key liquidity ratios, a viable funding mix, depositor concentration, reviewing contingency plans etc.

Liquidity risk is defined as the potential loss arising from the Bank's inability to meet in an orderly way its contractual obligations when due. Liquidity risk arises in the general funding of the Bank's activities and in the management of its assets. The Bank maintains sufficient liquidity to fund its day-to-day operations, meet customer deposit withdrawals either on demand or at contractual maturity, meet customers' demand for new financings, participate in new investments when opportunities arise, and to meet any other commitments. Hence, liquidity is managed to meet known as well as unanticipated cash funding needs.

Bank calculates the Liquidity Coverage Ratio (LCR) on monthly basis as per SBP Basel III Liquidity Standards issued under BPRD circular no 08 dated June 23, 2016. The objective of LCR is to ensure the short-term resilience of the liquidity risk profile of Bank which requires banks to maintain sufficient High Quality Liquid Assets (HQLAs) to meet stressed cash outflows over a prospective 30 calendar-days period. As of December 31, 2020, Bank's LCR stood at 213.64% against the SBP's minimum requirement of 100%.

The objective of Net Stable Funding Ratio (NSFR) is to reduce funding risk over a longer time horizon by requiring banks to fund their activities with sufficiently stable sources of funding in order to mitigate the risk of future funding stress. Banks are expected to meet the NSFR requirement of at least 100% on an ongoing basis.

Governance of Liquidity risk management

Liquidity and related risks are managed through standardized processes established in the Bank. Board and senior management are apprised about liquidity profile of the Bank on periodic basis so as to ensure proactive liquidity management and to avoid abrupt shocks. The management of liquidity risk within the Bank is undertaken within limits and other policy parameters set by ALCO, which meets monthly and reviews compliance with policy parameters. Day to day monitoring is done by the treasury while overall compliance is monitored and coordinated by the ALCO and includes reviewing the actual and planned strategic growth of the business and its impact on the statement of financial position and monitoring the Bank's liquidity profile and associated activities. Bank's treasury function has the primary responsibility for assessing, monitoring and managing bank's liquidity and funding strategy. Treasury Middle Office being part of Risk management group is responsible for the independent identification, monitoring & analysis of risks inherent in treasury operations. The Bank has in place duly approved Treasury investment policy and strategy along with liquidity risk tolerance/appetite levels. These are communicated at various levels so as to ensure effective liquidity management for the Bank.

Funding Strategy

Bank's prime source of liquidity is the customer's deposit base. Within deposits, Bank strives to maintain a healthy core deposit base in form of current and saving deposits and avoid concentration in particular products, tenors and dependence on large fund providers. Further, Bank relies on Interbank placement for stop gap funding arrangements but same is less preferred source of liquidity. Within acceptance, sources of funding are also diversified to minimize concentration. Usually interbank placement is for short term. The Bank follows centralized funding strategy so as to ensure achievement of strategic and business objectives of the Bank.

Liquidity Risk Mitigation Techniques

Various tools and techniques are used to measure and monitor the possible liquidity risk. These include monitoring of different liquidity ratios like cash to deposits, financing to deposit ratio, liquid assets to total deposits, Interbank placement to total deposits and large deposits to total deposits which are monitored on daily basis against different trigger levels and communicated to senior management and to ALCO forum regularly. Further, Bank also prepares the maturity profile of assets and liabilities to monitor the liquidity gaps over different time buckets. For maturity analysis, behavioural study techniques are also used to determine the behaviour of non-contractual assets and liabilities based on historic data and statistical techniques. The Bank also ensures to maintain statutory cash and liquidity requirements all times.

Liquidity Stress Testing

As per SBP BSD Circular No. 1 of 2012, liquidity stress testing is being conducted under various stress scenarios. Shocks include the withdrawals of deposits and increase in assets, withdrawals of wholesale / large deposits & interbank placement and utilization of undrawn credit lines etc. Results of same are escalated at the senior level so as to enable the senior management to take proactive actions to avoid liquidity crunch for the Bank.

Contingency Funding Plan

Contingency Funding Plan (CFP) is a part of liquidity management framework of the Bank which identifies the trigger events that could cause a liquidity crisis and describes the actions to be taken to manage the crisis. At Bank, a comprehensive liquidity contingency funding plan is prepared which highlights liquidity management chain that needs to be followed. Responsibilities and crisis management phases are also incorporated in order to tackle the liquidity crisis. Moreover, CFP highlights possible funding sources, in case of a liquidity crisis.

Main drivers of LCR Results

Main drivers of LCR Results are High Quality Liquid Assets and Net cash outflows. Outflows are mainly deposit outflows net of cash inflows which consist of inflows from financing and money market placements up to 1 month. The inputs for calculation of LCR are as prescribed by the regulator.

Composition of High Quality Liquid Assets - HQLA

High Quality Liquid Assets composed of Level-1 Assets which can be included in the stock of liquid assets at 100% of their market value. Bank has taken Cash & treasury balances, Investments in Government of Pakistan backed Sukuks classified as Available for Sale category and foreign currency placements issued by sovereigns. Further, Level 2-A asset category includes investment in corporate sukuk.

Concentration of Funding Sources

Being a commercial bank, it relies on funds provided by depositors. However the Bank has been continuously improving upon its ratio of core deposits. Current and Saving accounts consist of 62.54% of total deposits, term deposits are 36.48% and acceptance from SBP and financial institutions is 5.72% of total deposits. Moreover the Bank does not rely on top few depositors to meet its funding requirements. This clearly shows that the funding sources for the Bank are well diversified.

Currency Mismatch in the LCR

Currency mismatch is minimal as FCY deposits are 2.97% of Bank's total deposits.

48.6 Strategic Risk

Strategic risk arises due to wrong assumptions in strategic decision making or the failure to react correctly to long-term changes in strategic parameters.

The Bank follows a deliberate low-risk strategy. Within the general constraints of its niche market the Bank is aware of the need of reducing risk. The Bank has a well established strategic planning and evaluation process which involves all levels of management and which is subject to regular review.

48.7 Systemic Risk

Systemic risk is the risk of a total or partial collapse of the financial system.

Such a collapse could be due to technical factors or market driven (psychological reasons).

Systemic risk is reduced by the activities of both national and international regulatory authorities. The Bank actively supports these organizations through its membership of the relevant banking industry association i.e. Pakistan Banks Association ("PBA"). The Bank also takes account of systemic risk by means of careful management of counter party risks in the inter-bank market.

48.8 Shariah Non-compliance Risk

Shariah non-compliance risk is the risk that arises from an Islamic bank's failure to comply with the Shariah rules and principles prescribed by the State Bank of Pakistan and / or the Shariah Board of the Bank. It remains the most important operational risk for an Islamic bank. Compliance of Shariah guidelines must permeate throughout the organization and its adherence should be reflected in the products and activities.

48.9 Shariah compliant forward and future contracts

Shariah compliant forward and future contracts are recognized at fair value. In case of equity futures, the fair value is calculated with reference to quoted market price. Shariah compliant forward and future contracts with positive market values (i.e. unrealized gains) are included in other receivables and derivatives with negative market values (i.e. unrealized losses) are included in other liabilities in the statement of financial position. The resultant gains and losses are taken to the profit and loss account.

