Auto Finance

Auto Finance

Concept of Diminishing Musharakah:

Diminishing Musharakah is generally offered on the basis of Shirkat-ul-Milk. Following are the three legs of a Diminishing Musharakah transaction:

1. Shirkat-ul-Milk (Partnership): In the first leg, the Bank and Customer jointly purchase an asset and become co-owners that establishes their joint ownership in that asset.
2. Ijarah (Lease): The Bank rents out its share in the asset for use to the Customer against agreed rentals.
3. Sale of ownership share: The Bank, from time to time, sells its ownership share in the asset to the Customer. Over the period, the Customer's share in the asset increases and accordingly the Bank's share decreases. Upon purchase of entire Bank's share, the Customer becomes the sole owner of the asset.

Auto Finance facility is based on the principle of Diminishing Musharakah under Shirkat-ul-Milk arrangement which enables you to purchase any Brand New, Used or Reconditioned car of your choice.

Key Features:

- Tenure for Auto Financing is 1 to 5 years (for up to 1000cc engine capacity) & 1 to 3 years (for above 1000cc engine capacity)
- Minimum Customer equity is 30% and Maximum is 90%.
- Age of Used Vehicle to be 9 years at the time of financing and 12 years at the time of Maturity
- Advance Tax/ Withholding Tax (WHT) to be borne by BankIslami
- No upfront Registration charges
- No upfront Takaful (Islamic Insurance) charges
- No upfront Tracker charges
- No rental payment till the delivery of vehicle
- Fastest Approval process (Terms & Conditions Apply)

Financing Rates:

Salaried Employees & Self Employed Professionals (SEP's)	6 months KIBOR + 4% on New, Used or Locally manufactured Vehicles (Increase of 0.5% for every deviation) [Rate to be revised at every 6 months of financing]
Businessmen	6 months KIBOR + 5% on New, Used or Locally manufactured Vehicles (Increase of 0.5% for every deviation) [Rate to be revised at every 6 months of financing]
Lien on TDR	6 months KIBOR + 2% on New & Used Vehicles
BIPL Employees	6 months KIBOR + 2% on New & Used Vehicles

Gold Based Financing

Gold Based Financing:

Introduction

Many Customers require short-term financing facility to meet their monetary requirements. Gold Based Financing product will give Customers the flexibility of utilizing their approved finance limit availed against gold as a collateral/security to fulfill their short-term Shariah Compliant monetary obligations.

This financing facility is offered to Consumers (Individuals) only for his/her dire Shariah Compliant financial needs, including but not limited to expenses related to marriage, education, medical, paying off Riba based Loans, and any other dire need with prior approval from the Shariah board.

Product Structure:

The Gold Based Financing Product is structured on Tawarruq, wherein Shariah-compliant Mutual Fund Units (MFUs) shall serve as the underlying asset. Under this structure, BankIslami will assign financing limits to the Customer after obtaining the required documentation and approvals, and subsequently facilitate the opening of the Customer’s account with the relevant Asset Management Company (AMC). BankIslami will appoint the Customer as its agent through an Agency Agreement, authorizing the Customer to purchase MFUs on spot basis from a particular fund of an AMC, on behalf of the Bank.

BankIslami will transfer the purchase price directly into a designated AMC account. Once the MFUs are credited to the Customer’s account, the risk of MFUs will be transferred to the BankIslami. Then BankIslami will sell the MFUs to the Customer on a deferred basis through execution of a Musawamah Sale Contract. To generate required liquidity, the Customer shall redeem/sell that MFUs to the fund of the AMC on spot payment basis through the redemption form.

Feature	Details
Financing Limit	Minimum: PKR 250,000 Maximum: PKR 5,000,000
Tenure	01 to 04 Years

- **Valuation Certificate:** Signed by Evaluator, Customer, and CSM.