INDEPENDENT AUDITORS' REPORT

To the members of BankIslami Pakistan Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of BankIslami Pakistan Limited (the Bank) and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 31 December 2020, and the consolidated profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flows statement for the year then ended, notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and (of) its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matters	How the matter was addressed in our audit
1. Provision against Non Performing Islamic Financing and Related Assets	
<p>The Bank's Islamic financing portfolios include fund-based and non-funded financing facilities. The portfolio include corporate financing to several public sector entities and large to small size businesses operating in the private sector, as well as consumer financing to individuals.</p> <p>COVID-19 pandemic which emerged during the year impacted the global economy and caused disruption to economic activities and businesses operating across a variety of sectors in Pakistan. Such circumstances potentially require the Bank to evaluate its credit risk exposure which may have been impacted due to the current economic conditions.</p> <p>As per the Bank's accounting policy (refer note 7.4.13 to the financial statements), the Bank determines provisions against non-performing financing exposures in accordance with the requirements of Prudential Regulations of State Bank of Pakistan (SBP) and also maintains general provision in respect of potential credit losses in the portfolio. The Prudential Regulations require specific provisioning against loan losses on the basis of an age based criteria which should be supplemented by a subjective evaluation of Bank's credit portfolio.</p> <p>The determination of loan loss provision against financing, therefore, involve use of management judgment, on a case to case basis, taking into account factors such as the economic and business conditions, borrowers repayment behaviors and realizability of collateral held by the Bank.</p> <p>In view of the significance of this area in terms of its impact on the financial statements and the level of involvement of management's judgment, we identified adequacy and completeness of loan loss provision as a significant area of audit judgment and a key audit matter.</p> <p>The disclosures relating to provisioning against non-performing financing and related assets are included in notes 12.15 and 12.16 to the financial statements.</p>	<p>We applied a range of audit procedures including the following:</p> <ul style="list-style-type: none"> - We reviewed the Bank's process for identification and classification of non-performing financing including the quality of underlying data and systems. As part of such review we performed an analysis of the changes within the different categories of classified non-performing accounts from last year to the current reporting date. This analysis was used to gather audit evidence regarding downgrading of impaired financing and declassification of accounts from non-performing to regular, as the case may be. - We performed independent checks for the computations of provisions in line with the requirements of the applicable Prudential Regulations; - In addition, we selected a representative sample of borrowers from the financing portfolios including individually significant corporate loans and performed tests and procedures such as review of financing documentation, repayment history and past due status, financial condition as depicted by the borrowers' financial statements, nature of collateral held by the bank and status of litigation, if any, with the borrower; - Based on the said credit reviews, we identified and discussed with the management the loan accounts where the credit risk appear to have increased. We reviewed the adequacy of provisions against such accounts on the basis of our independent objective evaluation of the risk mitigating factors that exist in such cases; - In respect of the level of general provision maintained by the Bank, we discussed the approach and policy followed by the Bank with the management; and - We also assessed adequacy of disclosures as included in note 12 to the financial statements regarding the non-performing financing and provisions made for the same in the financial statements in accordance with the requirements of the applicable financial reporting framework.

2. Recoverability of deferred tax assets	
<p>As disclosed in note 15 to the financial statements, as at 31 December 2020, Rs. 5,699,800 million was recorded on the Statement of financial position with respect to deferred tax assets, of which Rs. 2,748.819 million represents carryforward accumulated tax losses.</p> <p>The carryforward of unused tax losses requires a deferred tax asset to be recognized to the extent that it is probable that future tax profits are available against which the unused tax losses can be set off.</p> <p>We deemed this subject to be a key audit matter because management is required to exercise judgement when deciding whether to recognize a deferred tax asset for tax loss carryforwards as well as when assessing the recoverability of recognized deferred tax assets.</p>	<p>Our audit procedures, amongst others, included:</p> <ul style="list-style-type: none"> - We obtained an understanding of the process and controls on this area relevant to our audit; - We evaluated the appropriateness of the components on which the Bank has recognized deferred tax asset in light of the requirements of the Income Tax Ordinance, 2001, considering factors including age and expiry of the deferred tax asset and tax rates enacted. For this purpose, we involved our internal tax specialist to assist us. - We evaluated the Bank's assumptions and estimates in relation to the likelihood of generating future taxable income, principally by performing sensitivity analysis and testing the key assumptions used by the management. <p>We have also assessed the adequacy of the Bank's disclosures in accordance with relevant laws as applicable in Pakistan</p>
3. Impairment testing of goodwill	
<p>As at 31 December 2020, intangible assets include goodwill amounting to Rs. 2,991.308 million acquired as a result of scheme of amalgamation as disclosed in note 14.2 to the financial statements.</p> <p>Goodwill is required to be annually assessed for impairment under IAS 36 "Impairment of Assets". Accordingly, the management performed an impairment test of the goodwill which is subjective in nature due to assumptions made about future performance.</p> <p>As disclosed in notes 14.2, the Bank uses a discounted cash flow model to determine value in use, on the basis of the certain key assumptions.</p> <p>Due to the significance and impact of the assumptions and judgements involved, the impairment tests of goodwill is considered to be a key audit matter.</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> - Evaluated the model used in determining the value in use as well as assessing the discount rate used; - Compared the cash flow forecasts to approved budgets and other relevant market and economic information, as well as testing the underlying calculations; - We involved our internal valuation specialists to review and evaluate management's key assumptions used in impairment calculations; - Performed sensitivity analyses around the key assumptions used in the models. <p>We assessed the adequacy of the related disclosures in the financial statements in accordance with the appropriate financial reporting standards.</p>

Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

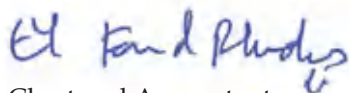

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Omer Chughtai.

Where an impairment loss reverses subsequently, the carrying amount of the asset is increased to the revised estimate of its recoverable amount to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. No profit or loss is passed on to current non-remunerative account depositors, however the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on those funds are allocated to the equity of the Holding Company. While the product features of each product differ, there is usually no restriction on withdrawals or number of transactions in current and saving accounts. In case of fixed deposits, pre-mature withdrawals can be made as per approved terms only.

Specific pools are operated for funds acquired / accepted from the State Bank of Pakistan, high- net worth customers and other banks for Islamic Export Refinance to bank's customers and liquidity management respectively under the Musharakah / Mudarabah modes. The profit of each deposit pool is calculated on all the remunerative assets booked by utilizing the funds from the pool after deduction of expenses directly incurred in earning the income of such pool. The directly related costs comprise of depreciation on ijarah assets, takaful premium. No expense of general or administrative nature of expense is charged to the pools. No provisions against any non-performing asset of the pool is passed on to the pool except on the actual loss / write-off of such non-performing asset. The profit of the pool is shared between equity and other members of the pool on the basis of Musharakah at gross level (before charging of mudarib share) as per the investment ratio of the equity. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period after charging of mudarib share.

The risk characteristic of each pool mainly depends on the assets and liability profile of each pool. As per the Holding Company's policy, relatively low risk / secured financing transactions and assets are allocated to general depositors pool of PKR, USD, GBP and Euro. The Holding Company maintains General Pools, FI Pools, IERS pool and Equity pool. 7.19 Business Combination

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred over the fair value of the Holding Company's share of identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognized directly in the profit and loss account.

Goodwill acquired in a business combination is measured, subsequent to initial recognition, at its cost less accumulated impairment losses, if any.

Acquisition of non-controlling interests (NCI) is measured at the proportionate share of the NCI in the fair value of the net assets acquired by the Holding Company. The excess of fair value of consideration transferred over the proportionate share of the NCI in the fair value of the net assets acquired is recognized in equity.

14.1 The cost of fully amortized intangible assets that are still in the Holding Company's use, as at December 31, 2020 amounted to Rs. 382.537 million (2019: Rs. 241.319 million).

14.2 This represents goodwill recognized upon acquisition of KASB Bank Undertakings based on fair values of assets and liabilities. The Holding Company carried out goodwill impairment testing as at December 31, 2020.

Key assumptions used in value in use calculation

The recoverable amount of Goodwill has been determined based on value in use calculation, using cash flow projections based on financial strategy approved by the Board of Directors of the Holding Company covering a five year period. The discount rates applied to cash flows beyond five years are extrapolated using a terminal growth rate. The following rates are used by the Holding Company.

	%
Discount rate	15.84
Terminal growth rate	5.00

The calculation of value in use is most sensitive to following assumptions:

a) Profit margins

Profit margins are based on prevailing industry trends and anticipated market conditions.

b) Discount rates

Discount rates reflect management estimates of the rate of return required for each business and are calculated after taking into account the prevailing risk free rate, industry risk and business risk. Discount rates are calculated by using cost of equity of the Holding Company.

c) Key business assumptions

The assumptions are important as they represent management assessment of how the Holding Company's financial position might change over the projected period. Based on the expansion plans, management expects aggressive growth in financing, investments and deposits during the projected periods and thereafter stabilization in line with industry trends.

Management believes that any significant change in key assumptions, on which Goodwill's recoverable amount is based, may impact the carrying amount to further exceed its recoverable amount. Value in use calculation of Goodwill are sensitive to changes in assumptions for profit rate spreads, Non Funded Income (NFI), long term growth rates and discount rates.

d) Sensitivity to changes in assumption

The estimated recoverable amount of Goodwill exceeds its carrying amount by approximately Rs. 6,555.163 million. Management has identified two key assumptions for which there could be a reasonably possible change that could cause the carrying amount to exceed the recoverable amount. The following table shows the amount that these two assumptions are required to change individually in order for the estimated recoverable amount to be equal to the carrying amount.

Changes required individually for the carrying amount to equal recoverable amount

	%
Discount rate	4.53
Terminal growth rate	(7.76)

- 14.3** The amount of goodwill that will be deductible for taxable purposes is Rs. 5,896.832 million. The difference represents the fair value benefit of the financial assistance granted by the State Bank of Pakistan.

- 15.1** The Holding Company has aggregate tax losses of Rs. 7,853.768 million as at December 31, 2020 (2019: Rs. 9,425.835 million) which includes tax losses of the amalgamated entity. The management has carried out an assessment for estimating the benefit of these losses. The Holding Company would be able to set off the profit earned in future years against these carry forward losses. Based on this assessment the management has recognized deferred tax debit balance amounting to Rs. 2,748.819 million (2019: Rs. 3,299.042 million). The amount of this benefit has been determined based on the projected financial statements for the future periods as approved by the Board of Directors. The determination of future taxable profit is most sensitive to certain key assumptions such as cost to income ratio of the Holding Company, deposit's composition, kibar rates, growth of deposits and financing, investment returns, product mix of financing, potential provision against assets / financings, recoveries from non-performing loans and branch expansion plan. Any significant change in the key assumptions may have an effect on the realisability of the deferred tax asset.

26.3.1 Suit filed by customers / borrowers for recovery of alleged losses suffered, pending in the High Court, which the Holding Company has not acknowledged as debt

26.3.1.1 These are court cases, which represent counter claims filed by the customers / borrowers, for restricting the Holding Company for disposal of the financed assets, (such as mortgaged / leased / pledged assets, kept as security), as well as, the cases where the Holding Company is pleaded as proforma defendant for defending its interest.

- 26.3.1.2** Consequent to the amalgamation of defunct KASB Bank Limited with and into BankIslami Pakistan Limited as at May 7, 2015 certain cases have been filed by individuals pertaining to amalgamation, at Honorable Sindh High Court, Honorable Lahore High Court and Islamabad High Court, in which the Holding Company has been made a party. The double bench of Honorable Sindh High Court has disposed-off the prayers in three Constitutional Petitions, without any negative inference to the Holding Company, and issued certain directions to SBP which were then complied with. Subsequently, an appeal was filed against the decision of the Honorable Sindh High Court which has also been dismissed by the Honorable Supreme Court. Thereafter, Civil Review Petitions were filed in Honorable Supreme Court against dismissal order of the appeal, which have also been dismissed by the Honorable Supreme Court of Pakistan. The cases at Honorable Lahore High Court are also disposed off in the light of Honorable Supreme Court and Honorable Sindh High Court order. The cases at Honorable Islamabad High Court are pending. The management based on the opinion of its legal counsel is confident that these cases will also be dismissed by the Honorable Court.
- 26.3.1.3** There are two cases filed against the Holding Company by KASB Corporation Ltd. One case is filed at Honorable Sindh High Court and the other is filed at Honorable Islamabad High Court. The Corporation claims of having placed Rs. 981.410 million with Ex-KASB Bank, as Advance against Issue of Right Shares. The amount was reported by the Ex-KASB Bank as part of the shareholders equity in the financial statements with the permission of SBP. Subsequent to the merger, KASB Corporation Limited and Mr. Nasir Ali Shah Bokhari filed a suit against the Holding Company in the Honorable High Court of Sindh; and also filed Miscellaneous Applications, praying thereby to restrain the Holding Company from using or transferring the amount of advance; and for directing the Holding Company to deposit the aforementioned amount with the Nazir of the Court; and to invest the same in interest / mark-up bearing certificates. On April 18, 2018, these Miscellaneous Applications were dismissed by the Honorable High Court of Sindh, however, the main Suit is still pending adjudication. In addition, the Corporation has filed a Writ Petition at Honorable Islamabad High Court, which is yet pending for hearing. The management based on the opinion of its legal counsel is confident that the main Suit will be dismissed by the Honorable Courts.
- 26.3.1.4** The Holding Company has filed suit no. 2038 of 2018 in Honorable High Court of Sindh against the international payment scheme and others along with an application for interim order restraining international payment scheme from deducting amounts aggregating to USD 6.1 million, relating to potential financial impact that may arise from a cybercrime incident. Following this incident, the local settlement bank deducted the above mentioned amount from the Holding Company's respective clearing account (refer note 16). The Honorable Court issued the stay order restraining the international payment scheme from taking any steps to debit the aforementioned amount. The management strongly believes that it substantially complied with actions required to be taken during the cybercrime incident involving an ATM Cash out. Subsequently, the international payment scheme filed an application for return of plaint on grounds of jurisdiction, which after arguments, has been dismissed by the Honorable Court. In addition, the Holding Company has filed an application in the Court, seeking Court directions to local settlement bank to place the deducted funds with the Court office, for further investing in US Dollar account of a reputed Islamic bank till adjudication of the Suit. Further, the Holding Company on the advice of the international payment scheme has also conducted an independent review of the incident by engaging PCI Forensic Investigator (PFI) which could not forensically identify any malicious software / activity directly related to the cybercrime incident.

During the year 2020, the international payment scheme has filed a Civil Case against the Holding Company in the District Court of California, USA claiming the payment of USD 6.2 million in lieu of cybercrime incident plus assessments representing interest, costs, fees etc. in the amount of USD 7.3 million. The international payment scheme has not shared the basis of calculation of assessments of USD 7.3 million. The Holding Company has engaged legal counsel based in United States to defend the Holding Company against the subject case. On July 13, 2020, the Holding Company filed counterclaims against the international payment scheme seeking a declaratory judgment that the international payment scheme's imposition of assessments on the Holding Company is unenforceable and that the Holding Company is exonerated to the international payment scheme as an indemnitor, as well as a claim for breach of contract seeking damages of no less than USD 6.2 million plus interest. During the proceedings, the Judge of California Court advised the parties to go through the negotiation process before The Magistrate Judge of California Court for the amicable settlement. The negotiation process held before the Magistrate Judge was successful in arriving at an in-principle settlement which now requires certain steps to be negotiated in order to be fully executed and then implemented. The parties are now in the process of completing the legal formalities to implement the negotiated settlement. The Holding Company has made an adequate provision covering the probable liability on its account.