Corporate Commercial and SME Financing Product

Working Capital Financing Products:

BankIslami offers following financing facilities for working capital Financing

1. Running Musharakah:

Running Musharakah is a Shariah compliant alternative of the conventional Running Finance facility. Running Musharakah is offered on the basis of Shirkat-ul-Aqd in which the Bank becomes a partner in the business operations of the Customer on Profit and loss sharing basis.

Following are some key features of Running Musharakah:

- The Bank becomes a partner in the core business operations of the Customer.
- The funds provided by the Bank to the Customer are an investment of Bank in the business of the Customer. The funds paid back by the Customer to the Bank reflect a decrease of Bank's investment share in the business of Customer along with withdrawal of provisional Profit.
- The Profit-sharing ratio is normally set according to the respective ratios of investment.
- Upon availability of the audited financial accounts of the Customer, the Profit and loss calculations of the Running Musharakah are finalized and provisional Profits are adjusted accordingly.
- In case of loss in Musharakah, loss is shared as per the investment ratio.

2. Murabahah:

Murabahah is a sale transaction in which the seller discloses the cost of goods to the buyer.

Application of Murabahah:

- BankIslami offers financing based on Murabahah in cases where the Customers require funds to purchase goods, that can be raw material or finished goods.
- In the first leg of Murabahah financing transaction, the BankIslami purchases the goods from market. Upon receipt of ownership/possession of goods, the BankIslami sells the goods to the Customer at a mutually agreed Profit.

3. Tijarah Financing:

In certain cases, Customers have finished goods available with them for onward sale in the market on a credit basis. If such Customers require financing, BankIslami purchases the finished goods from them at a discount on cash basis. BankIslami then appoints the Customer as its agent to sell the goods in the market at a Profit. This way of providing financing facility to Customers is generally termed as 'Tijarah financing.'

Application of Tijarah:

Tijarah Financing is offered in cases where the Customer has finished goods available for onwards sale and requires liquidity to meet the running expenses of its business.

5. Istisna Financing:

Istisna is a sale transaction in which the subject matter is an asset that requires manufacturing. Generally, the buyer gives an order to the seller and the seller manufactures the asset keeping in view the buyer's requirements. The payment terms can be mutually agreed to be advance, cash, credit or on instalment basis. The asset is manufactured and delivered to the buyer at a later date. In Istisna as well, even though the general rules of a sale transaction (i.e., the existence of asset and the asset being in ownership/possession of the seller) are not met at the time of entering into Istisna contract, it is permissible in Shariah, subject to certain conditions.

Application Of Istisna:

Financing is offered under Istisna in cases where the Customer can manufacture/deliver certain assets (which fulfill Istisna conditions) to the Bank on a future date and requires liquidity to meet the running expenses of its business.

Long Term Financing Products:

BankIslami offers following financing facilities for long term Financing.

6. Ijarah:

Ijarah means rental/lease arrangement i.e., to give something for use against rentals. In Ijarah, the person renting out (lessor) remains the owner of the asset, whereas, the other person (lessee) uses the asset. The ownership related risks and expenses remain responsibility of the lessor whereas the usage related expenses are borne by the lessee.

Application Of Ijarah:

Ijarah is a commonly used mode for long-term financing, fleet financing, plant and machinery acquisition financing, etc. may be offered on Ijarah basis by BankIslami.

7. Diminishing Musharakah:

Diminishing Musharakah is generally offered on the basis of Shirkat-ul-Milk. Following are the three legs of a Diminishing Musharakah transaction.

Shirkat-ul-Milk (Partnership): In the first leg, the Bank and Customer jointly purchase an asset and become co-owners that establishes their joint ownership in that asset.

Ijarah (Lease): The Bank rents out its share in the asset for use to the Customer against agreed rentals.

Sale of ownership share: The Bank, from time to time, sells its ownership share in the asset to the Customer. Over the period, the Customer's share in the asset increases and accordingly the Bank's share decreases. Upon purchase of entire Bank's share, the Customer becomes the sole owner of the asset.

Application of Diminishing Musharakah:

Diminishing Musharakah is widely used as a mode for long term financing to fulfill different needs of the Customers such as house financing, auto financing, project financing, acquisition of capital assets, etc.

BankIslami Karobar Finance

Flexible Long-Term Solutions for Your Growing Business

Overview: A dedicated Shariah-compliant financing solution designed to provide Permanent Working Capital support to SMEs. Utilizing the Diminishing Musharakah (Sale and Lease Back) model, this program helps businesses generate the liquidity needed for day-to-day operations.

Key Features:

Financing Limits:

- Small Enterprises (SE): Up to PKR 50 Million.
- Medium Enterprises (ME): Up to PKR 100 Million.
- Higher Limits: Option for approvals up to PKR 200 Million against cash-backed securities.
- Flexible Long-Term Tenor: Financing available for a maximum of 5 years.
- Repayment Convenience: Installments can be structured as monthly or quarterly to align with your business cash flows.
- Quick Processing: Targeted approval Turnaround Time (TAT) of 10 days for Small Enterprises and 15 days for Medium Enterprises.
- Grace Period: Option for a grace period on the financing amount portion.
- Competitive Pricing: Profit rates based on KIBOR plus a minimum spread of 400 basis points.

Eligibility Criteria:

- Target Market: Small and Medium Enterprises across Pakistan with net annual sales up to PKR 800 Million.
- Eligible Sectors: Manufacturing, Trading, and Services (including IT, Audit firms, and Logistics).
- Experience: Sponsors should have a minimum of 3 years managing the business in their particular line of business.
- Age Limit: Owners/Sponsors should be between 23 and 65 years of age at the time of finance maturity.

Security & Collateral:

- Acceptable collateral includes Commercial, Residential, or Industrial property in major cities.
- Hypothecation (HPA) over vehicles is also available as a security option, with a maximum financing of PKR 10 Million per vehicle.

BankIslami Hotel Finance

Empowering the Growth of Pakistan's Tourism & Hospitality Sector

Overview: A specialized Shariah-compliant financing initiative designed to facilitate the renovation, expansion, and development of hotels and resorts. This program aims to support SME growth in the hospitality industry, particularly within Pakistan's high-potential northern regions.

Key Features:

Flexible Financing Limits:

- Minimum Finance: PKR 5 Million.
- Maximum Finance: Up to PKR 100 Million.

Targeted Hotel Categories:

- Tier 1: Budgeted Hotels (2 Stars) with up to 20 rooms.
- Tier 2: Mid-range Hotels (3 Stars) with 20-50 rooms.
- Dedicated Purpose: Funds specifically for BMR (Balancing, Modernization, and Replacement), CAPEX, expansion, or renovation of existing hotel properties.
- Shariah-Compliant Modes: Primarily offered through Diminishing Musharakah (DM) or Sale and Lease Back (DMSLB).
- Convenient Tenor: Maximum repayment period of up to 5 years.

Customized Repayment Options:

- Option 1: Payments structured for seasonal hotels.
- Option 2: Monthly payments for hotels operating year-round

Eligibility Criteria:

- Target Locations: Hotels located in Swat, Naran/Kaghan Valley, Kumrat Valley, Murree/Galiyat, and Gilgit-Baltistan (Skardu, Hunza, Chitral).
- Operational History: Minimum of 3 years in operations.
- Performance: A recommended occupancy ratio of approximately 50%.
- Ownership: Open to owners of hotel properties; rental or lease arrangements do not qualify.
- Sponsor Age: Between 23 and 60 years at the time of request (up to 65 at maturity).

Security & Collateral:

- Direct Security: Minimum 30% Customer contribution in the DM asset.
- Collateral Types: Mortgage over Commercial or Residential properties.
- Vehicle Option: For renovations up to PKR 10 Million, hypothecation of a vehicle (HPA) may be considered.