26.3.2 Tax Contingencies

- 26.3.2.1** The income tax returns of the Holding Company have been filed up to tax year 2020 whereas the tax assessments have been made by the tax authorities up to tax year 2017. The returns filed for the tax year 2014 to tax year 2020 are treated to be deemed assessment order under section 120 of the Income Tax Ordinance, 2001.
- 26.3.2.2** During the year 2014 (relating to defunct KASB Bank Limited), appellate order passed by the CIRA (in respect of Income tax assessments of International Housing Finance Limited, amalgamated into the defunct KASB Bank Limited during the year ended 31 December 2007) for tax year 2005 maintained the order of the Taxation Officer to the extent of disallowances relating to income from carry over transactions and gain on sale of property having an aggregate tax impact of Rs. 12.997 million. The defunct KASB Bank Limited has preferred appeals before the ATIR for tax year 2005 which are pending finalization.
- 26.3.2.3** During the year 2013 (relating to defunct KASB Bank Limited), the Income tax assessments of KASB Capital Limited (amalgamated into the defunct KASB Bank Limited during the year ended 31 December 2008) for tax years 2008 and 2009 were amended by the Taxation Officer to the extent of apportionment of expenses having an aggregate tax impact of Rs. 125.880 million. The Holding Company has preferred an appeal before the Honorable High Court of Sindh against the said decision of tax authorities. No development has taken place during the current year.
- 26.3.2.4** For tax years 2003 and 2004 (relating to defunct KASB Bank Limited), the CIRA has passed appellate orders on account of certain disallowances in respect of income from carry over transactions, provision against non performing advances, bad debts and certain other items having an aggregate tax impact of Rs. 33.748 million. The defunct KASB Bank Limited has preferred an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the above referred orders of the CIR Appeals. No development has taken place during the current year.
- 26.3.2.5** In respect of tax year 2015, the ACIR under section 122(5A) of the Income Tax Ordinance, 2001 amended the return submitted by the Holding Company by adding / disallowing certain expenses / deductions resulting in reduction of losses claimed by the Holding Company by Rs. 32.893 million and levied super tax. As a result, a tax demand of Rs. 124.134 million was created. The Holding Company had filed an appeal against the said decision before CIRA. However, the tax authorities have filed an appeal before the ATIR which is pending adjudication.

26.3.2.6 For the tax years 2017 and 2018, the AJK tax authorities issued notices under section 122(5A) of the Income Tax Ordinance, 2001 and amended the return submitted by the Holding Company by adding / disallowing various expenses and worked out an additional tax liability of Rs. 46.165 million and Rs. 55.152 million for the tax years 2017 and 2018 respectively. The Holding Company had filed an appeal against the said decision before CIRA. During the year the CIRA passed an order in favour of the Holding Company. However, the tax authorities have filed an appeal before the ATIR which is pending adjudication.

26.3.2.7 During the year the learned Deputy Commissioner Inland Revenue (DCIR) passed amended assessment order under section 122(1) in respect of tax year 2014 and 2015 (relating to defunct KASB Bank Limited) by imposing minimum tax on turnover disregarding gross loss position of the Holding Company. As a result, a tax demand of Rs. 53.770 million and Rs.61.780 million was created for the tax year 2014 and 2015 respectively. Against the treatment meted out by the DCIR, an appeal has been filed before the CIRA which is pending adjudication.

26.3.3 Other Contingencies

Structured Venture (Private) Limited (SVPL) has given advance of Rs. 375 million to Noor Developers (Pvt) Ltd (NDPL), against purchase of property which was being developed as a housing scheme. NDPL issued provisional booking to SVPL but then cancelled it. Mr. Arif Ali Shah Bukhari is majority shareholder of NDPL. Therefore, SVPL filed Suit No. 1087/2015 against NDPL, Mr. Bukhari & others for specific performance, declaration, injunction, partition and damages in the Sindh High Court. In addition, SVPL filed a criminal complaint against NDPL etc. with NAB. In response to the above said Suit & Complaint with NAB, Mr. Bukhari & NDPL have filed Suit No. 714/2018 against BIPL Securities & others inter-alia for cancellation of the Sale Agreement of the afore stated property and for recovery of Rs. 275 million along with special damages of Rs. 4.355 billion and general damages of Rs. 4 billion. As per the opinion of the legal counsel, the assertions made by Arif Ali Shah Bukhari in the Suit is not likely to be upheld by the Court and the management based on the opinion of its legal counsel is confident that the Suit will be dismissed by the Honourable Court in favour of BIPL Securities.

Depositors are Rabb-ul-Maal as they are the provider of capital while the Holding Company acts as Mudarib by investing these funds in business. Since there are more than one Rabb-ul-Maal (depositor), their mutual relationship is that of Musharakah. Profit is shared among Mudarabah partners (Holding Company and depositors) as per pre-agreed profit sharing ratio. Whereas, profit sharing among the depositors is based on pre-assigned weightages. Loss, if any, is borne by Rabb-ul-Maal as per the principles of Mudarabah.

The IERS Pool caters to the 'Islamic Export Refinance Scheme' requirements based on the guidelines issued by the SBP. In this Scheme, SBP enters into a Musharakah arrangement with the Holding Company for onward financing to exporters and other blue chip companies on the basis of Shariah compliant modes such as Murabahah, Istisna, etc. Under the scheme, SBP is required to share in profit and loss of the Holding Company's IERS Musharakah pool. IERS pool consists of blue chip companies to whom the Holding Company has provided financing facilities on Shariah compliant modes including IERS facility. Profit is shared according to an agreed weightage and loss is shared according to the investment ratio.

The Special Mudarabah Deposits Pools for local currency are created to attract and retain clients expecting specific returns. The funds received against these deposits are invested in various Shariah compliant assets.

Treasury Pools are managed on the basis of Musharakah and Wakalah, wherein the Holding Company and partner (Financial Institution) share actual return earned by the pool according to pre-defined profit sharing ratio.

The other specific musharakah pool assets comprise of consumer housing finance portfolio and the related liability of the pool comprises of musharakah acceptance from a financial institution. This pool is created to fund the housing finance portfolio.

The risk characteristic of each pool mainly depends on the asset and liability profile of each pool. The pool is exposed to following kinds of risks:

- 1 **Asset Risk:** The pool is exposed to Asset Risk which is the risk that is associated with Islamic mode of finance(s) applied / used under the transaction structure(s). The Holding Company has prepared detailed product manuals in order to identify and properly mitigate such risk. The Holding Company also analyses transaction structure of each customer to further ensure proper safeguard of depositors' interest. The review is done by experienced team of professionals having considerable experience in the field of Islamic banking and finance. Nevertheless since Islamic banking is a nascent industry, we believe that the process of further improvement will continue as the business grows.
- 2 **Credit Risk:** Financial Risk is the risk which is associated with financing that is mitigated through safeguards through available standards within Shariah guidelines as disclosed in note 48.1 to the financial statements.

Parameters used for allocation of profit, charging expenses and provisions etc. along with a brief description of their major components:

Gross income (Revenue less cost of goods sold and after deduction of other direct expenses), generated from relevant assets is calculated at the end of the month. The income is shared between the Holding Company and the depositors as per agreed profit sharing ratio after deduction of commingled Holding Company's equity share on pro rata basis. The residual is shared among depositors as per agreed weightages. These weightages and profit sharing ratios are declared by the Holding Company in compliance with the requirements of the SBP and Shariah.

The allocation of income and expenses to different pools is based on pre-defined basis and accounting principles / standards. Direct expenses are charged to respective pool, while indirect expenses are borne by the Holding Company as Mudarib. The direct expenses charged to the pool are direct cost in financing / investment transactions (i.e. Murabahah, Ijarah, Diminishing Musharakah, Istisna, Karobar Financing, Salam etc.) and depreciation of Ijarah assets. The general and specific provisions created against non-performing Islamic financing and related assets and diminution in the value of investments as under prudential regulations and other SBP directives have been borne by the Holding Company as Mudarib.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	2020	2019
	----- Rupees in '000 -----	
1% increase in discount rate	395,753	326,514

1 Year increase in Life expectancy / Withdrawal rate	444,272	366,500
1 Year decrease in Life expectancy / Withdrawal rate	444,273	366,501

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognized within the Statement of Financial Position.

40.11 Expected contributions to be paid to the funds in the next financial year	<u>119,108</u>
40.12 Expected charge for the next financial year	<u>126,558</u>

40.13 Maturity profile

The weighted average duration of the defined benefit obligation is 11.63 years.

Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

At December 31, 2020	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
----- Rupees in '000 -----					
Gratuity	20,014	22,781	73,425	2,024,598	2,140,818

40.14 Funding Policy

Funding levels are monitored on an annual basis and are based on actuarial recommendations. Expected Gratuity Expense for the next year works out to Rs. 126.558 million as per the actuarial valuation report of the Holding Company as of December 31, 2020.

40.15 Through its defined benefit gratuity plan, the Fund is exposed to a number of risks, the most significant of which are detailed below:

Investment Risks	The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.
Longevity Risks	The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.
Salary Increase Risk	The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.
Withdrawal Risk	The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

41 DEFINED CONTRIBUTION PLAN

The Holding Company operates a contributory provident fund for all permanent employees. The employer and employee both contribute 10% of basic salary to the fund every month. 43 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity is based on quoted market price. Quoted securities classified as held to maturity are carried at cost less impairment losses. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted Shariah compliant securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

43.1 Fair value of financial assets

The Holding Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial assets measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

48 RISK MANAGEMENT

The objective of Risk Management is to effectively manage uncertainties that arise in the normal course of business activities. The risk management function is one of the most important areas of the banking business, and covers a wide spectrum of financial business risk class; including Credit, Market, Liquidity, Operational etc. The Holding Company follows effective risk governance which commensurate well with its current size and structure.

As a prelude to countering the financial debacle of the recent past, the Basel Committee (Internationally) is raising the resilience of the banking sector by strengthening the regulatory capital framework, essentially building on the three pillars of the Basel II structure. The reforms raise both the quality and quantity of the regulatory capital base and enhance the risk coverage of the capital framework. The SBP (State Bank of Pakistan) while being cognizant of the various reforms in the offing, is reviewing the impact of Basel III (B3) guidelines on the capital structure and CAR (Capital Adequacy Ratio) through quantitative impact studies. Accordingly, the SBP has implemented first phase of Basel III framework with effect from December 31, 2013.

RISK MANAGEMENT FRAMEWORK

A well formulated policy and procedure is critical to an effective Risk Management framework; it then needs to be reinforced through a strong control culture that promotes sound risk governance. The Holding Company's Risk Management Framework has been developed keeping in mind, that:

- To be effective, control activities should be an integral part of the regular activities of the Holding Company;
- Every loss or near miss event should provide some Key Learning Outcome (KLO), helping and promoting a better risk identification and mitigation;
- While the reward may well commensurate the level of risk, it has to be viewed in entirety and not in isolation; and
- Critical decision making should be based on relevant research, proper analysis and effective communication within the Holding Company.

Strategic Level

At the strategic level, the risk related functions are approved by the senior management and the Board. These include: defining risks, setting parameters, ascertaining the institution's risk appetite, formulating strategy and policies for managing risks and establishing adequate systems and controls to ensure that overall risk remains within acceptable level and the reward compensates for the risk taken.

Macro Level

It encompasses risk management within a business area or across business lines. Generally the risk management activities performed by middle management or units devoted to risk reviews fall into this category. Periodical review of various portfolios; stress test and scenario analysis for portfolio resilience; application of statistical tools and information in time series for developing strong inferences are all performed at this level.

Micro Level

Risk management at micro level, is of critical importance. This function if performed with diligence and understanding, can be of maximum benefit to the organization. Micro level risk management includes:

- Business line acquisition, strong adherence to the credit and other related criteria.
- Middle Office monitoring function for a sound risk assessment of various risks inherent in treasury operations.
- Detailed review of various processes and operating procedures, for operational and other risk related assessments.

Risk appetite of the Group

The risk appetite of the Group is an outcome of its corporate goal, economic profitability, available resources (size and business life cycle) and most significantly; the controls. The Group believes in a cautious yet steady approach towards its business objectives and takes a holistic view of its investment and financing requirement.

This approach is primarily based on a viable portfolio build-up with a long-term view; key consideration being the health of various portfolios.

Risk organization

A strong organizational set-up, with clearly defined roles and responsibilities permits a higher level of articulation of the Group's risk mandate, establishment of a structure that provides for authority, delegation and accountability, and development of control framework. Risk management cannot live in a vacuum; in order to be effective, it has to be run at an enterprise level. Risk governance must involve all relevant parties and should be sanctioned by the Group's leadership.

The risk management function at the Group, along with the different committees including ALCO (Asset Liability Committee) and MCC (Management Credit Committee), RMC (Risk Management Committee of the Board) manage and adhere to the risk management policies and procedures, with an explicit aim to mitigate/ manage risk in line with the Group's objectives.

Business line accountability

One of the most important features of the risk management process is the business line accountability. Business has to understand the risk implication of specific transaction on the business / portfolio. Some specific risks e.g. reputation risk affects the entire Group's business and is not limited to one business line or the other. At Holding Company, as in any other reputable organization, responsibility comes with accountability. Each business segment is responsible for the profit / loss of the business. The management of risk is as much a line function as it is supports.

Business lines are equally responsible for the risks they are taking. Because line personnel understand the risks of the business. Lack of an understanding of this by the line management may lead to risk management in isolation.

48.1 COVID - 19

48.1.1 Risk management in the current economic scenario

The coronavirus outbreak has severely affected global economy. Various businesses are facing different issues with a certain degree of losses on account of decrease in demand, disruptions in supply chain, raw material shortage, and transportation disruptions, among others. To counter these challenges, regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate COVID-19 impact.

Likewise, the State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 625 basis points to 7 percent and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include (i) reducing the capital conservation buffer by 100 basis points to 1.5 percent; (ii) increasing the regulatory limit for retail asset classification by 44 percent to Rs.180 million, thus resulting in reduced risk weighted assets; (iii) relaxing the debt burden ratio for consumer financings from 50 percent to 60 percent; (iv) allowing banks to defer clients' payment of principal on financing obligations by one year; and (v) relaxing regulatory criteria for restructured / rescheduled financings for borrowers who require relief beyond the extension of principal repayment for one year.

COVID 19 has impacted the banks in Pakistan from various facets which include increase in overall credit risk pertaining to financings and advances portfolio in certain sectors, reduced fee income due to slowdown in economic activity, operational issues such as operations of branches, managing cyber security threat and managing investment banking activities including arrangement of syndicate financings, debt and capital advisory services etc. Major aspects of COVID 19 on the Holding Company are discussed below:

48.1.2 Assets quality and credit risk

As the current economic crisis unfolds against the backdrop of a public health emergency, the disruption to economic activity put strain on the solvency of customers and companies. A large number of distressed customers sought help for financial hardships across consumer and commercial lending / financing portfolios. The Risk Management Group of the Holding Company is monitoring the situation to identify and support customers / borrowers operating in various sectors which are most affected.

Many of the COVID-19 affected borrowers availed the SBP enabled deferment / restructuring and rescheduling relief. The full potential effect of the economic stress is difficult to predict given the uncertain economic environment. Keeping in view the prevailing uncertainty, the Holding Company has re-assessed its credit book as at December 31, 2020 for subjective downgrading and maintaining additional general reserve against potential delinquencies.

The Holding Company has further strengthened its credit review procedures in the light of COVID 19. The Holding Company conducted various stress tests on the credit portfolio and is confident that the CAR currently maintained is sufficient to adhere all regulatory and business needs.

48.1.3 Liquidity management

The Holding Company has provided customers with relief measures such as payment deferrals and financing restructuring / re-scheduling. Such interventions, while necessary to provide temporary relief to customers, also accompanied enhanced risk management actions on liquidity of the Holding Company. The Asset and Liability Committee (ALCO) of the Holding Company is monitoring the liquidity position and is taking due precautionary measures where needed. The Holding Company has conducted various stress tests on its liquidity ratios and is confident that the liquidity buffer (in terms of liquid assets) currently maintained by the Holding Company is sufficient to cater any adverse movement in cash flow maturity profile.