Digital Supply Chain Financing

Instant Liquidity and Seamless Integration for Your Supply Chain

Overview: A Shariah-compliant digital solution designed to provide instant working capital to small and medium-sized Suppliers and Dealers. By leveraging a cutting-edge Fintech platform, BankIslami facilitates real-time financing transactions that strengthen the link between Corporate Anchors and their SME partners.

Key Features:

- Fintech Platform Integration: Suppliers and Corporate Anchors are on-boarded onto a dedicated digital platform for end-to-end transaction management.
- Rapid Processing: Offers a streamlined digital workflow where the Bank can review and accept offers to sell within just 60 minutes of receiving inventory verification.
- Automated Documentation: The system automatically generates Asset Delivery Notes (ADN), Delivery Orders (DO), and Sale Receipt Ownership certificates.
- Digital Asset Verification: Utilizes geotagged photographs and system-generated inventory reports to ensure the existence and possession of goods.
- Financing Range: Exposure per party typically ranges from PKR 500,000 to PKR 50,000,000.
- Short-Term Liquidity: Maximum tenure of financing is 180 days, perfectly suited for cycle-based working capital needs.
- Preferred Shariah Mode: Primarily based on Tijarah (trade-based financing), with options for Murabahah or Istisna.
- Competitive Pricing: Typically based on relevant KIBOR + 250 basis points, with potential discounts based on the vendor's profile.
- Anchor Requirements: Entities with strong reputations and stable financial standings, primarily in sectors such as FMCG, Food & Personal Care, Building Materials, Technology, and Chemicals.

Eligibility Criteria:

- Self-cultivator - Must be owner of Agriculture Land / business.
- Permanent Resident of the Area.
- Clean Credit History (eCIB of applicant, co-applicant and Guarantors)
- Recommended by Mills / Processing Unit, etc. (where required)

Security & Collateral:

- Agri. Land
- Urban / Commercial Property
- Liquid security (Shariah Compliant)

Zarkhez-e (Asaan Digital Zarai Qarza)

Technology-driven end-to-end digital financing for small farmers

Overview:

Zarkhez-e is a groundbreaking initiative aimed at promoting collateral-free digital financing for subsistence farmers across Pakistan. Branded with the slogan "Asaan Digital Zarai Qarza," it utilizes a centralized digital portal and the Land Information Management System (LIMS) to provide quick access to quality agricultural inputs like seeds, fertilizers, and pesticides, thereby raising yields and supporting rural uplift.

Key Features:

- Entirely branchless application process through a centralized online portal / mobile app.
- To ensure high-quality inputs, at least 75% of the financing is disbursed in-kind at reputable on-boarded merchants.
- Up to 25% for landowners and 15% for tenants can be disbursed in cash to meet supplementary farming expenses.
- Financing available for up to 12 months with repayment of principal and Profit at the end of the term.
- Includes mandatory Crop Loan Insurance (CLIS) for major crops and life insurance matching the loan amount.
- Includes Agri-advisory services to enhance crop productivity and sustainable practices.
- 6-Month KIBOR + 6% Profit Rate.

Eligibility Criteria:

- Resident subsistence farmers and tenants holding valid CNICs and mobile SIMs registered in their own names.
- Landholding Limits:
 - Punjab & KPK: Up to 12.5 acres.
 - Sindh: Up to 16 acres.
 - Balochistan: Up to 32 acres.
- Between 21 and 60 years.
- Subject to NADRA Verisys, PMD verification, and acceptable credit history through eCIB or private bureaus.

Security & Collateral:

- No tangible collateral or land mortgage is required for subsistence-level financing.
- The Government of Pakistan provides 10% first-loss portfolio coverage to Banks under the Risk Coverage Scheme for Small Farmers.
- A one-time digital processing fee of Rs. 1,200/- to cover NADRA, LIMS, and other verification costs.

Prime Minister's Youth Business & Agriculture Financing Scheme (PMYB&ALS)

Empowering Youth through Accessible and Purposeful Financing