48.1.4 Equity investments

The KSE -100 index improved 7.4% YoY despite of COVID-19 uncertainties. The index corrected itself from its low of ~27,200 pts in March to end the year at ~43,800 pts; which reflected the rebound in confidence of market participants post the COVID-19 crash. Business reopening after lockdown, expected better corporate results and improved economic indicators in 2021 are anticipated to further push the index upward. The Market Risk Department is monitoring the equity position and believes that it has no impact on profit and loss account other than the amounts already provided in the books.

48.1.5 Foreign Exchange Risk

The currency remained largely stable compared to last year, depreciating by a measured ~3.2% to close at 159.83 - as compared to a depreciation of ~11.0% last year. This is mostly attributable to the improvement in the external account position, deferment of debt repayment to G20, and expected inflows with the launch of Roshan Digital Account. The exchange rate is expected to remain stable despite uncertainty around COVID-19. The Holding Company continuously monitors its Net Open Positions and believes that it has no significant impact on profit and loss account.

48.1.6 Operations

The Holding Company invoked required actions to ensure safety and security of staff and an uninterrupted service to our customers. The senior management of the Holding Company is continuously monitoring the situation and is taking timely decisions to resolve any concerns. Business Continuity Plans (BCP) for respective areas are in place and tested. The Holding Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for staff and related risk and control measures were assessed to make sure they are fully protected using Virtual Private Network ("VPN") connections. Further, the Holding Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Holding Company is communicating with its customers on how they can connect with the Holding Company through its full suite of channels including digital and online channels. The Holding Company has taken all measures to ensure that service levels are maintained, customer complaints are resolved as per SLAs and the Holding Company continues to meet the expectations of their clients as they would in a normal scenario.

48.1.7 Capital Adequacy Ratio

During the year, to provide more headways for banks to focus on responding to the COVID 19 pandemic, the SBP relaxed the Capital Conversion Buffer (CCB) requirements for the banks to 1.5%, resulting in an overall CAR requirement of 11.5%. Furthermore, the regulatory limit for retail financings has also been increased by SBP to Rs. 180 million, which will now result in reduced Risk Weighted Assets (RWA) for some of its financings in this asset class. In addition to the measures by SBP, the senior management of the Holding Company is continuously monitoring the impacts of various decisions on the Holding Company's CAR and taking further lending decisions based on the overall impacts on RWA. The Holding Company also believes that at present it has sufficient buffer in its CAR requirement to meet any adverse movements in credit, market or operational risks.

48.2 Credit Risk

The Holding Company manages credit risk by effective credit appraisal mechanism, approving and reviewing authorities, limit structures, internal credit risk rating system, collateral management and post disbursement monitoring so as to ensure prudent financing activities and sound financing portfolio under the umbrella of a comprehensive Credit Policy approved by the Board of Directors. Credit Risk has certain sub-categories as follows:

(i) Price risk

There is a risk that the asset repossessed due to default of the customer may be sold or leased out to another party at a price lower than the original contract price.

48.3 Market Risk

Market risk is defined as the risk of losses in on-and-off balance sheet positions arising from movements in market prices e.g. fluctuations in values in tradable, marketable or leasable assets. The risks relate to the current and future volatility of market values of specific assets and of foreign exchange rates and benchmark yields.

The Holding Company uses various tools and techniques to assess market risk including but not limited to full valuation, stress testing, scenario analysis, VaR. These assessment methods enable the Holding Company to estimate changes in the value of the portfolio, if exposed to various risk factors.

Moreover, since the Holding Company does not deal in interest based products, the impact of the above risks will be very minimal. The Holding Company does not have positions or forward exchange contracts giving mismatches of maturity unless such risks have been taken care of through some other mechanism.

The VaR reports are complemented by various other position and sensitivity limit structures, including stress, sensitivity, gap and scenario analysis. The capital charge for market risk has been calculated by using Standardized Approach.

48.3.2 Foreign Exchange Risk

Currency risk is the risk of loss arising from the fluctuations of exchange rates.

In the normal course of conducting commercial banking business, which ranges from intermediation only to taking on principal risk as dealer or as counterparty, the Holding Company purchases or sells currencies in today / ready and gives or receives unilateral promises for sale or purchase of FX at future dates in a long or short position in different currency pairs. These positions expose the Holding Company to foreign exchange risk. To control this risk, the Holding Company primarily uses notional principal limits at various levels to control the open position, and ultimately the residual foreign exchange risk of the Holding Company. The Holding Company also strictly adheres to all associated regulatory limits.

Following is the summary of the assets of the Holding Company subject to foreign exchange risk.

48.4 Operational Risk

Operational Risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external / internal events. The risk is different from the others, since it has a greater level of uncertainty and may be termed as a little difficult to measure. The Holding Company believes that prudence should be lived and breathed through the organizational culture.

At a more formal level, the Holding Company has strengthened its risk management framework by developing policies, guidelines and manuals. Operational and other risk assessment tool e.g. Risk Control and Self Assessment (RCSA) is being effectively used to assess, mitigate and monitor possible risk that may arise in any of the Holding Company's financial product or department. Operational Loss Database (OLD) records all the internal / external potential operational losses which helps the management understand the causes and impact of these risks.

48.4.1 Operational Risk-Disclosures Basel II Specific

The Holding Company uses Basic Indicator Approach (BIA) for assessing the capital charge for operational risk. Under BIA the capital charge is calculated by multiplying average annual gross income of the Holding Company over the past three years with 15% as per guidelines issued by State Bank of Pakistan.

To reduce losses arising from operational risk, the Holding Company has strengthened its risk management framework by developing strategies, policies, guidelines and manuals. It also includes risk and control self-assessment, key risk indicator, loss data management, improving efficiency and effectiveness of operations and improving quality of human resource through training and mitigation of operational risk.

48.5 Liquidity Risk

Liquidity risk is the potential loss to the Holding Company arising from its inability either to meet its obligations (financial) or to fund increases in assets as they fall due without incurring unacceptable costs or losses.

BankIslami Pakistan Limited's liquidity at various levels (day to day, short term, long term) is managed by the Treasury along with the Asset and Liability Management Committee (ALCO), which is one of the most important management level committees. Its role cannot be overemphasized here, it serves as a part of the critical trio with risk management and treasury department, monitoring and maintaining key liquidity ratios, a viable funding mix, depositor concentration, reviewing contingency plans etc.

Liquidity risk is defined as the potential loss arising from the Holding Company's inability to meet in an orderly way its contractual obligations when due. Liquidity risk arises in the general funding of the Holding Company's activities and in the management of its assets. The Holding Company maintains sufficient liquidity to fund its day-to-day operations, meet customer deposit withdrawals either on demand or at contractual maturity, meet customers' demand for new financings, participate in new investments when opportunities arise, and to meet any other commitments. Hence, liquidity is managed to meet known as well as unanticipated cash funding needs.

Holding Company calculates the Liquidity Coverage Ratio (LCR) on monthly basis as per SBP Basel III Liquidity Standards issued under BPRD circular no 08 dated June 23, 2016. The objective of LCR is to ensure the short-term resilience of the liquidity risk profile of Holding Company which requires Holding Company to maintain sufficient High Quality Liquid Assets (HQLAs) to meet stressed cash outflows over a prospective 30 calendar-days period. As of December 31, 2020, Holding Company's LCR stood at 213.64% against the SBP's minimum requirement of 100%.

The objective of Net Stable Funding Ratio (NSFR) is to reduce funding risk over a longer time horizon by requiring banks to fund their activities with sufficiently stable sources of funding in order to mitigate the risk of future funding stress. Banks are expected to meet the NSFR requirement of at least 100% on an ongoing basis.

Governance of Liquidity risk management

Liquidity and related risks are managed through standardized processes established in the Holding Company. Board and senior management are apprised about liquidity profile of the Holding Company on periodic basis so as to ensure proactive liquidity management and to avoid abrupt shocks. The management of liquidity risk within the Holding Company is undertaken within limits and other policy parameters set by ALCO, which meets monthly and reviews compliance with policy parameters. Day to day monitoring is done by the treasury while overall compliance is monitored and coordinated by the ALCO and includes reviewing the actual and planned strategic growth of the business and its impact on the statement of financial position and monitoring the Holding Company's liquidity profile and associated activities. The Holding Company's treasury function has the primary responsibility for assessing, monitoring and managing the Holding Company's liquidity and funding strategy. Treasury Middle Office being part of Risk management group is responsible for the independent identification, monitoring & analysis of risks inherent in treasury operations. The Holding Company has in place duly approved Treasury investment policy and strategy along with liquidity risk tolerance / appetite levels. These are communicated at various levels so as to ensure effective liquidity management.

Funding Strategy

The Holding Company's prime source of liquidity is the customer's deposit base. Within deposits, Holding Company strives to maintain a healthy core deposit base in form of current and saving deposits and avoid concentration in particular products, tenors and dependence on large fund providers. Further, the Holding Company relies on Interbank placement for stop gap funding arrangements but same is less preferred source of liquidity. Within acceptance, sources of funding are also diversified to minimize concentration. Usually interbank placement is for short term. The Holding Company follows centralized funding strategy so as to ensure achievement of strategic and business objectives of the Holding Company.

Liquidity Risk Mitigation techniques

Various tools and techniques are used to measure and monitor the possible liquidity risk. These include monitoring of different liquidity ratios like cash to deposits, financing to deposit ratio, liquid assets to total deposits, interbank placement to total deposits and large deposits to total deposits which are monitored on daily basis against different triggers levels and communicated to senior management and to ALCO forum regularly. Further, the Holding Company also prepares the maturity profile of assets and liabilities to monitor the liquidity gaps over different time buckets. For maturity analysis, behavioral study techniques are also used to determine the behavior of non-contractual assets and liabilities based on historic data and statistical techniques. The Holding Company also ensures to maintain statutory cash and liquidity requirements all times.

Liquidity Stress Testing

As per SBP BSD Circular No. 1 of 2012, Liquidity stress testing is being conducted under various stress scenarios. Shocks include the withdrawals of deposits and increase in assets, withdrawals of wholesale / large deposits & interbank placement and utilization of undrawn credit lines etc. Results of same are escalated at the senior level so as to enable the senior management to take proactive actions to avoid liquidity crunch for the Holding Company.

Contingency Funding Plan

Contingency Funding Plan (CFP) is a part of liquidity management framework of the bank which identifies the trigger events that could cause a liquidity crisis and describes the actions to be taken to manage the crisis. At the Holding Company, a comprehensive liquidity contingency funding plan is prepared which highlights liquidity management chain that needs to be followed. Responsibilities and crisis management phases are also incorporated in order to tackle the liquidity crisis. Moreover, CFP highlights possible funding sources, in case of a liquidity crisis.

Main drivers of LCR Results

Main drivers of LCR Results are High Quality Liquid Assets and Net cash outflows. Outflows are mainly deposit outflows net of cash inflows which consist of inflows from financing and money market placements up to 1 month. The inputs for calculation of LCR are as prescribed by the regulator.

Composition of High Quality Liquid Assets - HQLA

High Quality Liquid Assets composed of Level-1 Assets which can be included in the stock of liquid assets at 100% of their market value. The Holding Company has taken Cash & treasury balances, Investments in Government of Pakistan backed Sukuks classified as Available for Sale category and foreign currency placements issued by sovereigns. Further, Level 2-A asset category includes investment in corporate sukuk.

Concentration of Funding Sources

Being a commercial bank, it relies on funds provided by depositors. However the Holding Company has been continuously improving upon its ratio of core deposits. Current and Saving accounts consist of 63.52% of total deposits, term deposits are 36.48% and acceptance from SBP and financial institutions is 5.72% of total deposits. Moreover the Holding Company does not rely on top few depositors to meet its funding requirements. This clearly shows that the funding sources for the Holding company are well diversified.

Currency Mismatch in the LCR

Currency mismatch is minimal as FCY deposits are 2.97% of the Holding Company 's total deposits.

48.6 Strategic Risk

Strategic risk arises due to wrong assumptions in strategic decision making or the failure to react correctly to long-term changes in strategic parameters.

The Holding Company follows a deliberate low-risk strategy. Within the general constraints of its niche market the Holding Company is aware of the need of reducing risk. The Holding Company has a well established strategic planning and evaluation process which involves all levels of management and which is subject to regular review.

48.7 Systemic Risk

Systemic risk is the risk of a total or partial collapse of the financial system.

Such a collapse could be due to technical factors or market driven (psychological reasons).

Systemic risk is reduced by the activities of both national and international regulatory authorities. The Holding Company actively supports these organizations through its membership of the relevant banking industry association i.e. Pakistan Banks Association ("PBA"). The Bank also takes account of systemic risk by means of careful management of counter party risks in the inter-bank market.

48.8 Shariah Non-compliance Risk

Shariah non-compliance risk is the risk that arises from an Islamic bank's failure to comply with the Shariah rules and principles prescribed by the State Bank of Pakistan and / or the Shariah Board of the Holding Company. It remains the most important operational risk for an Islamic bank. Compliance of Shariah guidelines must permeate throughout the organisation and its adherence should be reflected in the products and activities.

48.9 Shariah compliant forward and future contracts

Shariah compliant forward and future contracts are recognized at fair value. In case of equity futures, the fair value is calculated with reference to quoted market price. Shariah compliant forward and future contracts with positive market values (i.e. unrealized gains) are included in other receivables and derivatives with negative market values (i.e. unrealized losses) are included in other liabilities in the statement of financial position. The resultant gains and losses are taken to the profit and loss account.

6- SECP Notification SRO No. 470 (1) / 2016 dated 31-05-2016 کے تحت دی اجازت کے تحت بینک نے 31 دسمبر، 2020 کو ختم ہونے والے سال کیلئے سالانہ آڈٹ شدہ مالیاتی گوشوارے، آڈیٹر رپورٹ، ڈائریکٹر جائزہ رپورٹ وغیرہ (سالانہ رپورٹ) شیئرز ہولڈرز کو الیکٹرانک ذرائع یعنی ڈی وی ڈی / سی ڈی کے ذریعے ان کے رجسٹرڈ پتہ پر ارسال کر دی ہے۔ تاہم ایک شیئرز ہولڈر ڈی وی ڈی / سی ڈی کی بجائے پرنٹڈ کاپی کے حصول کیلئے کمپنی سیکرٹری کو بینک کے رجسٹرڈ آفس واقع 11th فلور، ایگزیکٹو ٹاورز، ڈولن سٹی، میرین ڈرائیو، بلاک چار، کلفٹن پر درخواست ارسال کر سکتا ہے۔ شیئرز ہولڈر کو یہ کاپی مفت میں اس کے پتہ پر ایک ہفتے کے اندر ارسال کر دی جائے گی۔ سالانہ آڈٹ شدہ کھاتوں کی پرنٹڈ کاپیوں کے حصول کیلئے ”شیئمنٹ ریکوسٹ فارم“ بینک کی ویب سائٹ پر رکھ دیا گیا ہے

7- وہ شیئرز ہولڈرز جن کے پاس شیئرز فیزیکل شکل میں موجود ہیں وہ کسی بھی بروکر یا سرمایہ کار کا اکاؤنٹ (انوئسٹر اکاؤنٹ) کے پاس اپنا سی ڈی سی سب اکاؤنٹ کھول سکتے ہیں تاکہ وہ شیئرز کو (سکرپٹ لیس کی شکل میں) منتقل کر سکیں۔ اس عمل سے انہیں بہت سی سہولتیں میسر آئیں گی۔ مثلاً ان کے شیئرز محفوظ ہاتھوں میں ہوں گے اور جب کبھی وہ فروخت کرنا چاہیں تو فروخت کر سکیں گے۔ کیونکہ سٹاک ایکس چینج کے موجودہ قوانین کے مطابق جن شیئرز ہولڈرز کے پاس شیئرز کاغذی شکل میں موجود ہوں گے (اور وہ کسی اکاؤنٹ میں منتقل نہیں ہوں گے) ان کی خرید و فروخت نہیں کی جاسکتی۔ مزید یہ کہ کمپنیز ایکٹ 2017 کے سیکشن 72 یہ واضح کرتا ہے کہ جن تاریخ سے ایس ای سی پی نے اس ایکٹ کا اجرا کیا ہے اس تاریخ سے کوئی بھی کمپنی جو شیئرز کیپٹل کی حامل ہے اسے ان شیئرز کو صرف ’بک انٹری کی شکل میں ہی رکھنا چاہیے۔ لہذا ہر موجودہ کمپنی پر لازم ہے کہ وہ اپنے فیزیکل شیئرز کو بک انٹری کی شکل میں اس طرح منتقل کرے جس طرح ایکٹ میں درج ہے۔ یہ بھی ضروری ہے کہ جن تاریخ میں ایس ای سی پی نے ایکٹ کا اجرا کیا ہے چند سال کے اندر یہ کام مکمل کر لیا

8- کمپنیز ایکٹ 2017 کے سیکشن 242 کے مطابق یہ لازمی ہے کہ نقد میں ادا ہونے والے منافع کو صرف الیکٹرانک طریقہ کار سے براہ راست متعلقہ شیئرز ہولڈرز کے متعین کردہ بینک اکاؤنٹ میں منتقل کیا جائے گا۔ ایس ای سی پی نے اپنے نوٹیفکیشن SRO 1145(1)/2017 کے ذریعے کمپنیز (ڈسٹری بیوشن آف ڈیویڈنڈز) قواعد و ضوابط جاری کئے ہیں کہ تمام حصص یافتگان نقد میں ادا ہونے والے منافع کی الیکٹرانک طریقہ کار سے متعین کردہ بینک اکاؤنٹ میں منتقلی کیلئے اپنے متعلقہ بینک اکاؤنٹ کی تفصیلات فراہم کریں۔

اس ضمن میں بینک نے اپنے لیٹرز کے ذریعے شیئرز ہولڈرز کو فرد اور اخبارات کے ذریعے آگاہ کر دیا ہے کہ تمام حصص یافتگان نقد منافع کو الیکٹرانک طریقہ کار سے حاصل کرنے کیلئے اپنے متعلقہ بینک کا IBAN فراہم کریں۔ اس لئے شیئرز ہولڈرز سے درخواست ہے کہ بینک کی ویب سائٹ www.bankislami.com.pk پر دستیاب بینک کے لیٹرز میں مطلوبہ فیلڈز کو پُر کر کے بینک کے ٹرانسفر ایجنٹ کو بھیجوائیں

(vi) اراکین کو مقدار و معیار کے لحاظ سے حاصل ہونے والے متوقع فوائد ذیلی ادارہ کی فروخت کی تجویز کو اپنے کیپٹل اساس کو مضبوط بنانے میں مدد ملے گی مزید برآں یہ بینک کو دیگر منافع بخش کاروبار میں استعمال کیلئے اضافی لیکویڈیٹی فراہم کرے گا مزید برآں، بینک کے شریعہ بورڈ نے بی آئی پی ایل ایس کی فروخت کی تجویز دی ہے کیونکہ بی آئی پی ایل ایس کے محصولات کا بڑا حصہ سیکیورٹیز اور دیگر بروکریج کی سرگرمیوں سے نمٹنے سے حاصل ہونے والی آمدن پر مشتمل ہوتا ہے جو شرعی قوانین کی مطابقت میں نہیں ہے لہذا مذکورہ فروخت بینک کے شریعہ بورڈ کے مشاہدے کو دور کرے گی

بی آئی پی ایل ایس سیکیورٹیز کا ایک ذیلی ادارہ ہے جو سٹرکچرڈ پیپر (پرائیوٹ) لمیٹڈ (ایس وی پی ایل) کے نام سے ہے جس نے فورڈ ویلر (پرائیوٹ) لمیٹڈ (این ڈی ایل) کو 375 ملین روپے کا ایک قرض جائیداد کی خریداری کے خلاف دیا ہے جسے ایک رہائشی سکیم کے طور پر تیار کیا جا رہا ہے۔ ایس وی پی ایل کو عارضی بنگلہ جاری کی لیکن بعد میں اسے منسوخ کر دیا۔ مسٹر عارف علی شاہ بخاری این ڈی پی ایل کا اکثریتی حصہ کا مالک ہے۔ اس لئے ایس وی پی ایل نے این ڈی پی ایل، مسٹر بخاری اور دوسروں کے خلاف مقدمہ نمبر 1087/2015 جو ایک خصوصی کارکردگی، اعلان حکم امتناعی، تقسیم اور ہرجانہ کیلئے سندھ ہائی کورٹ میں درج کرایا۔ اس کے علاوہ ایس وی پی ایل نے نیب میں این ڈی پی ایل کے خلاف ایک فوجداری مقدمہ درج کرایا۔

نیب کے اس مذکورہ بالا مقدمہ اور شکایت کے جواب میں مسٹر بخاری اور این ڈی پی ایل نے بی آئی پی ایل سیکیورٹیز اور دیگر کے خلاف مقدمہ نمبر 714/2018 دائر کیا ہے۔ یہ مقدمہ بنیادی طور پر مذکورہ بالا دیوانی اور فوج داری کارروائیوں کے خلاف منہ توڑ جواب ہے جو ایس وی پی ایل نے این ڈی پی ایل اور مسٹر بخاری کے خلاف دائر کیا ہے۔ مقدمہ نمبر 714/2018 میں من جملہ مذکورہ بالا جائیداد کی فروخت کو منسوخ کرنا اور 275 ملین روپے کی رقم، 4.355 ملین روپے کا خصوصی ہرجانہ سمیت چار ملین روپے کا عمومی ہرجانہ کی واپسی سے متعلق ہے۔ بعد میں مسٹر بخاری نے بی آئی پی ایل اور پاکستان سٹاک ایکس چینج کے خلاف مقدمہ نمبر 1829/2019 دائر کیا جس میں ان پر الزام لگایا گیا کہ بی آئی پی ایل نے اپنی مالیاتی گوشواروں میں مقدمہ نمبر 714 کو ایک ہنگامی ادائیگی کی حیثیت سے ظاہر نہیں کیا۔ جو کہ آئی اے ایس 37 کی شرائط کے مطابق لازمی ہیں۔ مقدمہ نمبر 1829 میں معزز عدالت نے 24 فروری، 2020 کو حکم صادر کیا کہ بی آئی پی ایل کو متعلقہ قوانین کی تمام تقاضوں کی پابندی کرنی چاہیے۔ مزید برآں معزز عدالت نے 2 مارچ، 2021 کو حکم جاری کیا کہ بی آئی پی ایل ایس کے حصص کی فروخت کے معاملہ کو بینک اسلامی پاکستان لمیٹڈ کے بورڈ آف گورنرز اور اے جی ایم کے اجلاس میں رکھنا چاہیے تاکہ مقدمہ 1829 از مقدمہ 714 بورڈ آف ڈائریکٹر کے اجلاس میں دوبارہ زیر التوا کو ظاہر کرنے کے مشروط ہے لہذا یہ دوبارہ ظاہر کیا جا رہا ہے۔

نوٹس

- 1- اراکین کا رجسٹر 24 مارچ، 2021 سے 30 مارچ، 2021 تک (بشمول دونوں ایام) بند رہے گا۔
